

Project Narrative – Milano PUD Amendment

The Milano PUD is 528 +/- acre property located south of Laurel Road, north of Border Road, and bisected by the Jacaranda Boulevard Extension. The property is located within the Northeast Neighborhood of the Comprehensive Plan and has a Future Land Use Designation of Mixed Use Residential (MUR). The Milano PUD approved by Ordinance No. 2017-25 is a residential community consisting of detached single-family homes, paired villas, multi-family homes, amenity centers and open space. The density approved for the Milano PUD is up to 1,350 dwelling units.

The Milano PUD was amended by Ordinance No. 2020-40, which approved revisions to the PUD binding master plan which were all located within the approximately 36 acre development pod at the northwest corner of the Milano PUD, and were limited to the addition of one access point along Laurel Road and the restriction of the existing access point to egress only, the addition of project signage at the new access point, the addition of lot standards for townhomes, a modification of driveway standards for townhomes, the addition of an Amenity Area, the addition of alternative roadway sections to allow for on street parking, and minor modifications to conceptual stormwater pond configurations.

The Milano PUD was further amended by Ordinance No. 2022-___ which was limited to the removal of 24.1 acres of open space along the western boundary of the Milano PUD, an area of open space which was added to the adjacent GCCF PUD and will remain open space within the GCCF PUD. Removal of the open space reduced the Milano PUD acreage to 503.9 acres; however, the minimum 50% open space within the Milano PUD was maintained, or exceeded. No other changes were proposed with the amendment.

This amendment to the Milano PUD proposes to re-designate a 10.42 acre parcel at the southwest corner of the Jacaranda Boulevard and Laurel Road, within the Milano PUD, from Open Space to Commercial, to add access points for the Commercial parcel and establish development standards for the Commercial parcel. The proposed Commercial designated parcel will allow for the provision of various retail and service uses to meet the needs of the neighborhood while reducing trip lengths and increasing multi-modal accessibility to such services for the neighbors. The PUD requirement for a minimum of 50% Open Space will continue to be maintained.
