

REQUIRED FORMS LIST

Each respondent shall return the required information forms as attached:

- Proposal Bond
- Local Preference Form
- Qualifications Statement
- Co-operative Procurement with Other Jurisdictions
- Form 3A- Interest in Competitive Bid for Public Business
- Indemnification/Hold Harmless
- FDEP & U.S. EPA Construction Notices of Intent (NOI)
- Statement of References for Contractor
- Contractor's Statement of Sub-contractors
- Drug Free Workplace Certification
- Non-Collusive Affidavit
- Public Entity Crime Information
- N/A ○ Statement of "No Bid" (if applicable)
- Bid Submittal Form

All required forms are included in this package. All forms must be filled out and returned with the firm's proposal.

Failure to do so will result in the firm being considered non-responsive and their proposal will be disallowed.

PROPOSAL BOND

Executed in 2 Counterparts

**Not to be completed if a certified check is submitted.*

KNOW ALL MEN BY THESE PRESENTS: That we, the undersigned,

TLC Diversified, Inc. as Principal,

and Westfield Insurance Company as Surety

are held and firmly bound unto the City of Venice, Florida, in the sum of

Five Percent \$ 5%, for the payment of which, well and truly to be made, we hereby jointly and severally bind ourselves, our heirs, executors, administrators, successors and assigns.

The condition of the above obligation is such that if the attached Proposal of Principal and Surety for work specified as:

Eastside WRF Reclaimed Water Filtration Project

all as stipulated in said Proposal, by doing all work incidental thereto, in accordance with the plans and specifications provided heretofore, all within Sarasota County, is accepted and the bidder shall within ten (10) days after notice of said award, enter into a contract, in writing, and furnish the required Performance Bond with surety or sureties to be approved by the Director of Purchasing, this obligation shall be void; otherwise the same shall be in full force and virtue by law and the full amount of this Proposal Bond will be paid to the City as stipulated or liquidated damages.

Signed this 9th day of May, 2014.

TLC Diversified, Inc.

Westfield Insurance Company

X 

Principal
Thurston Lamberson/President

Know All Men by These Presents, That WESTFIELD INSURANCE COMPANY, WESTFIELD NATIONAL INSURANCE COMPANY and OHIO FARMERS INSURANCE COMPANY, corporations, hereinafter referred to individually as a "Company" and collectively as "Companies," duly organized and existing under the laws of the State of Ohio, and having its principal office in Westfield Center, Medina County, Ohio, do by these presents make, constitute and appoint
DON BRAMLAGE, JEFFREY W. REICH, LESLIE M. DONAHUE, SUSAN L. REICH, PATRICIA L. SLAUGHTER, GLORIA A. RICHARDS, TERESA L. DURHAM, CHERYL FOLEY, LISA ROSELAND, JOINTLY OR SEVERALLY

of MAITLAND and State of FL its true and lawful Attorney(s)-in-Fact, with full power and authority hereby conferred in its name, place and stead, to execute, acknowledge and deliver any and all bonds, recognizances, undertakings, or other instruments or contracts of suretyship.

LIMITATION: THIS POWER OF ATTORNEY CANNOT BE USED TO EXECUTE NOTE GUARANTEE, MORTGAGE DEFICIENCY, MORTGAGE GUARANTEE, OR BANK DEPOSITORY BONDS.

and to bind any of the Companies thereby as fully and to the same extent as if such bonds were signed by the President, sealed with the corporate seal of the applicable Company and duly attested by its Secretary, hereby ratifying and confirming all that the said Attorney(s)-in-Fact may do in the premises. Said appointment is made under and by authority of the following resolution adopted by the Board of Directors of each of the WESTFIELD INSURANCE COMPANY, WESTFIELD NATIONAL INSURANCE COMPANY and OHIO FARMERS INSURANCE COMPANY:

"Be It Resolved, that the President, any Senior Executive, any Secretary or any Fidelity & Surety Operations Executive or other Executive shall be and is hereby vested with full power and authority to appoint any one or more suitable persons as Attorney(s)-in-Fact to represent and act for and on behalf of the Company subject to the following provisions:

The Attorney-in-Fact may be given full power and authority for and in the name of and on behalf of the Company, to execute, acknowledge and deliver, any and all bonds, recognizances, contracts, agreements of indemnity and other conditional or obligatory undertakings and any and all notices and documents canceling or terminating the Company's liability thereunder, and any such instruments so executed by any such Attorney-in-Fact shall be as binding upon the Company as if signed by the President and sealed and attested by the Corporate Secretary."

"Be It Further Resolved, that the signature of any such designated person and the seal of the Company heretofore or hereafter affixed to any power of attorney or any certificate relating thereto by facsimile, and any power of attorney or certificate bearing facsimile signatures or facsimile seal shall be valid and binding upon the Company with respect to any bond or undertaking to which it is attached." (Each adopted at a meeting held on February 8, 2000).

In Witness Whereof, WESTFIELD INSURANCE COMPANY, WESTFIELD NATIONAL INSURANCE COMPANY and OHIO FARMERS INSURANCE COMPANY have caused these presents to be signed by their National Surety Leader and Senior Executive and their corporate seals to be hereto affixed this 04th day of JANUARY A.D., 2013.

