B. Date and State of Organization:

C. Name and Address of Each Owner or Principal:

1.2 Certifications: In addition to the above categories of business entities, indicate whether Bidder's organization is a:

- Disadvantaged Business Enterprise, certified by _____
- Minority Business Enterprise, certified by _____
- Women's Business Enterprise, certified by _____
- Historically Underutilized Business Zone Small Business Concern, certified by _____

2.0 How many years has your organization been in business as a ^{WATER Well} general contractor?
10

3.0 If your organizational structure has changed within the past five years, provide data as listed above in Item 1.0 for your previous organization.

4.0 Do you plan to subcontract any part of this project? YES If so, give details.
I & C
ELECTRICAL

00451-5

5.0 Has any construction contract to which you have been a party been terminated by the owner; have you ever terminated work on a project prior to its completion for any reason; has any surety which issued a performance bond on your behalf ever completed the work in its own name or financed such completion on your behalf; has any surety expended any monies in connection with a contract for which they furnished a bond on your behalf? If the answer to any portion of this question is "yes", furnish details of all such occurrences including name of owner, architect or engineer, and surety, and name and date of project.

NO

6.0 Has any officer or partner of your organization ever been an officer or partner of another organization that had any construction contract terminated by the owner; terminated work on a project prior to its completion for any reason; had any surety which issued a performance bond complete the work in its own name or financed such completion; or had any surety expend any monies in connection with a contract for which they furnished a bond? If the answer to any portion of this question is "yes", furnish details of all such occurrences including name of owner, architect or engineer, and surety, and name and date of project.

NO

7.0 In the last five years, has your organization, or any predecessor organization, failed to substantially complete a project in a timely manner? If the answer to this question is "yes", furnish details of all such occurrences including name of owner, architect or engineer, and surety, and name and date of project.

NO

8.0 On Schedule A, attached, list name, location and description of project, owner, architect or engineer, contract price, percent complete and scheduled completion of the major construction projects your organization has in progress on this date. Provide name, address and telephone number of a reference for each project listed.

9.0 On Schedule B, attached, list name, location and description of project, owner, architect or engineer, contract price, date of completion and percent of work with your own forces of major projects of the same general nature as this project which your organization has completed in the past five years. Provide name, address and telephone number of a reference for each project listed.

10.0 On Schedule C, attached, list name and construction experience of the principal individuals of your organization directly involved in construction operations.

11.0 Licenses and Registrations:

11.1 Indicate the jurisdictions in which your firm is legally qualified to practice. Indicate license or registration number for each jurisdiction, if applicable, and type of license or registration. Attach separate sheet as required.

Jurisdiction	License/Registration No.	Type
Florida	9027	Water Well Contractor
Florida	9340	Water Well Contractor

11.2 In the past five years, has Bidder had any business or professional license suspended or revoked?

No Yes

If yes, describe on a separate attachment the circumstances, including the jurisdiction and bases for suspension or revocation.

12.0 Provide the following information for your surety:

12.1 Surety Company: WESTFIELD

12.2 Agent: ROBERT WYATT

A. Address: 4890 W. KENNEDY BLVD SUITE 750, TAMPA FL 33609

B. Telephone No.: 813-464-2020

13.0 Provide the following with respect to an accredited banking institution familiar with your organization.

13.1 Name of Bank: BANK OF TAMPA

13.2 Address: 1217 OAKFIELD DRIVE BRANDON FL 33511

00451-7

13.3 Account Manager: DAVID BROWN

13.4 Telephone No.: 813-998-2702

14.0 Provide the name, address and telephone number of an individual who represents a major equipment/material supplier whom the Owner may contact for a financial reference: DAVID THURMAN

COLZ INDUSTRIAL PRODUCTS
5604 N. 50TH ST. 813-247-4900
TAMPA, FL 33610

15.0 Industry Affiliations, Memberships, Awards, and Honors

15.1 List below the industry organizations with which your organization is affiliated or which your organization is a member: CHINA OF THE SWEWMD - WDAC

AMERICAN WATER WORKS ASSOCIATION
NATIONAL GROUND WATER ASSOCIATION
FLORIDA GROUND WATER ASSOCIATION
AMERICAN GROUND WATER TRUST - Southeast Desalting Association

15.2 List below the industry awards or honors received by your organization and the date for each. Attach supporting documentation as necessary.

16.0 Statement of Potential Conflicts of Interest: List below business associations, financial interests, or other circumstances that may create a conflict of interest with the Owner or other entity involved in the Project. Attach additional documentation as required.

NONE

17.0 Dated at Tampa, Florida, this 21 day of April, 2016.

APPLIED DRILLING ENGINEERING

Stuart C. Anderson
President

Stuart C. Anderson has over 30 years of quality experience directly related to his duties and responsibilities at Applied Drilling Engineering, Inc.

