**APPENDICES SECTION V (6), CAPITAL IMPROVEMENT SCHEDULE  
Fiscal Years 2023 - 2027  
CITY OF VENICE 2017 – 2027 COMPREHENSIVE PLAN**

## 6. Capital Improvement Schedule

The Capital Improvement Schedule (CIS) is the implementing portion of the City's Capital Improvements Plan. Below is the adopted CIS for the 2023-2027 planning period.

**City of Venice**  
**Comprehensive Plan**  
**Five Year Capital Improvement Schedule (CIS)**  
**Fiscal Years 2023 – 2027**

**Introduction and Overview of the CIS:**

The five-year schedule of capital improvements is required by F.S. 163.3177(3)(b), and contains those major capital projects identified to achieve or maintain adopted levels of service for those public facilities identified in Strategy IN 1.3.1 – Level of Service located in the Infrastructure Element of the Comprehensive Plan. The majority of the projects contained within Tables 1-9 are City of Venice funded projects. **All identified projects are ranked by the City of Venice (by facility type), to clarify the order/priority of identified projects.** The Tables included in the CIS describe capital projects for specific public facilities:

**Table 1** Potable Water/Sanitary Sewer: Water Production

**Table 2** Potable Water/Sanitary Sewer: Water Distribution & Sewer Collection Systems

**Table 3** Potable Water/Sanitary Sewer: Water Reclamation Facility & Lift Stations

**Table 4:** Functional Open Space (Parks)

**Table 5:** Solid Waste

**Table 6:** Stormwater

**Table 7A:** Transportation - Roadway Improvements

**Table 7B:** Transportation - Bicycle/Pedestrian/Transit Improvements

**Table 8:** Other Capital Projects

**Table 9:** Long Range Capital Projects FY 2028 - FY2032 - This Table of the CIS is a long-range schedule of capital projects for the following public facilities: Transportation (Roads) and Potable Water. This schedule is intended to provide a long term (additional five years) guidance for the identification of longer term projects that are identified as needed for the 10 year planning horizon (FY 2031).

In addition, the City of Venice also hereby incorporates by reference projects of outside agencies that directly or indirectly expand the capacity of infrastructure and facilities within the City. These agencies include, but are not limited to, Sarasota County, the Sarasota County School Board (school projects) and projects included in the Metropolitan Planning Organization's 5 year Transportation Improvement Plan (TIP). Additionally, the City of Venice also incorporates by reference the City of Venice Joint Automated Capital Improvement Program (JACIP) for the identification and prioritization of aviation/airport projects.