HOW DO I DETERMINE "LOCAL PREFERENCE"

The following questions will help you determine local preference for your company.

Please answer questions 1 through 4 **FIRST**. If you answer **NO** to any questions 1 through 4, local preference does **NOT** apply.

ONLY if you answer **YES** to questions 1 through 4, may you proceed to question 5.

If you answer **YES** to any questions 5 through 7, local preference applies.

If you are unsure of how to answer any questions, please contact the City of Venice's Purchasing Department at 941-486-2626.

Questions 1 – 4

1. Have you paid a local business tax either to Sarasota, DeSoto or Charlotte County (Manatee County does not have a local business tax) authorizing your company to provide goods or services described in this solicitation ?

YES X If "yes", proceed to question 2.

NO If "no", **STOP, local preference does not apply.**

* If the name on the local business tax receipt is not the same as the name on the bid/solicitation submittal, local preference does not apply.

2. Does your company maintain a permanent physical business address located within the limits of Sarasota, Manatee, DeSoto or Charlotte County ?

YES X If "yes", proceed to question 3.

NO If "no", **STOP, local preference does not apply.**

3. Does your local business office (identified in question 2) have a least one full time employee ?

YES X If "yes", proceed to question 4.

NO If "no", **STOP, local preference does not apply.**

4. Do at least fifty percent (50%) of your company employees who are based in the local business location (identified in question 2) reside within Sarasota, Manatee, DeSoto or Charlotte County ?

YES X If "yes", proceed to question 5.

NO If no, **STOP, local preference does not apply.**

Questions 5 – 7

5. Is your local business office (identified in question 2) the primary location (headquarters) of your company ?

YES X If "yes", **STOP, local preference applies.**

NO If "no", proceed to question 6.

THIS PAGE MUST BE COMPLETED & SUBMITTED WITH OFFER

6. If the local business office (identified in question 2) is not the primary location of your company, are at least ten percent (10%) of your company's entire full-time employees based at the local office location ?

YES ☐ If "yes", **STOP, local preference applies**

NO ☐ If "no", proceed to question 7

7. If your local business office is not the primary location of your company, does at least one corporate officer, managing partner or principal owner of the company reside in Sarasota, Manatee, DeSoto or Charlotte County ?

YES ☐ If "yes", **STOP, local preference applies**

NO ☐ If "no", local preference does not apply.

THIS PAGE MUST BE COMPLETED & SUBMITTED WITH OFFER

CITY OF VENICE, FLORIDA
FDEP & U.S. EPA CONSTRUCTION NOTICES OF INTENT (NOI)

The undersigned bidder acknowledges the requirement of the U.S. Environmental Protection Agency (EPA) and the Florida Department of Environmental Protection (FDEP) which have published the rules for NPDES General Permits for stormwater discharges from construction sites and said bidder agrees to assist the owner in the preparation of these permits and associated plans. The bidder acknowledges that he has taken these permits and associated construction costs into account in the preparation of his lump sum bid. These permits are mandated under Section 402(p) of the Clean Water Act for "Stormwater Discharge from Construction Activities (including clearing, grading, and excavation activities) that result in the disturbance of five (5) or more acres total land area, including areas that are part of a larger common plan of development or sale." The EPA has published summary guidance for: "Developing Prevention Plans and Best Management Practices" (EPA 833-R-92-001, October 1992).

The EPA permit format is a *Notice of Intent (NOI) for Stormwater Discharges Associated with Construction Activity to be covered under a NPDES Permit*, and it is to be submitted according to the NOI instructions. The Stormwater Pollution Prevention Plan which must accompany the NOI must be signed by authorized representatives of the contractor and subcontractors as well as the facility Owner. Copies of the EPA NOI must be provided to state and local agencies who have issued stormwater management, grading, or land alteration permits or approvals.

An NOI must also be submitted to the Florida Department of Environmental Protection, NPDES Stormwater Notices Center, MS 2510, 2600 Blair Stone Road, Tallahassee, FL 32399. FDEP forms may be downloaded from the State's web site <http://www.dep.state.fl.us/water/stormwater/npdes/> or phone 850-921-9870 if you have questions.

Acceptance of the bid to which this certification and disclosure applies in no way represents the Owner or its Representative has evaluated and thereby determined that the information is adequate to comply with the applicable U.S. EPA or FDEP requirements nor does it in any way relieve the contractor of its sole responsibility to comply with the applicable U.S. EPA and FDEP requirements, including inspection of all control measures at least once each week and following any storm (rainfall) event of 0.5 inches or greater and maintaining reports of each inspection.

