Project Description

This is an effort to provide consistency between the Comprehensive Plan, LDRs, and the zoning map. No development is planned at this time for the subject properties listed and mapped.

The text changes are intended to:

- create consistency among future land use designations and implementing zoning districts
- remove transitional language planned to remain only until the LDRs were updated
- adjust land use percentages in certain neighborhoods due to changing conditions

Proposed Text Amendments

Introduction

- Change Development Services to Planning & Zoning

Land Use Element

- Remove “Planning Areas” and other transitional strategies
- “Special Exception” changing to “Conditional Use”
- Some districts are becoming inactive while others are changing to implement the newly-created mixed use districts
- Change the allocation of open space by type, increasing conservation to 20%

Housing Element

- Including Mixed Use Transitional in the areas available for the attainable housing density bonus

Neighborhood Elements Overall

- Change all neighborhood FLU tables for the city overall and for tables showing neighborhood-specific mixed use composition
- Correct a mapping error affecting two neighborhood tables splitting a PUD across those neighborhoods

Island Neighborhood Element

- The Commercial Business District is being replaced with mixed use zoning districts
- The name of the hospital on the island is being made neutral in the event of future ownership changes

Laurel Road Neighborhood

- Change in language to protect existing neighborhood uses

Knights Trail Neighborhood

- Due to land use changes, connections to mid-Sarasota County, large employers in the area that include Sarasota Memorial Hospital, and easy access to I-75, the needs in this neighborhood are shifting toward a higher mix of residential. The proposal is to change the percentages from a maximum of 50% residential and 50% non-residential to a maximum of 80% residential and 20% non-residential

Northeast Neighborhood Element

- Removal of transitional strategies and Planning Areas

Appendices

- Remove all Planning Area maps

Florida Statutes

Amendment procedure. The procedure for amendment of the Comprehensive Plan shall be by ordinance, in accordance with F.S. §§ 163.3184 and 163.3177, as amended.

These amendments were reviewed for compliance with applicable requirements of Florida Statutes chapter 163.

Comprehensive Plan

The Comprehensive Plan is proposed to be amended to achieve consistency with the new LDC. No development of existing parcels that are part of the amendment process is anticipated at this time. No inconsistencies have been identified with this proposal.

Land Development Code

Section 86-33(5):

This review will be done to determine consistency with the comprehensive plan and other relevant city ordinances, resolutions or agreements, and assess the effect of the proposed amendment upon the financial feasibility of the comprehensive plan. This analysis shall also address the proposed amendment's consistency with the applicable requirements of F.S. ch.163.

Conclusion/Findings of Fact

Staff has provided analysis of the proposed Comprehensive Plan Amendment regarding consistency with the Comprehensive Plan, the Land Development Code (LDC), and other relevant city ordinances, resolutions or agreements. In addition, analysis has been provided by staff regarding compliance with the applicable requirements of Chapter 163 Florida Statutes. The analysis provided should be taken into consideration regarding determination on the proposed Comprehensive Plan Amendment.

Conclusion

Upon review of the petition and associated documents, Florida Statutes, the Comprehensive Plan, Land Development Code, staff report and analysis, and testimony provided during the public hearing, there is sufficient information on the record to take action on Comprehensive Plan Amendment Petition No. 22-22CP.
