[16-1972](#)

Jason Miner Realty Public Art Application - Jason Miner

Mr. Hagler spoke on the sculpture and it being a nice addition to Centennial Park.

Jason Miner, 1405 Cambridge Drive, provided a presentation on the sculpture, safety aspect, installation of the sculpture and provided a photo.

Mr. Miner answered questions regarding the maximum speed, wind safety, public arts advisory board, and master plan of future art placement.

Mr. Hagler stated that it was recommended to the parks and recreation board from the public art advisory board, and spoke on seeking public art for the Venice area, donation of piece, kinetic art, and approval from risk management.

Discussion took place regarding the concerns of placement, the busy area in Centennial Park, sufficient space, other options or parks for the placement of sculpture, and the installation of a concrete slab.

Mr. Veneziano spoke on the installation of the sculpture, maintenance, safety, exposure to elements, and location of sculpture.

Mr. Hagler spoke on the location of sculpture and maintenance plan.

Discussion followed on a site visit of location of sculpture, lighting, children safety, concerns and hazards of parks, and liability issues.

**A motion was made by Ms. Piper, seconded by Mr. Woods, to accept Mr. Miner's proposal for installation of the sculpture at the proposed location and recommendation to City Council with Parks & Recreation Advisory Board's approval. The motion carried by voice vote unanimously.**
