

Office of the Mayor

Letter to Jim Foubister and Charles O'Donnell

On Saturday October 26, 2013 the City of Venice was the beneficiary of a spectacular volunteer effort. Through the superior organizing skills of One Christ One Church, more than 300 volunteers came to our community to contribute their time and talents to work in public parks and recreation areas, prune shrubbery, paint buildings, and repair park benches to help make Venice more beautiful.

Their collective efforts left a memorable impression on our community. Not only was the product of the well planned work schedule evident, but our own residents, and even visitors, were so impressed with the altruistic expression of volunteer energy that they willingly joined in to be part of this benchmark community project.

On behalf of City Council, city employees, and citizens of Venice, thank you for organizing and delivering this truly remarkable demonstration of spirit, talent, and labor to our community.

Sincerely,

John W. Holic
Mayor, City of Venice