After studying Petroleum Engineering at the University of Alabama, Stuart spent the next 12 years supervising oil and gas drilling operations onshore and offshore United States, Central and South America. The next 5 years were with the Southwest Florida Water Management District as Section Manager then Deputy Executive Director Resource Management working with programs focusing on groundwater management including operations, data collection and analysis. The last 18 years have been in the direct management of drilling projects to define and develop sustainable water supply in the State of Florida. Projects under his supervision have geographically ranged across the State of Florida from Tallahassee to Key West for various Utilities, Municipal Governments, Water Supply Authorities, US Corps of Engineers and Water Management Districts. Well uses include Potable Public Supply, Industrial, Agricultural, RO Supply, Data Collection, Class I and Class V Injection Wells. Stuart has been a licensed drilling contractor since 1987 and currently serves as Chairman on the Southwest Florida Water Management District's Well Drillers Advisory Board and President of Applied Drilling Engineering, Inc., a Florida Corporation.

APPLIED DRILLING ENGINEERING

Paul A. Petrey Operations Manager

Paul A Petrey has 27 years of quality experience directly related to his duties and responsibilities at Applied Drilling Engineering, Inc.

After graduating in Petroleum Engineering from the University of Southwest Louisiana, Paul began his career in the Oil & Gas Industry first in the US and then Overseas.

In 2000, following the acquisition of Diversified Well Drilling, Paul returned to the US to work with Stuart again as the Operations Manager for the newly acquired company.

At Diversified Drilling Corporation (DDC) Paul was responsible for managing a 16 rig drilling operation. In 2004, As the Operation Manager for DDC, all project were completed on time and within budget. In 2005, Paul elected to leave Diversified, and began working for Black & Veatch as their Aquifer Storage and Recovery National Practice Leader. Paul resigned from Black & Veatch at the end of 2006 to start Applied Drilling Engineering with Stuart.

At Applied Drilling Engineering Paul continues to run Operations, both domestically and internationally.

APPLIED DRILLING ENGINEERING

Joseph P. Schmidt Drilling Supervisor

Joseph P. Schmidt has over 25 years water well drilling experience directly related to his duties and responsibilities at Applied Drilling Engineering, Inc.

Joseph has consistently worked in the Florida water well industry since completing high school in Pinellas County Florida. Based on performance, Joe operated large drilling equipment on difficult projects early in his career. He has drilled water wells

for most large municipalities and utilities in Florida including Bush Gardens, Disney and all of the wellfields operated by Tampa Bay Water and The Peace River Water Supply Authority. Mr. Schmidt has completed many Class 5 Aquifer Storage and Recovery Wells and Class I Industrial Injection Wells. He is a State of Florida Licensed Water Well Contractor, certified welder, and heavy equipment mechanic. Well rehabilitations including acidification and pump testing are within his umbrella of experience. Joseph has never failed to complete a well within project specifications or been involved with any project litigation.

FAX (941) 486-2790

ADDENDUM NO. 1

Date: April 12, 2016

To: All Prospective Bidders

Re: ITB# 3027-16 Replacement Well 7A

This addendum sets forth changes and/or information as referenced and is hereby made part of and should be attached to the subject Contract Documents. Receipt of this Addendum shall be acknowledged below and in the submitted proposal. It shall be the responsibility of each proposer, prior to submitting a proposal, to contact the City of Venice- Procurement- Finance Department to determine if addenda were issued and to make such addenda a part of their proposal.

The following is to clarify and provide additional information requested during the pre-bid meeting held March 31, 2016 at 2:00 P.M.

Summary:

Peter Boers, Procurement Manager, opened the meeting

1. **Important dates:** Bids are due April 21, 2016 at 2:00 p.m. at City Hall room #204. Bids are to be delivered to Suite 204 in City Hall. The bid opening will take place in the Community Hall (room #114).
2. The Cut-Off for questions will be April 12, 2016 at 1:00 PM
3. Mr. Boers advised the bidders to read through *Instructions to Bidders*, but made note of the following Articles.
 - Article 10 Bid Security - 5% Bid Security is required.
 - Article 11 Contract Times – time to completion is 198 days from NTP.
 - Article 12 Liquidated Damages - Mr. Boers advised that the stipulated damages for this project are \$1532 per day.

- Article 23 Contract Securities - The awarded contractor will be required to provide a Performance and Payment Bond equaling 100% of the contact amount. **EXHIBIT A**
 - Article 24 Contractors Insurance -Mr. Boers reviewed **EXHIBIT C: Insurance Requirements**.
 - General Liability -\$1,000,000 per occurrence
 - Business Auto Liability - \$1,000,000 combined single limit
 - Worker's Comp per State Statute
 - Builders' Risk Installation Coverage to be provided prior to Notice to Proceed
 - Article 29 Local Preference – Local preference is not applicable to this bid.
4. Mr. Boers reviewed the required forms that must be returned with each firm's submittal. These required forms are listed in the Appendix of the bid document. Mr. Boers advised, even if a form does not pertain to said company - to still mark it with a "N/A" and return it with each submittal. Mr. Boers also advised that the *Required Forms List* could be used as a "check off" sheet for firms to use.
 5. Bidders are asked to complete and return the *Bidder's Qualification Statement* with their bid.
 6. Mr. Peter A. Boers reviewed the SRF requirements and distributed the attached handout.

