The amounts deducted shall be certified to the City by the Treasurer of Council 79, and the aggregate deductions of all employees shall be remitted, together with an itemized statement, to the Treasurer by the fifteenth of the month for deductions made the preceding month. A copy of the itemized statement shall be provided to the Treasurer of Local 1718 and another copy to the AFSCME Region 3 office. Section 2. Union Membership Rights. The parties agree not to interfere with the right of any employee covered by this contract to become a member of the Union, withdraw from membership in the Union, or refrain from becoming a member in the Union. There shall be no discrimination against any employee covered by this contract by reason of Union membership or activity, or lack of Union membership or activity.

ARTICLE 4

UNION STEWARDS, REPRESENTATIVES AND RIGHTS

Section 1. Recognition. The City recognizes and shall deal with the official spokesperson for the Union, in all matters relating to this Agreement, except as provided in Article 1, Section 4 (i.e., the designated alternate in the President's absence) and Article 19 (i.e., the processing of grievances by Stewards at Step 1).

Section 2. Stewards Time Off. The Union shall arrange, through a procedure set up by the Union, to elect or appoint eight (8) Union Stewards in designated departments or sections. All Stewards will be granted reasonable time off during working hours, not to exceed three (3) hours per week, to investigate and settle grievances on the job site which is within their jurisdiction, without loss of pay. Advance notification will be made to all supervisors concerned, with approval of times being subject to operational needs, and a monthly accounting shall be compiled and forwarded to the department director and Human Resources Department by the supervisor. Stewards will be responsible for handling Union business at their assigned location/department, particularly in the early stages of disciplinary action and presenting grievances at Step One. When disciplinary action has been elevated to the level of a pre-hearing, or when a grievance is being filed at Step Two, one of the more experienced Stewards from another department may represent the Union or the grievant in the matter, providing departmental operations are not disrupted in any of the affected areas.

Section 3. President, Vice President, Treasurer and Secretary Time Off. The President, Vice President, Treasurer and Secretary of the Local will be granted reasonable time off, not to exceed a combined total of sixteen (16) hours per month, without loss of pay, to handle Union business relative to the City's operations. Affected supervisors will be notified in advance of each such use of Union time, and grant approval based on operational needs. A monthly accounting of this time shall be compiled by the supervisor, and submitted to the department director and Human Resources Department.

Section 4. Grievance Time. Any employee who requests time to discuss a grievance matter with a Steward during working hours shall request and receive authorization for up to forty five (45)

minutes per grievance, without loss of pay, from their immediate supervisor subject to operational needs.

Section 5. Listing of Steward Positions. The employees covered by this agreement will be represented by no more than eight (8) Stewards designated from the various work areas as follows:

Airport	-	1 Steward
Water Production	-	1 Steward
Public Works	-	1 Steward
City Hall/Fire Department	-	1 Steward
Water Distribution/Collections	-	1 Steward
Police Department	-	1 Steward
Water Reclamation	-	1 Steward
Public Works/Solid Waste	-	1 Steward

One (1) Chief Steward and one (1) Alternate Chief Steward shall be selected from among the Stewards listed above, and shall have authority to handle grievances or conduct other emergency Union business outside their normally assigned areas. However, they shall obtain, in advance, the approval of their own immediate supervisor, and the supervisor of any other employee affected, to travel to another location for such purposes. Unless otherwise approved by the Human Resources Director, the previously stated time limits shall apply.

Section 6. Reporting of Changes of Stewards. A written list of the Union Stewards shall be furnished to the City prior to the effective date of their assuming the duties of that office. The Union shall notify the City promptly of any changes of such Union Stewards. No Steward will perform any grievance work unless they have complied with this section.

Section 7. Posting Notices and Communications. The City agrees that, during working hours, on the City's premises, and without loss of pay, a designated representative will be allowed to:

- A. Post Union notices on designated bulletin boards.
- B. Deliver written communications authorized by the Local Union or its officers, to the City or its representative, with the approval of the supervisor.

A copy of each such posting or written communication will be forwarded to the Union President and Director of Human Resources. Such activity and time off the job shall always be with the approval of the supervisor of the designated representative, subject to operational needs.

Section 8. Provision of Bulletin Boards. The Union shall be provided use of suitable bulletin boards, or a portion of an existing bulletin board, at each department/division location so designated by the City. The Union may, if it so desires, provide a bulletin board of standard size for its own exclusive use, in keeping with the décor of the above locations, and with the approval of the City.

