The input from Council on this year's state legislative priorities is that they should largely stay the same as last year's (attached), except the order should change.

Priorities listed are:

Beach renourishment  
Increase programs to help homeless, mental illness and addiction  
Transportation funding  
Support home rule  
Oppose shifting cost of relocating utilities  
Increase opportunities for historic preservation  
No oil or gas drilling  
Incentives for alternative energy and energy conservation and efficiency improvements
