I AM RESIDENT
OF NOKOMIS
BORDERING
ON THIS AREA.

ZONING DESIGNATION, DESIGNATED FOR A REASON.

TOO MUCH BUILDING IN THIS AREA WILL RESULT
IN URBAN EFFECT HEAT, KILLING TREES + PLANT LIFE.

TOO MUCH CONCRETE IN "GREEN AREAS"
UPSETTING RAIN ECOSYSTEMS
AND WATER RUNOFF + FLOODING IN AREA.

TOO MANY, TOO QUICK LARGE CONSTRUCTION
PROJECTS CLOSE BY, UPSETTING
HUMAN LIFE WHO CHOSE TO LIVE IN A
RURAL SETTING.

LOCATE WILD ANIMALS ALREADY
DISPLACED BY THE QUICK AND
UNRULY TEAR DOWN OF THEIR
HABITAT NOT FAR FROM MYAKKA
RIVER, AGAIN BEING FORCED

(IF THEY SURVIVED TO RELOCATE DUE TO HUGE
MANY DIED, SOME ENDANGERED) DEVELOPMENT (HOUSING) WEST OF
FREEWAY ON LAUREL NEXT TO PUBLIC
AND NEW HOSPITAL RIGHT OFF OF
FREEWAY AT INTERSECTION OF LAUREL
+ PIKEBROOK. →

TOO FREQUENT CHANGING OF
ZONE USE WHICH WAS ALREADY
ESTABLISHED AS A SPECIFIC LAND USE.
SETTING A PRECEDENT TO ALTERING LAND USE

WILLIAM'S LADY

ations if possible.

- STUDIES + EVALUATION of
consequences of these proposed
changes done carefully.