Bidders were advised to read through the FDEP Supplementary Conditions included in the bid package. Bidders are responsible for all of the requirements. We are only outlining some of the Key Points:

- FDEP/EPA/DOL – Access to Project Records and Project Sites
- Disadvantaged Business Enterprises: 5% Minority Business Enterprise/5% Women's Business Enterprise
- Must show good faith effort: Read the Supplementary Conditions to review the efforts
- Debarment & Suspension – Certification page is included in the bid document, but will also need to check and verify all subcontractors.
- Equal Employment Opportunity – FDEP page 6-11 (MUST READ CAREFULLY) applies to Prime and all subcontractors.
- Immigration Reform and Control Act: The Contractor shall use the US Department of Homeland Security's E-Verify
- Employment Eligibility Verification System to verify the employment eligibility of:
 - All new employees, during the term of this Agreement, to perform employment duties within the Florida; and
 - All new employees (including subcontractors and sub recipients) assignment by the Contractor to perform work pursuant to this Agreement.
- Federal Labor Standards Provisions – Davis-Bacon Act – Wage Decision – www.wdo.gov – up to 10 days prior must verify there have not been any updates and if the wage decision changes you must use the new updated wage decision. (1/8/2016 for Highway and 1/15/2016 for Heavy are the most current)

- Select DBA WD's – Select – State/County/WD Number (Highway – Heavy) Please note when using two different wage decisions that have several duplicate job classifications you will either have to submit two separate certified payrolls weekly (one for Heavy and one for Highway) or one certified payroll but use the highest rate and fringe for the job classifications. This applies to the Prime and all subcontractors. The Prime contractor is responsible to review all subcontractors certified payrolls for accuracy.
- American Iron and Steel Provisions – www.epa.gov/cwsrf/state-revolving-fund-american-iron-and-steel-aisrequirement
AIS Training Material – All manufacturing processes, including application of coatings, must take place in the US. All manufacturing processes includes processes such as melting, refining, forming, rolling, drawing, finishing, fabricating and coating must take place in the US. Primarily Iron or Steel – Listed products must be made of greater than 50% Iron and Steel, Measured by Cost.
- Appendix A: Certification of Compliance
Debarment and Suspension – Equal Employment Opportunity – Immigration Reform and Control Act – Environmental Compliance – Federal Labor Standards – American Iron and Steel

7. Mr. Kevin Dorsey, the City's consulting Engineer from Atkins, reviewed the scope of work and provided a brief overview of the project.

Mr. Boers opened the floor for bidder's questions. He advised the attendee's to follow up in writing if they do not see an answer to their question published in an addendum and to not assume a change is in effect unless published in an addendum.

QUESTIONS AND ANSWERS:

Question: E-5 shows (2) lockable 5 amp breakers one inside transformer 1 and one before transformer 1, E-1 shows only the breaker internal to transformer 1. Please clarify.

Response: Provide the lockable 5 amp M-2 Main Breaker at the tap as shown on Sheet E-5. The 5 amp breaker inside transformer 1 should be deleted.

Question: E-3 labels the Well 7AW control panel as existing. Please clarify.

Response: The RTU Control Panel on Sheet E-3 should be noted as existing. See the demolition plan on Sheet 4, note 2 indicating the existing communications panel is to be relocated to the new well site. The well 7AW Control Panel shall be a new panel provided by the contractor as detailed on Sheet E-4

REVISION:

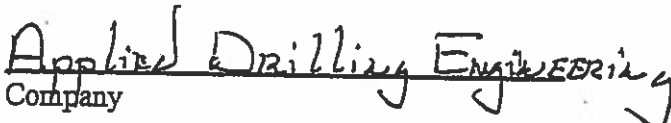

Paragraphs 2.01, C and 2.03, E were revised to remove references to an air conditioner and replaced with a thermostatically controlled fan. A revised Section 16485 has been attached to this addendum.

Peter A. Boers
Procurement Department

Acknowledgment is requested even if you have elected not to respond to this bid. A designated management representative of your firm can sign the receipt for this addendum. Please acknowledge receipt of this addendum immediately by fax to (941) 486- 2790 or mail to the above noted address, if a fax is not possible.

**CITY OF VENICE
REPLACEMENT WELL 7AW**

TABLE OF ARTICLES

1. Bid Recipient
2. Bidder's Acknowledgements
3. Bidder's Representations
4. Bidder's Certifications
5. Basis of Bid
6. Time of Completion
7. Attachments to this Bid
8. Defined Terms
9. Bid Submittal
10. Required Forms

ARTICLE 1 - BID RECIPIENT

- 1.01 The undersigned Bidder proposes and agrees, if this Bid is accepted, to enter into an AGREEMENT with OWNER in the form included in the Bidding Documents to perform all Work as specified or indicated in the Bidding Documents for the price(s) and within the times indicated in this Bid and in accordance with the Bidding Documents.

