First of all, my husband and I are in favor of the CRPZ on West Venice Avenue. We live at 620 W. Venice Ave. and we feel having this CRPZ will only make our beautiful avenue more noteworthy.

We do have questions -

Will the required permit and hiring of a Certified Arborist to trim the branches be at the homeowners' expense or the City's expense?

Will the City trim the branches as needed or will the Homeowner have to notify the City when branches need trimming?

Here are photos of low branches at my neighbor's house at 628 W Venice Ave. (She is currently in Connecticut.) Someone from the City should drive by to see how low these branches can get.

I am a resident at 512 West Venice Ave
& asking that you vote affirmative for a Canopy Rd designation between the Esplanade & Avenue Des Parques.
Our beautiful live oak heritage trees are
A valuable asset to our City & we must be sure they have every protection we can provide.
Ciao
Phyllis & Mario Andella
