Commissioners,

My husband and I own the property at 1150 Tarpon Center Dr., #601.

I'm writing to voice opposition to excessive building heights within the older part of town.

This includes the theater and the proposed church "tower."

Please keep the core part of town in its original condition as much as possible.

Thank you,
Belinda Howard

I am not in favor of making an exception or approval for a new 90 ft Steeple at the church.

My concern is additional approval of another request for added height. This could be used to set a precedence and where will it end?

I have not seen plans or details and my comment is made from what I heard from patrons of the Church.