ARTICLE 2 - BIDDER'S ACKNOWLEDGEMENTS

- 2.01 Bidder accepts all of the terms and conditions of the Advertisement or Invitation to Bid and Instructions to Bidders, including without limitation those dealing with the disposition of Bid security. This Bid will remain subject to acceptance for 90 days after the Bid opening, or for such longer period of time that Bidder may agree to in writing upon request of OWNER. Bidder will sign the AGREEMENT and will furnish the required contract security, and other required documents within the time periods set forth in the Bidding Documents.

ARTICLE 3 - BIDDER'S REPRESENTATIONS

- 3.01 In submitting this Bid, Bidder represents that:

- A. Bidder has examined and carefully studied the Bidding Documents, the other related data identified in the Bidding Documents, if any, and the following Addenda, receipt of all of which is hereby acknowledged.

Addendum No.	Date Received	Addendum No.	Date Received
<u>1</u>	<u>April 12, 2016</u>	_____	_____
_____	_____	_____	_____
_____	_____	_____	_____

- B. Bidder has visited the Site and become familiar with and is satisfied as to the general, local and Site conditions that may affect cost, progress, and performance of the Work.
- C. Bidder is familiar with and is satisfied as to all federal, state and local Laws and Regulations that may affect cost, progress and performance of the Work.
- D. Bidder has carefully studied all: (1) reports of explorations and tests of subsurface conditions at or contiguous to the Site and all drawings of physical conditions in or relating to existing surface or subsurface structures at or contiguous to the Site (except Underground Facilities) which have been identified in the Supplementary Conditions as provided in Paragraph 4.02 of the General Conditions, and (2) reports and drawings of Hazardous Environmental Conditions identified at the Site, if any, which that have been identified in the Supplementary Conditions as provided in Paragraph 4.06 of the General Conditions.
- E. Bidder has obtained and carefully studied (or accepts the consequences for not doing so) all additional or supplementary examinations, investigations, explorations, tests, studies and data concerning conditions (surface, subsurface and Underground Facilities) at or contiguous to the Site which may affect cost, progress or performance of the Work or which relate to any aspect of the means, methods, techniques, sequences and procedures of construction to be employed by Bidder, including applying the specific means, methods, techniques, sequences, and procedures of construction expressly required by the Bidding Documents to be employed by Bidder, and safety precautions and programs incident thereto.
- F. Bidder does not consider that any further examinations, investigations, explorations, tests, studies or data are necessary for the determination of this Bid for performance of the Work at the price(s) bid and within the times and in accordance with the other terms and conditions of the Bidding Documents.
- G. Bidder is aware of the general nature of work (if any) to be performed by OWNER and others at the Site that relates to the Work as indicated in the Bidding Documents.

- H. Bidder has correlated the information known to Bidder, information and observations obtained from visits to the Site, reports and drawings identified in the Bidding Documents, and all additional examinations, investigations, explorations, tests, studies and data with the Bidding Documents.
 - I. Bidder has given Engineer written notice of all conflicts, errors, ambiguities, or discrepancies that Bidder has discovered in the Bidding Documents, and the written resolution thereof by Engineer is acceptable to Bidder.
 - J. The Bidding Documents are generally sufficient to indicate and convey understanding of all terms and conditions for the performance of the Work for which this Bid is submitted.
- 3.02 Bidder further represents that:
- A. this Bid is genuine and is not made in the interest of or on behalf of any undisclosed individual or entity and is not submitted in conformity with any agreement or rules of any group, association, organization or corporation;
 - B. Bidder has not directly or indirectly induced or solicited any other Bidder to submit a false or sham Bid; Bidder has not solicited or induced any individual or entity to refrain from bidding;
 - C. Bidder has not sought by collusion to obtain for itself any advantage over any other Bidder or over OWNER; and
 - D. No person or persons acting in any official capacity for the OWNER are directly or indirectly interested in this Bid, or in any portion of the profit thereof.

ARTICLE 4 – BIDDER’S CERTIFICATIONS

- 4.01 Bidder certifies that:
- A. this Bid is genuine and is not made in the interest of or on behalf of any undisclosed individual or entity and is not submitted in conformity with any agreement or rules of any group, association, organization or corporation;
 - B. Bidder has not directly or indirectly induced or solicited any other Bidder to submit a false or sham Bid
 - C. Bidder; has not solicited or induced any individual or entity to refrain from bidding; and
 - D. Bidder has not engaged in corrupt, fraudulent, collusive or coercive practices in competing for the Contract. For the purposes of the Paragraph 4.01.D;
 - 1. Corrupt practice” means the offering, giving, or soliciting of anything of value likely to influence the action of a public official in the bidding process

2. "Fraudulent practice" means an intentional misrepresentation of facts made (a) to influence the bidding process to the detriment of Owner, (b) to establish bid prices at artificial non-competitive levels, or (c) to deprive Owner of the benefits of free and open competition.
3. "Collusive practice" means to scheme or arrangement between two or more Bidders, with or without the knowledge of Owner, a purpose of which is to establish bid prices at artificial, non-competitive levels.
4. "Coercive practice" means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the bidding process or affect the execution of the Contract.

