Subject: SCHOOL IMPACT FEE LETTER

Lori, hope I am doing this correctly.

I guess this needs to be an agenda item for next meeting.

The city would do a letter to the county requesting that school impact fees be adjusted to the 50% level that the county school administrator, Lori White suggested. This would be a more fair and equitable financial arrangement to finance future growth in the area of our educational system.

Even at the 50% level the major burden of financing our schools will still be on our taxpayers weather through higher taxes or the issuance of bonds.

I hope other municipalities within the county will join us in this effort.

Lori, please let me know if this is what John wanted me to do.

Fred