ORDINANCE 95-12

AN ORDINANCE OF THE CITY OF VENICE, FLORIDA, AMENDING THE CODE OF ORDINANCES BY AMENDING CHAPTER 9, HEALTH AND SANITATION, ARTICLE IV, DISPOSAL OF EXCRETA, SECTION 9-71, DISCHARGE OF RAW SEWAGE INTO STORMWATER; DELETING ARTICLE V, PROHIBITED STORMWATER DISCHARGES; ADDING CHAPTER 19, WATER AND SEWERS, ARTICLE VI, STORMWATER QUALITY; DELETING CHAPTER 15, STREETS AND SIDEWALKS, ARTICLE IV, EXCAVATIONS, SECTION 15-53, STORM DRAINAGE AND POLLUTION; PROVIDING FOR CONFLICT WITH OTHER ORDINANCES; PROVIDING FOR A SEVERABILITY CLAUSE AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, control of stormwater runoff is necessary from individual lots that do not require a permit from the Southwest Florida Water Management District and requiring compliance with the provisions of the Clean Water Act 33 U.S.C.1251 et.seq., as amended by the Water Quality Act of 1987; and

WHEREAS, the City is desirous of complying with its U.S. Environmental Protection Agency National Pollutant Discharge Elimination System Permit and its Stormwater Master Plan, therefore, stormwater runoff and any discharge to the City storm sewer system will be closely monitored and regulated; and

WHEREAS, the control of stormwater runoff is the responsibility of each individual property owner; and

WHEREAS, the City is desirous of controlling stormwater runoff and insuring compliance with the Comprehensive Plan.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF VENICE, FLORIDA:

SECTION 1. Chapter 9, Water and Sewers, Article IV, Disposal of Excreta, Section 9-71, Discharge of Raw Sewage into Storm Sewer, is amended to read as follows:

Sec. 9-71. Discharge of raw sewage into storm sewer.

It shall be unlawful for any person to discharge raw sewage or to discharge the effluent of and from any septic tank into the storm sewer system of the city or to construct or maintain any system of drainage, pipes, conduits or other apparatus whereby raw sewage or the effluent of and from any septic tank shall or may be discharged into or through the storm sewer system of the city.

SECTION 2. Chapter 9, Water and Sewers, Article V, Prohibited Stormwater Discharges, is deleted in its entirety.

SECTION 3. Chapter 19, Water and Sewers, Article VI, Stormwater Quality is added to read as follows:

ARTICLE VI. STORMWATER QUALITY

Sec. 19-141. Definitions.

As used in this article "industrial stormwater" means stormwater runoff from a site with industrial activities, as defined under 40 CFR Section 122.26(a)(14) U.S. Environmental Protection Agency regulation.

As used in this article "construction sites" refers to all sites.

As used in this article, "illicit discharge" is any discharge of anything other than stormwater to the municipal separate storm sewer system (MS4) or the waters of the State of Florida or the United States.

As used in this article "industrial wastewater" refers to liquids used by an entity in their course of business, that if discharged to the MS4, would degrade the quality of stormwater.

Sec. 19-142. Disposal of industrial stormwater discharges.

The following types of discharges to the municipal separate storm sewer of the city must be controlled as indicated.

(1) **Industrial wastewater/illicit discharge:** Industrial wastewater/illicit discharge may not be discharged to the city's municipal separate storm sewer system.

(2) **Industrial stormwater:** As required to comply with NPDES regulations, the quality of industrial stormwater which is discharged through the city's municipal separate storm sewer system may be subject to regulation or permitting, and any violation of such regulation or permit may be subject to an order to immediately cease such discharge.

Sec. 19-143. Runoff stormwater and Best Management Practice (BMPs) for construction sites.

BMPs shall be implemented as necessary, to insure that all discharges from construction activities are in compliance with the City of Venice EPA/NPDES Stormwater Permit and the Stormwater Master Plan, or the SWFWMD Permit or EPA's NPDES Construction Activity General Permit, whichever is most stringent in its requirements.

Best Management Practices include but are not limited to, the following requirements:

- (a) All site grading shall be conducted in such a manner that all stormwater management facilities located adjacent to the site are not altered in any way which will diminish their designated flow or pollutant removal capacity or the shape of the drainage facility.
- (b) Maintenance of vegetative buffers or use of a silt fence and/or staked hay bales which minimize erosion and retain sediment on site, shall be implemented prior to any construction activities taking place at sites which discharge to surface water or the municipal separate storm sewer system (MS4). These controls, when utilized, shall be secured and properly maintained during construction activities until the site has been stabilized with sod and/or seed and mulch. A double silt fence may be required as an additional measure to insure that discharges from the site are in compliance with water quality standards as established by the EPA/NPDES Stormwater Permit. Undisturbed vegetative buffers shall be maintained intact to the maximum extent possible to reduce erosion and the discharge of sediment from stormwater runoff. All areas of exposed soil shall be stabilized within 72 hours of attaining final grade.
- (c) Storm sewer systems (eg. inlets, pipes and ditches, etc.) adjacent to the site must be protected by a silt fence and/or staked hay bales during construction, to keep solids from entering conveyance systems.
- (d) Vehicles such as concrete or dump trucks and other construction equipment shall not be washed at locations where the runoff will flow directly into a lake, wetland, watercourse or stormwater conveyance system. Special areas must be designated for washing vehicles. In all new subdivisions, a wash area may be established by the owner/developer which can be used by the site contractor and home builders. If established, wash areas shall be located where the wash water will spread out and evaporate or infiltrate directly into the ground, or where the runoff can be collected in a temporary holding or seepage basin. Gravel or rock bases are recommended for temporary holding or seepage basins, to minimize mud generation. Underdrains shall be installed where infiltration basins are provided as required by the owner/developer's engineer or the Southwest Florida Water Management District. Upon completion of the project, the wash areas shall be graded and stabilized and any trash or waste shall be collected and disposed of properly.
- (e) Fuel, chemicals, cements, solvents, paints, topsoil, or other potential water pollutants shall be stored in areas where they will not cause runoff pollution. Toxic chemicals and materials, such as pesticides, paints, and acids, must be stored in accordance with manufacturer's guidelines. Groundwater resources shall be protected from leaching by placing a plastic mat, packed clay, tar paper, or other impervious material on any areas where toxic liquids are to be opened and stored.
- (f) A minimum of one permitted driveway must be established prior to construction and shall be used as the only access for ingress/egress during construction in order to provide minimum disturbance of drainage facilities and vegetative cover on site.