Request for Taxpayer Identification Number and Certification

Give Form to the
 requester. Do not
 send to the IRS.

Print or type
 See Specific Instructions on page 2.

1 Name (as shown on your income tax return). Name is required on this line; do not leave this line blank.
Applied Drilling Engineering, Inc.

2 Business name/disregarded entity name, if different from above

3 Check appropriate box for federal tax classification; check only one of the following seven boxes:
 Individual/sole proprietor or single-member LLC
 Limited liability company. Enter the tax classification (C=C corporation, S=S corporation, P=partnership) ▶ _____
 Other (see instructions) ▶ _____
 C Corporation
 S Corporation
 Partnership
 Trust/estate

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):
 Exempt payee code (if any) 5
 Exemption from FATCA reporting code (if any) _____
(Applies to accounts maintained outside the U.S.)

5 Address (number, street, and apt. or suite no.)
PO Box 271801

6 City, state, and ZIP code:
Tampa, Florida 33688

7 List account number(s) here (optional)

Requester's name and address (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the Part I instructions on page 3. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN* on page 3.

Social security number

--	--	--	--	--	--	--	--	--	--

or

Employer identification number

2	0	-	5	7	4	3	9	3	9
---	---	---	---	---	---	---	---	---	---

Note. If the account is in more than one name, see the instructions for line 1 and the chart on page 4 for guidelines on whose number to enter.

Part II Certification

Under penalties of perjury, I certify that:

- The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
- I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
- I am a U.S. citizen or other U.S. person (defined below); and
- The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions on page 3.

Sign Here Signature of U.S. person ▶ *[Signature]* Date ▶ 4/06/2015

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.
 Future developments. Information about developments affecting Form W-9 (such as legislation enacted after we release it) is at www.irs.gov/fw9.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following:

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)

- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See *What is backup withholding?* on page 2.

By signing the filled-out form, you:

- Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
- Certify that you are not subject to backup withholding, or
- Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and
- Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct. See *What is FATCA reporting?* on page 2 for further information.

APPLIED DRILLING ENGINEERING

Stuart C. Anderson
President

Stuart C. Anderson has over 30 years of quality experience directly related to his duties and responsibilities at Applied Drilling Engineering, Inc.

After studying Petroleum Engineering at the University of Alabama, Stuart spent the next 12 years supervising oil and gas drilling operations onshore and offshore United States, Central and South America. The next 5 years were with the Southwest Florida Water Management District as Section Manager then Deputy Executive Director Resource Management working with programs focusing on groundwater management including operations, data collection and analysis. The last 18 years have been in the direct management of drilling projects to define and develop sustainable water supply in the State of Florida. Projects under his supervision have geographically ranged across the State of Florida from Tallahassee to Key West for various Utilities, Municipal Governments, Water Supply Authorities, US Corps of Engineers and Water Management Districts. Well uses include Potable Public Supply, Industrial, Agricultural, RO Supply, Data Collection, Class I and Class V Injection Wells. Stuart has been a licensed drilling contractor since 1987 and currently serves as Chairman on the Southwest Florida Water Management District's Well Drillers Advisory Board and President of Applied Drilling Engineering, Inc., a Florida Corporation.

APPLIED DRILLING ENGINEERING

Paul A. Petrey Operations Manager

Paul A Petrey has 27 years of quality experience directly related to his duties and responsibilities at Applied Drilling Engineering, Inc.

After graduating in Petroleum Engineering from the University of Southwest Louisiana, Paul began his career in the Oil & Gas Industry first in the US and then Overseas.

In 2000, following the acquisition of Diversified Well Drilling, Paul returned to the US to work with Stuart again as the Operations Manager for the newly acquired company.

At Diversified Drilling Corporation (DDC) Paul was responsible for managing a 16 rig drilling operation. In 2004, As the Operation Manager for DDC, all project were completed on time and within budget. In 2005, Paul elected to leave Diversified, and began working for Black & Veatch as their Aquifer Storage and Recovery National Practice Leader. Paul resigned from Black & Veatch at the end of 2006 to start Applied Drilling Engineering with Stuart.

At Applied Drilling Engineering Paul continues to run Operations, both domestically and internationally.

APPLIED DRILLING ENGINEERING

Joseph P. Schmidt
Drilling Supervisor

Joseph P. Schmidt has over 25 years water well drilling experience directly related to his duties and responsibilities at Applied Drilling Engineering, Inc.

