

CITY MANAGER'S REPORT

AGENDA ITEM REQUEST

UTILITIES DEPARTMENT

TO: Ed Lavalley, City Manager

THROUGH: Len Bramble, P.E., Utilities Director *LB*

FROM: Tim Hochuli, P.E Assistant Utilities Director *TH 11-18-13*

DATE: November 15, 2013

SUBJECT: **Water Main Replacement Program, Phase 3**
King Engineering Associates, Inc. WA No. 5

Background:

In June, 2012 and May, 2013, Council approved work assignments for the design and related services associated with Phase 1 and 2 for the City's Water Main Replacement Program. The design phase of that work has been completed for Phase 1 and 60 percent completed for Phase 2. The construction bid for Phase 1 has been advertised and the Phase 2 bid will be advertised in the near future. Earlier this year, the Utilities Department completed the preparation of a phasing plan that defines an orderly progression for completion of the program that will replace rear easement water mains/meters with water mains/meters located in the front of properties. In the Phase 3 area, that section is roughly bounded by Nokomis Avenue to the west, Firenza Avenue to the north, Base Avenue to the south and Davis Street to the east.

The Utilities Department is now recommending proceeding with the design and related services for Phase 3 which includes the installation of approximately 5,085 lineal feet (lf) of new water main and associated service connections within the project area, and the abandonment of all rear lot water mains. This work assignment includes performing design services, bidding, permitting, construction phase services and obtaining water service meter agreements from the necessary property owners.

Requested Action:

We request Council's permission to approve professional services of King Engineering Associates, Inc., Work Assignment No. 5, Water Main Replacement Program, Phase 3, in the amount of \$187,060.

City Attorney Review:

The City Attorney has reviewed this document and finds it to be acceptable.

Risk Management Review:

The Risk Manager has reviewed this document and finds no risk management objections.

Funds Availability (account number):

Based on council approval, funds are available in account number 421-1202-536.63-00 (Improvements Other Than Buildings – BOND 12)
