Mr. Tim Hochuli, PE City of Venice 200 North Warfield Avenue Venice, Florida 34285

Re: Eastside Water Reclamation Facility 7.5 MG Ground Storage Tank

ITB Number 2969-13 Bid Recommendation

Dear Mr. Hochuli:

A bid opening was held on July 9, 2013 for the above referenced project. A total of two (2) contractors submitted bids as summarized below:

Contractor
Precon Corporation
The Crom Corporation

Read at Bid Opening / (Corrected Total) \$ 2,820,546.00 / (\$ 2,816,556.00) \$ 2,959,935.99 / (\$ 2,959,931.49)

We have reviewed the submitted bid forms and bid calculations for both contractors and neither bid total agreed with the amount read at the bid opening. The bid prices were mathematically corrected in accordance with General Conditions 7.1. Attached is the detailed bid tabulation.

Atkins has had direct working experience with Precon Corporation in the construction of prestressed concrete ground storage tanks for two projects. Those projects were completed to the satisfaction of the owners. In addition, the contractor submitted references along with their bid submittal and we have contacted the references regarding their work. The references indicated the contractor has performed excellent work in completing the projects.

After review of the bid submittals, supporting documents and checking references, we bave concluded that Precon Corporation is the lowest responsible and responsive bidder. Therefore, we recommend the award of contract for the Eastside Water Reclamation Facility 7.5 MG Ground Storage Tank (ITB Number 2969-13) be made to Precon Corporation in the amount of \$2,816,556,000.

We thank you for providing us the opportunity in assisting the City in this project. If you have any questions, please contact me by telephone at (941) 378-0272 or email at John.Eash@atkinsglobal.com.

Sincerely,

John M. Eash, PE

Senior Project Manager
