Good Afternoon Ed:

As you are aware, Sarasota County is updating our Impact Fees. Per an inter-local agreement between the County and the City of Venice, any proposed change to the County's park impact fee schedule requires the County to hold a public hearing within the City of Venice city limits prior to adoption. With this in mind, we respectfully request that the Venice City Council waive the location requirement so the hearing may take place on July 12, 2016 at the County's R.L. Anderson facility, which is located on Tamiami Trail outside the city limits. This information and request is captured in the attached letter and Inter-Local Agreement. The original letter will be mailed to you, which you should receive in the next few days.

Your attention in this matter is appreciated as verification of the location is needed for advertising purposes.

Please let me know if you have any questions.

Sincerely,

Mark A. Cunningham, AICP, CPM  
Assistant County Administrator
