Subject: Approval to Place a Domestic Wastewater Collection/Transmission System into Operation; Venice Medical Office

Dear Mr. Hutchens:

As a delegated local program of the Florida Department of Environmental Protection, Sarasota County Air and Water Quality has reviewed your Request for Approval to Place a Domestic Wastewater Collection/Transmission System into Operation for the subject project authorized by Permit No. CS58-413704 dated December 16, 2021, connecting to the City of Venice Wastewater Treatment Facility; FL0041441. Air and Water Quality has no objection to placing the subject system into operation.

Individual connections to the approved system must be recognized by the authorities responsible for the operation and maintenance of that system as well as the treatment/disposal system.

Please contact John Morgan at 941-861-0928 or email: jmorgan@scgov.net, if you have any questions.

Sincerely,

John T. Hickey, P.E.
