Thank you, Councilman Daniels, for following through with this. Sarasota County adopted their project priorities on March 21, 2017. Pinebrook Road and East Venice Avenue has now been on the County's adopted project priorities list for two years and is currently ranked as #10 of 18 total projects within the county boundaries. The three phases of River Road are projects #1, #2, and #3. Project #4 is the extension of the Legacy Trail. Project #14 is Sidewalks on Jacaranda Blvd from Border Rd to Commercial Ct/Executive Dr.

Although the City of Venice did not turn in a specific request for MPO funding this year, your council could consider adopting project priorities that include county and/or state road projects for consideration by the MPO and FDOT in the order of importance to your council. The council might consider a motion stating:

"The City of Venice adopts the following transportation project priorities for state and federal funding consideration by the Sarasota/Bradenton Metropolitan Planning Organization and the Florida Department of Transportation:

- 1)
 - 2)
 - 3)
- Etc."

Subject: June 27,2017 Council Agenda Item

Lori, please place under New Business.

Motion: City Of Venice request that Sarasota County ask MPO to move the poroject to completion in 2019 when Venice Police Station will be completed.

Intersection has the following issues: turn lane flow, traffic, ADA, and bicycle flow.

Taylor" <HTaylor@Venicegov.com>

Council agreed to place the Venice Ave. and Pinebrook intersection on this Tuesday agenda . We were advised by our MPO speaker to request the county to move this project up on the priority list. It's #18 and a bad intersection that needs widening.

Ed, you and Lori indicated you would place it on this upcoming agenda. It's not there?

I offered to send it in, but both of you stated you would place it on the agenda for council action to request moving it up on priority .