Joseph has consistently worked in the Florida water well industry since completing high school in Pinellas County Florida. Based on performance, Joe operated large drilling equipment on difficult projects early in his career. He has drilled water wells

for most large municipalities and utilities in Florida including Bush Gardens, Disney and all of the wellfields operated by Tampa Bay Water and The Peace River Water Supply Authority. Mr. Schmidt has completed many Class 5 Aquifer Storage and Recovery Wells and Class I Industrial Injection Wells. He is a State of Florida Licensed Water Well Contractor, certified welder, and heavy equipment mechanic. Well rehabilitations including acidification and pump testing are within his umbrella of experience. Joseph has never failed to complete a well within project specifications or been involved with any project litigation.

CITY OF VENICE, FLORIDA
FDEP & U.S. EPA CONSTRUCTION NOTICES OF INTENT (NOI)

The undersigned bidder acknowledges the requirement of the U.S. Environmental Protection Agency (EPA) and the Florida Department of Environmental Protection (FDEP) which have published the rules for NPDES General Permits for stormwater discharges from construction sites and said bidder agrees to assist the owner in the preparation of these permits and associated plans. The bidder acknowledges that he has taken these permits and associated construction costs into account in the preparation of his lump sum bid. These permits are mandated under Section 402(p) of the Clean Water Act for "Stormwater Discharge from Construction Activities (including clearing, grading, and excavation activities) that result in the disturbance of five (5) or more acres total land area, including areas that are part of a larger common plan of development or sale." The EPA has published summary guidance for: "Developing Prevention Plans and Best Management Practices" (EPA 833-R-92-001, October 1992).

The EPA permit format is a *Notice of Intent (NOI) for Stormwater Discharges Associated with Construction Activity to be covered under a NPDES Permit*, and it is to be submitted according to the NOI instructions. The Stormwater Pollution Prevention Plan which must accompany the NOI must be signed by authorized representatives of the contractor and subcontractors as well as the facility Owner. Copies of the EPA NOI must be provided to state and local agencies who have issued stormwater management, grading, or land alteration permits or approvals.

An NOI must also be submitted to the Florida Department of Environmental Protection, NPDES Stormwater Notices Center, MS 2510, 2600 Blair Stone Road, Tallahassee, FL 32399. FDEP forms may be downloaded from the State's web site <http://www.dep.state.fl.us/water/stormwater/npdes/> or phone 850-921-9870 if you have questions.

Acceptance of the bid to which this certification and disclosure applies in no way represents the Owner or its Representative has evaluated and thereby determined that the information is adequate to comply with the applicable U.S. EPA or FDEP requirements nor does it in any way relieve the contractor of its sole responsibility to comply with the applicable U.S. EPA and FDEP requirements, including inspection of all control measures at least once each week and following any storm (rainfall) event of 0.5 inches or greater and maintaining reports of each inspection.

ORDINANCE 95-12

AN ORDINANCE OF THE CITY OF VENICE, FLORIDA, AMENDING THE CODE OF ORDINANCES BY AMENDING CHAPTER 9, HEALTH AND SANITATION, ARTICLE IV, DISPOSAL OF EXCRETA, SECTION 9-71, DISCHARGE OF RAW SEWAGE INTO STORMWATER; DELETING ARTICLE V, PROHIBITED STORMWATER DISCHARGES; ADDING CHAPTER 19, WATER AND SEWERS, ARTICLE VI, STORMWATER QUALITY; DELETING CHAPTER 15, STREETS AND SIDEWALKS, ARTICLE IV, EXCAVATIONS, SECTION 15-53, STORM DRAINAGE AND POLLUTION; PROVIDING FOR CONFLICT WITH OTHER ORDINANCES; PROVIDING FOR A SEVERABILITY CLAUSE AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, control of stormwater runoff is necessary from individual lots that do not require a permit from the Southwest Florida Water Management District and requiring compliance with the provisions of the Clean Water Act 33 U.S.C.1251 et.seq., as amended by the Water Quality Act of 1987; and

WHEREAS, the City is desirous of complying with its U.S. Environmental Protection Agency National Pollutant Discharge Elimination System Permit and its Stormwater Master Plan, therefore, stormwater runoff and any discharge to the City storm sewer system will be closely monitored and regulated; and

WHEREAS, the control of stormwater runoff is the responsibility of each individual property owner; and

WHEREAS, the City is desirous of controlling stormwater runoff and insuring compliance with the Comprehensive Plan.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF VENICE, FLORIDA:

SECTION 1. Chapter 9, Water and Sewers, Article IV, Disposal of Excreta, Section 9-71, Discharge of Raw Sewage into Storm Sewer, is amended to read as follows:

Sec. 9-71. Discharge of raw sewage into storm sewer.

It shall be unlawful for any person to discharge raw sewage or to discharge the effluent of and from any septic tank into the storm sewer system of the city or to construct or maintain any system of drainage, pipes, conduits or other apparatus whereby raw sewage or the effluent of and from any septic tank shall or may be discharged into or through the storm sewer system of the city.