Sec. 19-44. Owner responsibility for stormwater runoff.

- (a) The control of stormwater runoff is the responsibility of each individual property owner.
- (b) Any property owner constructing or causing to be constructed any building which requires an elevated slab and the elevation of the building pad is higher than that of adjoining properties, will control stormwater runoff during construction. Likewise, any property that is filled more than twelve inches above the adjacent property must provide additional control measures for stormwater during construction. Upon completion of the work, all stormwater runoff shall flow to its natural preconstruction drainage swale, ditch, etc., or be retained in a retention or detention pond(s) designed and constructed for that purpose.
- (c) For any construction where the elevation of the building pad or site fill will be higher than adjoining properties, construction plans certified by a professional engineer registered with the State of Florida, retained by the property owner, will be provided to the City prior to issuance of a building permit.
- (d) Any single lot not covered under Southwest Florida Water Management District rules, exceeding forty-five percent in impervious coverage (including buildings, drives, sidewalks, patios, etc.) shall require

stormwater retention facilities to be designed by a Florida registered engineer. The design is to meet the City of Venice EPA/NPDES Permit requirements for quantity and quality of treatment.

(e) The property owner's engineer will be required to certify to the City Engineer that construction was completed in accordance with the certified plans, prior to issuance of a Certificate of Occupancy.

(f) All improvements to property affecting stormwater drainage must be done in compliance with the City's Comprehensive Plan.

Sec. 19-145. Illicit discharges.

It shall be unlawful for any person to discharge anything other than stormwater into the city's municipal separate storm sewer system whether such discharges occur through piping connections, runoff, exfiltration, infiltration, seepage, or leaks. No person may maintain, use, or establish any direct or indirect connection to any storm sewer owned by the city that results in any discharge in violation of any provision of federal, state, city, or other law or regulation. This provision is retroactive to January 1, 1995, and applies to connections made prior to the effective date of this provision, regardless of whether made under a permit, or other authorization, or whether permissible under laws or practices applicable or prevailing at the time the connection was made.

No materials other than those composed entirely of stormwater shall be disposed of, dumped, or spilled into the city's municipal separate storm sewer system, whether such materials are in a solid or liquid form.

Sec. 19-146. Inspections.

It shall be the duty of the city engineer or designee to carry out all inspections, surveillance, and monitoring procedures necessary to determine compliance with this article.

SECTION 4. Chapter 15, Streets and Sidewalks, Article IV, Excavations, Section 15-53, Storm Drainage and Pollution, is deleted in its entirety.

SECTION 5. To the extent of any conflict between the provisions of this Ordinance, and any other Ordinance, Resolution, or Agreement of the City of Venice, Florida, the provisions of this Ordinance shall prevail.

SECTION 6. Severability. If for any reason a provision of this Ordinance or the application thereof to any person, group of persons, or circumstances is held invalid, the invalidity shall not effect other provisions or applications of the Ordinance which can be given effect without the invalid provision or application, and to this end the provisions of the Ordinance are severable.

SECTION 7. Effective Date. This Ordinance shall take effect immediately upon its adoption, as required by law.

PASSED BY THE COUNCIL OF THE CITY OF VENICE, FLORIDA, THIS 23RD DAY OF MAY, 1995.

First Reading: May 9, 1995 - Final Reading: May 23, 1995 - ADOPTION: May 23, 1995

ATTEST: /s/LORI STELZER, CMC, CITY CLERK /S/ MERLE L. GRASER, MAYOR

I, LORI STELZER, City Clerk of the City of Venice, Florida, a municipal corporation in Sarasota County, Florida, do hereby certify that the foregoing is a full and complete, true and correct copy of an Ordinance duly adopted by the Venice City Council, at a meeting thereof duly convened and held on the 23rd day of May, 1995, a quorum being present.

WITNESS my hand and the official seal of said City this 24th day of May, 1995.