Section 9. Space Usage. The Union agrees that it shall use space on bulletin boards provided for in Section 8 above, only for the following purposes:

- A. Notices of Union meetings
- B. Union Elections
- C. Reports of Union committees
- D. Rulings and policies of the Union
- E. Recreational and social affairs of the Union
- F. Notices of public bodies

Section 10. Approval of Material to be Posted. Copies of all material, notices or announcements posted will be submitted to the Union President and the Director of Human Resources at the time of, or prior to the posting.

Section 11. Abuse. Alleged abuse of the bulletin boards will be a matter for a special meeting or conference between the proper official of the Union and the City or their designee.

Section 12. Member Attendance at Negotiations. Three (3) members of the Union will be permitted to attend negotiations during on-duty time without loss of pay. No one attending on off-duty time will be paid (i.e., those who work shifts or days other than regular City Hall working hours). Any such attendance must be coordinated by the employee with their supervisor, and is subject to the operational needs of the department involved as well as to on-call responsibilities if emergencies occur.

Section 13. Leaves of Absence. Members of the Union elected to Local Union positions, or selected by the Union to do work for the Union which takes them from their employment shall, at the request of the Union, receive leaves of absence without pay for a period not to exceed two (2) years or the term of office, whichever is shorter. Upon their return from such leave, they shall be reinstated at an available job which would be equivalent to the job they left, both in performance and monetarily.

Section 14. Copies of Policies, Procedures and Job Descriptions. It is understood that the Human Resources Director shall supply to the Union President in a timely manner copies of any new or revised policies, procedures or job descriptions.

ARTICLE 5

EMPLOYMENT AND SENIORITY CLASSIFICATIONS

Section 1. Definitions.

- A. Employment Seniority. Employment seniority is hereby defined as the employee's length of continuous service after the initial date of employment. An employee's continuous service record shall be broken by voluntary resignation, retirement, and discharge for just cause.
- B. Classification Seniority. Classification seniority is hereby defined as the length of service in a specific or equivalent position title within the bargaining unit. Previous service in the same position title is part of the accumulated classification seniority. Unless specifically stated otherwise, the use of the term "seniority" in this Agreement shall be understood as referring to classification seniority. For the purposes of classification seniority only, employees in the position titles of Plant Operator A, B, and C shall be combined into one classification seniority group at both the Water Production and Reclamation facilities.
- C. Bargaining Unit Seniority. Bargaining unit seniority is defined as the length of continuous service within the certified (PERC) bargaining unit since the last date of entry into the bargaining unit.
- D. Equivalent Position. An equivalent position is not a "similar" position, but one that, though the title may be or may at one time have been different, consists of the same duties and responsibilities.

Section 2. Application of Seniority.

- A. Probationary Employees. All newly-hired employees shall be considered probationary employees for six (6) months after date of hire. ~~There shall be no provision for the extension of employment probation;~~ probationary status ends automatically after six (6) months for all positions except Police Criminalistics

positions. Due to the extensive training required, the probationary period for the Criminalistics positions shall be one (1) year. In no case shall the probationary period extend beyond one (1) year for any position—, except for medical reasons and only to the extent the employee was absent during the probationary period, not to extend 60 days. The six (6) months or one (1) year may be extended for up to 60 days to the extent that the employee was absent during the probationary period. When an employee finishes their probationary period, they will be entered on the Seniority Roster of the Unit as of the original date of employment.

- B. Seniority Rosters. On a continuing quarterly basis, department directors shall have a Seniority Roster prepared and posted on their respective employee bulletin boards. Two (2) copies shall be furnished to the Union via e-mail. The Seniority Roster will list each bargaining unit employee by classification and position title within that department in the order of seniority and reflect each employee's date of classification seniority and date of hire. When two (2) or more employees have the same classification seniority date, their seniority position shall be determined by their employment seniority date.

Section 3. Other Seniority. The application of seniority other than as set forth elsewhere in this Agreement, shall be subject to negotiations in supplemental agreements to this Contract.

ARTICLE 6

WORK SCHEDULES, SHIFT ASSIGNMENTS AND CHANGES

Section 1. Work Week. The normal work week shall consist of a pre-established schedule totaling forty (40) hours of work per week.

Section 2. Work Day.

- A. For employees on a five (5) day work week, the normal work day shall consist of eight (8) consecutive hours of work and a duty-free unpaid thirty (30) minute meal period, within a twenty-four (24) hour period.
- B. For employees on a four (4) day work week, the normal work day shall consist of ten (10) consecutive hours, or as determined due to operational needs, and shall include a duty-free unpaid thirty (30) minute meal period.
- C. For employees working a schedule that includes twelve (12) hour shifts, the normal work day shall be as bid through a classification seniority process, and shall include a duty-free unpaid thirty (30) minute meal period.
- D. Except for Plant Operators who must work through their lunch period, employees' daily work schedules shall include a duty-free unpaid thirty (30) minute meal period subject to operational needs. The meal period shall be spent in a location at the employee's option within the time frame allotted unless otherwise designated as a condition of employment.

