

The background of the entire image is a photograph of several white, stylized paper figures holding hands in a line. The figures are simple, with round heads and rectangular bodies. The background is a soft, out-of-focus green. On the left side, there is a teal-colored octagonal graphic with a white border. Inside this octagon, there is a faint, larger version of the paper figures holding hands.

How?

- Leadership Venice will seek donations to pay for the project
 - Estimated Cost - \$3,400 - \$4,000:
- Leadership Venice will construct the pit, with the guidance of Public Works Department
- City of Venice (Future Maintenance) – Add mulch and trim trees above the pit as needed

How (cont.)?

- GaGa Ball Pit Construction:
 - Purchase pre-drilled Structural Composite Boards and Bracket System
 - Secure corners with a concrete foundation
 - Provide Mulch for the Ground Surface vs. Concrete / Floormats.
 - Pros – Easily maintained by the City of Venice, Cheaper than Concrete / Floormats, Matches the existing playground
 - Cons (Concrete) - Although Concrete may be better for quick moves it is very expensive, worse for injuries, and may crack with the proximity of the trees.