/S/ LORI STELZER, CMC, CITY CLERK Approved as to form: /S/ ROBERT C. ANDERSON, CITY ATTORNEY

ORDINANCE 96-09

AN ORDINANCE OF THE CITY OF VENICE, FLORIDA, AMENDING THE CODE OF ORDINANCES BY AMENDING CHAPTER 19, WATER AND SEWERS, ARTICLE VI, STORMWATER QUALITY, SECTION 19-141, DEFINITION FOR INDUSTRIAL STORMWATER, SECTION 19-146, INSPECTIONS, PROVIDING FOR CONFLICT WITH OTHER ORDINANCES; PROVIDING FOR A SEVERABILITY CLAUSE AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the City of Venice is responsible for the conservation, management, protection, control, use and enhancement of stormwater within its corporate limits, and for the acquisition, management, maintenance, extension, and improvement of the stormwater systems in the City; and

WHEREAS, the Environmental Protection Agency/National Pollutant Discharge Elimination System (EPA/NPDES) permit requires certain amendments to the existing Ordinance and extension of inspection authority on private properties.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF VENICE, FLORIDA:

SECTION 1. Chapter 19, Water and Sewers, Article VI, Stormwater Quality, Section 19-141, Definition, for Industrial Stormwater is amended to read as follows:

Sec. 19-141. Definitions.

As used in this article, "industrial stormwater" means stormwater runoff from a site with industrial activities, as defined under 40 CFR Section 122.26 (a) (b) (14), U.S. Environmental Protection Agency regulation.

SECTION 2. Chapter 19, Water and Sewers, Article VI, Stormwater Quality, Section 19-146, Inspections, is amended to read as follows:

Sec. 19-146. Inspections.

It shall be the duty of the city engineer or designee to carry out all inspections, surveillance, and monitoring procedures necessary to determine compliance with this article. The city engineer or his duly authorized agents may enter at all reasonable times in or upon any private or public property for the purpose of inspecting and investigating conditions and practices which may be a violation of this ordinance, regulation or permit. The city engineer may, whenever necessary, make an inspection of construction sites to enforce any of the provisions of this ordinance, regulation or permit issued hereunder, or whenever an authorized official has reasonable cause to believe there exists any condition constituting a violation of this ordinance, regulation or permit issued hereunder. The city engineer shall inspect the work and shall require the owner to obtain services to provide adequate on-site inspection. If the city engineer finds that eroded soils are leaving the construction site, the city engineer may direct the owner(s) or his agents or his contractor on the site by written order to install any and all erosion controls that are deemed necessary to prevent said soil erosion from migrating off site. Notwithstanding the existence or pursuit of any other remedy, the City may maintain an action in its own name in any court of competent jurisdiction for an injunction or other process against any person to restrain or prevent violations of this ordinance.

SECTION 3. To the extent of any conflict between the provisions of this Ordinance, and any other Ordinance, Resolution, or Agreement of the City of Venice, Florida, the provisions of this Ordinance shall prevail.

SECTION 4. Severability. If for any reason a provision of this Ordinance or the application thereof to any person, group of persons, or circumstances is held invalid, the invalidity shall not effect other provisions or applications of the Ordinance which can be given effect without the invalid provision or application, and to this end the provisions of the Ordinance are severable.

SECTION 5. Effective Date. This Ordinance shall take effect immediately upon its adoption, as required by law.

PASSED BY THE COUNCIL OF THE CITY OF VENICE, FLORIDA, THIS 26TH DAY OF MARCH, 1996.

First Reading: March 12, 1996 - Final Reading: March 26, 1996 - ADOPTION: March 26, 1996

ATTEST: /s/LORI STELZER, CMC, CITY CLERK /S/ MERLE L. GRASER, MAYOR

I, LORI STELZER, City Clerk of the City of Venice, Florida, a municipal corporation in Sarasota County, Florida, do hereby certify that the foregoing is a full and complete, true and correct copy of an Ordinance duly adopted by the Venice City Council, at a meeting thereof duly convened and held on the

6th day of March, 1996, a quorum being present.

WITNESS my hand and the official seal of said City this 27th day of March, 1996.

/S/ LORI STELZER, CMC, CITY CLERK Approved as to form: /S/ ROBERT C. ANDERSON, CITY ATTORNEY.

DRUG FREE WORKPLACE CERTIFICATION

If identical tie bids exist, preference will be given to the vendor who submits a certification with their bid/proposal certifying they have a drug-free workplace in accordance with Section 287.087, Florida Statutes. The drug-free workplace preference is applied as follows:

IDENTICAL TIE BIDS: Preference shall be given to businesses with drug-free workplace programs. Whenever two or more bids, which are equal with respect to price, quality, and service, are received by the State or by any political subdivision for the procurement of commodities or contractual services, a bid received from a business that certifies that it has implemented a drug-free workplace program shall be given preference in the award process. Established procedures for processing tie bids will be followed if none of the tied vendors have a drug-free workplace program.

As the person authorized to sign this statement, I certify that this firm complies fully with the following requirements:

- 1) This firm publishes a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.
- 2) This firm informs employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.
- 3) This firm gives each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in subsection (1).
- 4) In the statement specified in subsection (1), this firm notifies the employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) days after such conviction.
- 5) This firm imposes a sanction on or requires the satisfactory participation in a drug abuse assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.
- 6) This firm will continue to make a good faith effort to maintain a drug-free workplace through implementation of this section.