Section 3. Work Shift. A work shift is defined as a regularly recurring period of work with a fixed starting time and ending time, exclusive of overtime work.

Section 4. Work Schedule. Work schedules showing the shifts, days and hours of all shift employees for a one (1) month period shall be posted on appropriate bulletin boards by the fifteenth of the preceding month. At the time of posting, a copy will be sent by the department to the applicable Union Steward and the Union President. Employees may mutually agree to exchange shifts, days, or hours of work with the prior written approval of the supervisor. If the mutual change

by employees results in a change of shifts where shift differential is a factor, such differential will be paid according to the actual work records, and shall apply to all the hours worked by the substitute individual. Notification of non-emergency permanent schedule changes affecting the schedules of employees, regardless of the number affected, shall normally be provided to the applicable Union Steward at least fourteen (14) calendar days before the change is proposed to take place. Exceptions to this notice requirement shall be; (a) those employees specifically designated by their job description or assignment as a “floater” who are employed with the understanding that they are to fill in as needed, and whose schedules are subject to frequent change, or (b) when absences in an operation create severe manning shortages and workload backlogs requiring drastic action. In those cases, the City shall make every effort to notify either the Union or the employee in advance of schedule changes in any case where the City itself has advance notice of such a need. Under normal circumstances, work schedule changes initiated by the City affecting an individual employee shall be in accordance with classification seniority, and shall not be solely for the purpose of avoiding overtime.

Section 5. Reporting Time. Any employee who is scheduled to report for work and who presents for work as scheduled shall be assigned to at least three (3) hours work on the job for which they were scheduled to report. If work on the job is not available, the employee shall be excused from duty and paid, at their regular rate, for three (3) hours work at the appropriate rate, either straight time or overtime, whichever is applicable.

Section 6. Late Report. An employee who is not at work at the prescribed time will be classed as late. If an employee realizes they are going to be late, that employee must notify their immediate supervisor no later than starting time for that department. A supervisor may grant emergency vacation time to an employee calling in late or tardy if extended time is needed to attend to vehicle or family problems.

Section 7. Change in Individual Shift Schedule. An employee may request a work schedule change once every three months. The city will consider each request and advise the employee of the outcome in a timely manner. There will be no obligation on the City to honor the request. Work schedule changes initiated by the City affecting an individual employee shall be in accordance with seniority. In the event of a change in shift from a pre-established work schedule, employees must

be off their regular work period for a minimum of three (3) shifts, or the equivalent, before reporting to work under the new shift. The only exceptions shall be those designated by their job description or assignment as a “floater” by the City, and any employee who volunteers to work an extra shift to facilitate the change. (The City will confer with the Union regarding any future positions which will be designated as “Floater”.) The City retains the right to alter the schedule of an employee who is injured at work and is assigned light duty, without prior notice.

Section 8. Change in Job Assignment. When permanent changes in job assignments are made by the City, employees within the position classification affected by the change may exercise their classification seniority as defined in Article 5, Section 1 to remain at their current assignment.

Section 9. Shift Changes. Absent any emergency operating needs of the employer, a permanent change in an employee’s normal shift assignment shall commence on the first day of the employee’s work week. When permanent changes in shift assignments are made, employees within a position classification at a facility shall be entitled to exercise seniority as defined in Article 5 to retain their current shift assignment. In the event that an employee’s days off change, requiring ten (10) or more consecutive work days in a row to facilitate the shift change, the employee shall be given one (1) working day off during that period.

Section 10. Rest Periods. All employees will be provided a fifteen (15) minute paid rest period for each half-shift or three and one-half (3-1/2) hours worked.

Section 11. Days Off. Employees working in continuous operations shall be entitled to exercise classification seniority in the selection of days to be off duty, provided the resulting schedule is not deemed by the City to be detrimental to departmental operations.

ARTICLE 7

OVERTIME AND PAY DIFFERENTIALS

Section 1. Shift Premiums. Employees who are regularly scheduled for afternoon and night shifts shall receive, in addition to their regular rate of pay, a premium of fifty cents (~~\$0.50~~1.00) per hour to their regular rate of pay for the afternoon shift, and a premium of one dollar (~~\$1~~2.00) per hour to their regular rate of pay for the night shift.

Section 2. Overtime Payment and Compensatory Time.