SECTION 2. Chapter 9, Water and Sewers, Article V, Prohibited Stormwater Discharges, is deleted in its entirety.

SECTION 3. Chapter 19, Water and Sewers, Article VI, Stormwater Quality is added to read as follows:

ARTICLE VI. STORMWATER QUALITY

Sec. 19-141. Definitions.

As used in this article "industrial stormwater" means stormwater runoff from a site with industrial activities, as defined under 40 CFR Section 122.26(a)(14) U.S. Environmental Protection Agency regulation.

As used in this article "construction sites" refers to all sites.

As used in this article, "illicit discharge" is any discharge of anything other than stormwater to the municipal separate storm sewer system (MS4) or the waters of the State of Florida or the United States.

As used in this article "industrial wastewater" refers to liquids used by an entity in their course of business, that if discharged to the MS4, would degrade the quality of stormwater.

Sec. 19-142. Disposal of industrial stormwater discharges.

The following types of discharges to the municipal separate storm sewer of the city must be controlled as indicated.

(1) **Industrial wastewater/illicit discharge:** Industrial wastewater/illicit discharge may not be discharged to the city's municipal separate storm sewer system.

(2) **Industrial stormwater:** As required to comply with NPDES regulations, the quality of industrial stormwater which is discharged through the city's municipal separate storm sewer system may be subject to regulation or permitting, and any violation of such regulation or permit may be subject to an order to immediately cease such

discharge.

Sec. 19-143. Runoff stormwater and Best Management Practice (BMPs) for construction sites.

BMPs shall be implemented as necessary, to insure that all discharges from construction activities are in compliance with the City of Venice EPA/NPDES Stormwater Permit and the Stormwater Master Plan, or the SWFWMD Permit or EPA's NPDES Construction Activity General Permit, whichever is most stringent in its requirements.

Best Management Practices include but are not limited to, the following requirements:

- (a) All site grading shall be conducted in such a manner that all stormwater management facilities located adjacent to the site are not altered in any way which will diminish their designated flow or pollutant removal capacity or the shape of the drainage facility.
- (b) Maintenance of vegetative buffers or use of a silt fence and/or staked hay bales which minimize erosion and retain sediment on site, shall be implemented prior to any construction activities taking place at sites which discharge to surface water or the municipal separate storm sewer system (MS4). These controls, when utilized, shall be secured and properly maintained during construction activities until the site has been stabilized with sod and/or seed and mulch. A double silt fence may be required as an additional measure to insure that discharges from the site are in compliance with water quality standards as established by the EPA/NPDES Stormwater Permit. Undisturbed vegetative buffers shall be maintained intact to the maximum extent possible to reduce erosion and the discharge of sediment from stormwater runoff. All areas of exposed soil shall be stabilized within 72 hours of attaining final grade.
- (c) Storm sewer systems (eg. inlets, pipes and ditches, etc.) adjacent to the site must be protected by a silt fence and/or staked hay bales during construction, to keep solids from entering conveyance systems.
- (d) Vehicles such as concrete or dump trucks and other construction equipment shall not be washed at locations where the runoff will flow directly into a lake, wetland, watercourse or stormwater conveyance system. Special areas must be designated for washing vehicles. In all new subdivisions, a wash area may be established by the owner/developer which can be used by the site contractor and home builders. If established, wash areas shall be located where the wash water will spread out and evaporate or infiltrate directly into the ground, or where the runoff can be collected in a temporary holding or seepage basin. Gravel or rock bases are recommended for temporary holding or seepage basins, to minimize mud generation. Underdrains shall be installed where infiltration basins are provided as required by the owner/developer's engineer or the Southwest Florida Water Management District. Upon completion of the project, the wash areas shall be graded and stabilized and any trash or waste shall be collected and disposed of properly.
- (e) Fuel, chemicals, cements, solvents, paints, topsoil, or other potential water pollutants shall be stored in areas where they will not cause runoff pollution. Toxic chemicals and materials, such as pesticides, paints, and acids, must be stored in accordance with manufacturer's guidelines. Groundwater resources shall be protected from leaching by placing a plastic mat, packed clay, tar paper, or other impervious material on any areas where toxic liquids are to be opened and stored.
- (f) A minimum of one permitted driveway must be established prior to construction and shall be used as the only access for ingress/egress during construction in order to provide minimum disturbance of drainage facilities and vegetative cover on site.

Sec. 19-44. Owner responsibility for stormwater runoff.