ADDENDUM NO. 1

Date: April 24, 2014

To: All Prospective Proposers

Re: ITB# 2985-14: Eastside WRF Reclaimed Water Filtration Project

This addendum sets forth changes and/or information as referenced and is hereby made part of and should be attached to the subject Contract Documents. Receipt of this Addendum shall be acknowledged below and in the submitted proposal. It shall be the responsibility of each proposer, prior to submitting a proposal, to contact the City of Venice- Procurement-Finance Department to determine if addenda were issued and to make such addenda a part of their proposal.

The following is to clarify and provide additional information requested during the pre-bid meeting held April 21, 2014 at 2:00 P.M.

Summary:

Peter Boers, Procurement Manager, opened the meeting by reviewing the next important dates stating that the bids are due May 9th at 2:00 p.m. at City Hall room #204. 5% Bid Security is required and the awarded contractor will be required to provide a Performance and Payment Bond equaling 100% of the contract amount.

Mr. Boers advised the bidders to read through Section 1: *General Conditions & Instructions to Offerors*.

Mr. Boers reviewed Section 2: *Insurance Requirements*.

General Liability -\$1,000,000 per occurrence

Business Auto Liability - \$1,000,000 combined single limit

Worker's Comp per State Statute

Builders' Risk Installation Coverage to be provided prior to Notice to Proceed

Matthew Love, the City's consultant from McKim & Creed, reviewed the scope of work and provided a brief overview of the project.

Mr. Boers advised that the stipulated damages for this project are \$1532 per day, and time to completion is 270 days from NTP

Mr. Boers review the Bid Information page, stating that his contact information was listed there, and that all questions must be submitted in writing (via e-mail is preferable), and that the cut-off for questions was April 30, 2014 at 1:00 PM.

Mr. Boers reviewed the required forms that must be returned with each firm's submittal. These required forms are listed in the Appendix of the bid document. Mr. Boers advised, even if a form does not pertain to said company - to still mark it with a "N/A" and return it with each submittal. Mr. Boers also advised that the *Required Forms List* could be used as a "check off" sheet for firms to use.

Mr. Boers opened the floor for bidder's questions.

Q. Engineer's Estimate

A. \$1.61 Million

Q. Is there federal funding involved? Are there any Davis Bacon or other special funding requirements?

A. No federal funding is involved. The only special funding requirement is that the City will require the Contractor to complete the form included in Section 01700 at the completion of the project.

Q. Is the system integrator sole sourced or can others be added?

A. On page 13400-19, 1.8(d) of the Contract Documents add the following:

2. Revere Control Systems: 2240 Rocky Ridge Road, Birmingham, AL, 35216; (205) 824-0004; www.reverecontrol.com.
3. DCR Engineering Services, Inc.: 502 County Road 640 East, Mulberry, FL, 33860; (863) 428-8080; www.dcreng.com.
4. Commerce Controls Inc.: 41069 Vincent Court, Novi, MI, 48375; (248)476-1442; www.commercecontrols.com.

Q. Does the City have an anticipated start date?

A. The project does not have a specific start date.

Q. Pump Station/Pond Return? How long is the Contractor to bypass the pump station?

A. At this time of year the pumps could run 10-12 hours per day.

Q. What are the flow conditions to determine bypass pumping requirements from the pond return pump station?

A. Bypass pumping flow shall be defined per Sheet M4 of the Contract Drawings.

Q. Are the existing guiderail supports to be reused in the wet well?

A. New 316 SS guiderail supports shall be furnished and installed by the contractor.

Q. Confirm use of 1/2" Kynar carrier pipe with 3" Kynar containment pipe.

A. Chemical feed piping of sodium hypochlorite shall be as specified on page 15050-2, 2.1(A) of the Contract Documents.

- Q. Confirm connection type for Kynar piping.
A. Chemical feed piping of sodium hypochlorite shall be as specified on page 15050-2, 2.1(A) of the Contract Documents.
- Q. Would the owner consider paying for temporary electrical service to run bypass pumps?
A. Yes, it will be acceptable to use electric bypass pumps that tie into the City's electrical service at the return pump station for the return pump station modifications only.
- Q. Is sheeting mentioned in bid item descriptions a matter of site construction, means and methods?
A. Yes.
- Q. There is no tap boss located on the existing 90° bend located at the pond return pump station. The tap for the proposed ARV assembly will be difficult. Is there an alternate location?
A. There is a tee directly adjacent to the 90° bend as shown on Sheet M4 where the tap can be made on the run prior to the flange.

Clarifications:

Page 11313-1, 1.2(B)(1): Remove Fairbank Morse and Add Flowserve.
Page 11313-1, 1.2(B)(4): Remove Hudson Pump and Add Goulds.

The bidders on a site visit. Mr. Boers advised the bidders to coordinate any additional site visits through him at pboers@venicegov.com and not show up unannounced at the Eastside WRF.

