The Knights Trail Neighborhood is predominately industrial, situated East of I-75 and along Knights Trail Road. This Neighborhood is bordered along its southern boundary by the Northeast Venice Neighborhood and the Laurel Rd Neighborhood. Based on the carrying capacity analysis and development standards for this Neighborhood, specifically the Industrial land use areas, approximately one-half of the City's non-residential development could be located in the Knights Trail Neighborhood.

However, it should be noted that based on the existing development patterns within this Neighborhood, achieving this level of development is unlikely and may place undue burdens on the public infrastructure, including transportation resources, without additional public expenditures by the City of Venice and Sarasota County.

Existing Land Use & Development

The Knights Trail Neighborhood encompasses approximately 1,350 acres (gross acreage) or approximately 12.3 percent of the total City size (area) including roads/rights-of-way. Based on information obtained in 2016 from the Sarasota County Property Appraiser's Office, there are approximately:

- 3 residential units (single family detached, single family attached, multifamily/ condominium), and
- 1,381,705 square feet of non-residential uses (industrial, commercial, office, civic, professional)

These numbers represent approximately less than 1 percent and 15 percent of the City's current residential and non-residential development, respectively.