- (a) The control of stormwater runoff is the responsibility of each individual property owner.
- (b) Any property owner constructing or causing to be constructed any building which requires an elevated slab and the elevation of the building pad is higher than that of adjoining properties, will control stormwater runoff during construction. Likewise, any property that is filled more than twelve inches above the adjacent property must provide additional control measures for stormwater during construction. Upon completion of the work, all stormwater runoff shall flow to its natural preconstruction drainage swale, ditch, etc., or be retained in a retention or detention pond(s) designed and constructed for that purpose.
- (c) For any construction where the elevation of the building pad or site fill will be higher than adjoining properties, construction plans certified by a professional engineer registered with the State of Florida, retained by the property owner, will be provided to the City prior to issuance of a building permit.
- (d) Any single lot not covered under Southwest Florida Water Management District rules, exceeding forty-five percent in impervious coverage (including buildings, drives, sidewalks, patios, etc.) shall require stormwater retention facilities to be designed by a Florida registered engineer. The design is to meet the City of Venice EPA/NPDES Permit requirements for quantity and quality of treatment.
- (e) The property owner's engineer will be required to certify to the City Engineer that construction was completed in accordance with the certified plans, prior to issuance of a Certificate of Occupancy.

(f) All improvements to property affecting stormwater drainage must be done in compliance with the City's Comprehensive Plan.

Sec. 19-145. Illicit discharges.

It shall be unlawful for any person to discharge anything other than stormwater into the city's municipal separate storm sewer system whether such discharges occur through piping connections, runoff, exfiltration, infiltration, seepage, or leaks. No person may maintain, use, or establish any direct or indirect connection to any storm sewer owned by the city that results in any discharge in violation of any provision of federal, state, city, or other law or regulation. This provision is retroactive to January 1, 1995, and applies to connections made prior to the effective date of this provision, regardless of whether made under a permit, or other authorization, or whether permissible under laws or practices applicable or prevailing at the time the connection was made.

No materials other than those composed entirely of stormwater shall be disposed of, dumped, or spilled into the city's municipal separate storm sewer system, whether such materials are in a solid or liquid form.

Sec. 19-146. Inspections.

It shall be the duty of the city engineer or designee to carry out all inspections, surveillance, and monitoring procedures necessary to determine compliance with this article.

SECTION 4. Chapter 15, Streets and Sidewalks, Article IV, Excavations, Section 15-53, Storm Drainage and Pollution, is deleted in its entirety.

SECTION 5. To the extent of any conflict between the provisions of this Ordinance, and any other Ordinance, Resolution, or Agreement of the City of Venice, Florida, the provisions of this Ordinance shall prevail.

SECTION 6. Severability. If for any reason a provision of this Ordinance or the application thereof to any person, group of persons, or circumstances is held invalid, the invalidity shall not effect other provisions or applications of the Ordinance which can be given effect without the invalid provision or application, and to this end the provisions of the Ordinance are severable.

SECTION 7. Effective Date. This Ordinance shall take effect immediately upon its adoption, as required by law.

PASSED BY THE COUNCIL OF THE CITY OF VENICE, FLORIDA, THIS 23RD DAY OF MAY, 1995.

First Reading: May 9, 1995 - Final Reading: May 23, 1995 - ADOPTION: May 23, 1995

ATTEST: /s/LORI STELZER, CMC, CITY CLERK /S/ MERLE L. GRASER, MAYOR

I, LORI STELZER, City Clerk of the City of Venice, Florida, a municipal corporation in Sarasota County, Florida, do hereby certify that the foregoing is a full and complete, true and correct copy of an Ordinance duly adopted by the Venice City Council, at a meeting thereof duly convened and held on the 23rd day of May, 1995, a quorum being present.

WITNESS my hand and the official seal of said City this 24th day of May, 1995.

/S/ LORI STELZER, CMC, CITY CLERK Approved as to form: /S/ ROBERT C. ANDERSON, CITY ATTORNEY

/S/ LORI STELZER, CMC, CITY CLERK Approved as to form: /S/ ROBERT C. ANDERSON, CITY ATTORNEY.

DRUG FREE WORKPLACE CERTIFICATION

If identical tie bids exist, preference will be given to the vendor who submits a certification with their bid/proposal certifying they have a drug-free workplace in accordance with Section 287.087, Florida Statutes. The drug-free workplace preference is applied as follows:

IDENTICAL TIE BIDS: Preference shall be given to businesses with drug-free workplace programs. Whenever two or more bids, which are equal with respect to price, quality, and service, are received by the State of by any political subdivision for the procurement of commodities or contractual services, a bid received from a business that certifies that it has implemented a drug-free workplace program shall be given preference in the award process. Established procedures for processing tie bids will be followed if none of the tied vendors have a drug-free workplace program.

As the person authorized to sign this statement, I certify that this firm complies fully with the following requirements:

- 1) This firm publishes a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.
- 2) This firm informs employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.
- 3) This firm gives each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in subsection (1).
- 4) In the statement specified in subsection (1), this firm notifies the employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) days after such conviction.
- 5) This firm imposes a sanction on or requires the satisfactory participation in a drug abuse assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.
- 6) This firm will continue to make a good faith effort to maintain a drug-free workplace through implementation of this section.