The City anticipates that the Reclaimed Water Storage Tank currently under construction at the Eastside WRF will be completed prior to work commencing on this project.

It is likely that one or more other construction contracts will be underway on the project site during the construction period of this project. The bidders are reminded of the requirements of Section 01010, 1.20.

Peter A. Boers

ADDENDUM NO. 2

Date: May 2, 2014

To: All Prospective Proposers

Re: ITB# 2985-14: Eastside WRF Reclaimed Water Filtration Project

This addendum sets forth changes and/or information as referenced and is hereby made part of and should be attached to the subject Contract Documents. Receipt of this Addendum shall be acknowledged below and in the submitted proposal. It shall be the responsibility of each proposer, prior to submitting a proposal, to contact the City of Venice- Procurement- Finance Department to determine if addenda were issued and to make such addenda a part of their proposal.

The following is to clarify and provide additional information requested prior to the cut-off for questions April 30, 2014 at 1:00 P.M.

Q. [The] drawings speak of a Geotech report, is there one available? If not, what is the sub-base under slabs?

A. The Geotechnical Report developed by Ardaman & Associates, Inc. dated 12-2-13 has been provided as an appendix to the specifications.

Q. Some [of the specifications] call out H-Tec ARVs, but have specification language that is not H-Tec. And the specific Wastewater ARVs are called out as Val-Matic.

A. Provide H-Tec air release valves of appropriate size and service as indicated in the drawings and specifications.

Q. Can you clarify the limits of new piping on drawing M4. Does the new piping stop at the note "CONNECT TO EXIST. FLANGED SPOOL" or does it stop at the 8" 90 bend w/ARV?

A. The limits of new piping include the base of the new pumps (x2) up to and including the first 90° bend above the wet well slab.

Q. 01150-3 Measurement and Payment, Bid Item No. 4 - The description calls for a 2-inch reclaimed water supply pipes for spray system, however, the plans call out 1-inch in size. Please clarify.

A. Provide a 2-inch PVC RCW supply pipe from the connection to the existing 2-inch RCW line the new gravity filter.

Q. 01150-3 Measurement and Payment, Bid Item No. 5 - The description of this bid item does not match what is shown on Drawing M5. Please clarify.

A. Remove 01150 Measurement and Payment (1.6)(Bid Item No. 5 – Transfer Pump Station)(A) and replace with the Following:

A. Payment of the applicable lump sum price shall be full compensation for furnishing, but is not limited to, all plant, labor, materials and equipment necessary to provide and install a Lake Filter Effluent Transfer Pump Station, including dewatering; sheeting; excavation; grading; crushed stone base; backfill; sod; precast concrete wet well; concrete pad; 2 vertical turbine pumps; aluminum hatches, stilling well, vent; ductile iron header, 10-inch butterfly valve; 10-inch check valve; air release valve; pipe supports; pressure gauges; level sensor; control panel; variable frequency drives; electrical work; instrumentation and SCADA; and all other appurtenant work related to this lump sum pay item as presented in the Contract Documents.

Q. Please provide specifications for the double contained Kynar pipe and fittings.

A. Provide Kynar PVDF 3-inch containment and ½-inch carrier pipe as shown on the drawings for 12.5% sodium hypochlorite service. Kynar is a registered trademark of Arkema. All information and specifications can be found at www.kynar.com.

Q. 01150-4 Measurement and Payment, Bid Item No. 7 - The description includes a precast valve vault, aluminum hatch, and a sump pump. Where are these items located? Please clarify.

A. Remove from 01150 Measurement and Payment (1.6)(Bid Item No. 7 – Chemical Feed System)(A) precast valve vault, aluminum hatch, and a sump pump.

Q. Please clarify pipe class required for DIP. Pipe schedule on page 15050-2 requires 4-14" to be class 350. DIP spec 15062-2, B, requires class 250 for 14-20". Should 14" DIP be class 250 or 350?

A. Provide pressure class 250 as per specification 15062 Ductile Iron Pipe for all underground 14-inch pipe shown on the drawings.

Q. 15062-2, paragraph 2.1.E, requires EPDM gaskets. 15062-2, paragraph 2.1.J calls for SBR gaskets. Should all gaskets be EPDM?

A. Provide SBR gaskets.

Q. Please clarify primer required for ductile iron pipe. Spec 15062-3, paragraph 2.1.L requires Koppers 621 primer. I do not believe this primer is available. Also, 09900 requires different primers for DI piping. Please advise which section applies.

A. Section 09900 applies. Provide Tnemec Series N140 Pota-Pox-Plus or approved equal.

Q. Please clarify if C153 MJ fittings will be allowed? Pipe schedule on page 15050-2 requires C110 DI fittings. DI spec page 15062-2 allows C153 fittings.

A. ANSI/AWWA C153/A21.53 compact ductile iron fittings are allowed.

Q. Is there a Buy American or a domestic iron & steel requirement on this project?

A. There is not a Buy American or domestic iron & steel requirement.

Q. The bid form allocates bid item #9 for electrical work and instrumentation. However, bid items #3, 4, 5, 6 and 7 also have electrical and instrumentation work per the bid item descriptions indicated in spec section 01150 "Measurement and Payment". It appears there is redundancy. Please clarify how or which bid item(s) will the electrical and instrumentation work will be paid for.

