I am sending this email in support of 1220 Pinebrook Rd. being designated for County parkland acquisition. Such a designation will benefit the residents of Pinebrook South HOA, the nursing home next door and the Venice community as a whole.

Years ago, the owner proposed 90 apartment units on this site. This proposal was rightfully ultimately rejected by the City Council as being too much for this small parcel of land. Residents expressed traffic safety concerns among other issues. Those of us who attended previous discussions expressed our approval of the land being used differently. This proposal of designation as a park is definitely a usage that merits approval. It is noteworthy that the owner of this property is in support of this recommendation by the Citizens Advisory Board.

I ask for your support of this request. It is a win win for all.