A. Electrical and instrumentation work to be performed in the immediate vicinity of the unit operations associated with bid item numbers 3,4,5,6 and 7 are to be included in those items respectively. Electrical and instrumentation associated with modifications to electrical rooms, MCC, software, duct banks, etc. apart from the individual unit operations assigned to bid item numbers 3,4,5,6 and 7 are to be covered under Bid Item No. 9.

Q. Drawing C2 requires the installation of an 8" temporary plug in the tee at the connection between the existing 8" SPW and 8" RCW lines. Are we to assume that the 8" RCW connection to the 8" SPW line is no longer needed until completion of the new 12" line? Or is temporary piping required to maintain this connection per specification 01100-6 1.12 6.B.

A. The 8-inch SPW connection located at STA 2+36.85 requires a temporary plug in the tee only as shown on the drawings. No additional temporary piping is required to maintain the connection in service during construction of the 12-inch SPW. This connection may remain out of service until the new 12-inch SPW is installed and ready for service.

Q. The existing lake filters need to be removed in order to construct the new filter and pump station. Will the existing filters need to be temporary relocated to maintain service per note 1. Drawing D1.

A. Note 1 on Sheet D1 of the drawings refers to the existing 8" SPW and the connection to the ABW filters. The existing lake filters are not in operation and may be removed to facilitate the work.

Q. Drawing C4 sodium hypochlorite injector detail shows PVC piping valves and injector quill. The pipe schedule specifies Kynar PVDF piping. Do we transition to PVC at this point and could you provide a specification or model number for the injector.

A. Transition to PVC as shown on Sheet C4 of the drawings. Material and size of the injector are specified on the drawing and will be further reviewed during shop drawings. No further information is required.

Q. It is not clear what type of pipe is required/acceptable for the buried site piping. Are we to assume it to be all DIP or is PVC acceptable?

A. All pipe 4-inch in diameter and larger will be ductile iron in accordance with the specifications.

Clarification: The vertical turbine pumps provided under this contract will have a maximum speed of 1800 RPM.

Peter A. Boers
Procurement Department

Acknowledgment is requested even if you have elected not to respond to this bid. A designated management representative of your firm can sign the receipt for this addendum. Please acknowledge receipt of this addendum immediately by fax to (941) 486- 2790 or mail to the above noted address, if a fax is not possible.

SECTION E – BID SUBMITTAL FORM**FLORIDA TRENCH SAFETY ACT****CERTIFICATION AND DISCLOSURE STATEMENT**

The undersigned acknowledges the requirements of the Florida Trench Safety Act (Section 553.60 et. seq. Florida Statutes).

- A. The Bidder further acknowledges that the Florida Trench Safety Act, (the Act) establishes the Federal excavation safety standards set forth at 29 C.F.R. Section 1926.650 Subpart P, as the interim state standard until such time as the state of Florida, through its Department of Labor and Employment Security, or any successor agency, adopts, updates, or revises said interim standard. This State of Florida standard may be supplemented by special shoring requirements established by the State of Florida or any of its political subdivisions.
- B. The Bidder, as Contractor, shall comply with all applicable excavation/trench safety standards.
- C. The contractor shall consider the geotechnical data available from the County, if any, the Contractor's own sources, and all other relevant information in its design of the trench safety system to be employed on the subject Project. The Contractor acknowledges sole responsibilities for the selection of the data on which it relies in designing the safety system, as well as for the system itself.
- D. The amounts that the Bidder has set forth for pipe installation includes the following excavation/trench safety measures and the linear feet of trench excavated under each safety measure. These units, costs, and unit values shall be disclosed solely for the purpose of compliance with procedural requirements of the Act. No adjustment to the Agreement Time or price shall be made for any difference in the actual number of linear feet of trench excavation, except as may be otherwise provided in these Contract Documents.

	Trench Safety Measure (Description)	Units of Measure (LF, SF)	Unit (Quantity)	Unit Cost	Extended Cost
1.	Slope	LF	1,500	\$ 1.00	\$ 1,500
2.				\$	\$
3.				\$	\$
4.				\$	\$
5.				\$	\$

For Information Only, Not for Payment Purposes

\$ 1,500.00

Bidder may use additional sheets as necessary to extend this form. Failure to complete the above may result in the bid being declared non-responsive.

- E. The amount disclosed as the cost of compliance with the applicable trench safety requirements does not constitute the extent of the Contractor's obligation to comply with said standards. The Contractor shall extend additional sums at no additional cost to the County, if necessary, to comply with the Act (except as otherwise be provided).
- F. Acceptance of the bid to which this certification and disclosure applies in no way represents that the County or its representatives has evaluated and thereby determined that the above costs are adequate to comply with the applicable trench safety requirements nor does it in any way relieve the Contractor of its sole responsibility to comply with the applicable trench safety requirements.