- A. Non-exempt employees on a four (4) or five (5) day work week who are requested to work in excess of forty (40) hours per week, shall either be compensated at the rate of one and one-half (1-1/2) times their regular straight time hourly rate of pay, or shall receive compensatory time off at a rate of one and one-half (1-1/2) times the period worked at the discretion of the employee.
- B. Compensatory time off must be used in the fiscal year in which it was earned, or can be scheduled to be used within the first two months of the following fiscal year. Compensatory time paid used within the first two months of the following fiscal year will be paid out at the prior fiscal year's rate of pay. Compensatory time off may be requested by an employee and may be granted by a supervisor for immediate usage subject to operational needs, as determined by management. Such refusals shall not be subject to the grievance procedure. No more than forty (40) hours compensatory time can be used at one time without specific approval of the department director and Human Resources Director, indicating that such use is in no way detrimental to operations. On the last pay check date of each fiscal year, employees with non-scheduled compensatory time off will be paid for all compensatory accrued hours at one and one-half (1-1/2) times their current rate of pay. Alternatively, at the election of the employee, the payout may be made to a deferred compensation account belonging to the employee. The City will assist upon request with opening said account. Except for emergency situations, requested and approved through use of

the ***Buy Back/Cash In Form***, this will be the only occasion when an active employee is allowed to cash in all or part of their compensatory time balance.

- C. With the exception of compensatory time off, only time actually worked shall count as hours worked. Time during which an employee is excused from work because of vacation, holidays, sick leave, or other leave with pay shall not be considered as hours worked for the purpose of calculating overtime.
- D. During periods when a civil emergency has been declared, all overtime will be compensated in accordance with the City of Venice, Florida Civil Emergency Pay Policy.
- E. Employees who work an overtime assignment for a period of five (5) hours or more, and such overtime assignment ends less than six (6) hours before the start of the next regular work shift, shall at the employees' option, either:
 - (1) Go ahead and work that next regular shift, receiving time and one-half (1-1/2) pay for all hours worked during that regular shift which occur prior to the period of six (6) hours from the end of the previous overtime assignment. The remainder of the regular shift shall be compensated at straight-time rates.
 - (2) Be excused from reporting to their regular shift until at least six (6) hours have passed from the time of their previous overtime assignment. The employee will then be allowed to work only the remainder of the regular shift, but be paid seven (7) hours of straight time pay regardless of the number of hours actually worked.
- F. The City has the right, at the time overtime work is assigned, to inform the employee if only a partial shift is available. However, the City shall endeavor to provide full shift overtime opportunities instead of partial shifts to employees who are on a scheduled day off. Under normal conditions, however, employees' shifts will not be broken, nor shall employees be relieved from duty prior to the end of their regular work shift, for the specific purpose of avoiding overtime hours/pay.

Section 3. Scheduling Overtime.

- A. Overtime work is not available until the point in time when a supervisor determines that an additional person must be called in to assure operational efficiency, and that the work cannot effectively or safely be performed by the personnel on duty. Overtime work shall be offered on the basis of classification seniority.
- (1) The Seniority Roster in effect at the time a supervisor determines the need for overtime will be used to prepare classification seniority rankings for an Overtime Roster. Each supervisor shall prepare, maintain and post an Overtime Roster.
 - (2) When it is determined by management that applicable overtime is necessary, management will call through the Overtime Roster beginning with the most senior employee to determine if any employee would volunteer for the overtime. If the employee cannot be reached at the telephone number provided to management, management will attempt to leave a message for the employee and the employee will have fifteen (15) minutes in which to return the call and accept the overtime assignment, except in an emergency situation, in which case the fifteen (15) minute requirement will not apply. When an employee volunteers, that employee is assigned the voluntary overtime. Subsequent volunteer overtime opportunities shall begin with offers to the next employee on the Overtime Roster from where the last voluntary overtime opportunity was granted.
 - (3) Except in the event of an emergency or potentially hazardous situation, as determined by the department director or designee, the performance of overtime shall be on a voluntary basis. There will be no discrimination against any employee who declines to work overtime.
 - (4) In the event no employee elects to voluntarily fill the overtime, management may elect to offer the overtime to an appropriate qualified

supervisor/management representative.

(5) If no supervisor/management representative elects to fill the overtime, then the overtime will be assigned beginning in reverse order of seniority. For example, the least senior employee will be directed to perform the overtime. Once this least senior employee has served an overtime role, the next least senior employee will be directed to perform the overtime. The mandatory overtime will rotate in reverse order through the Overtime Roster until it reaches the most senior employee, at which time the process will begin again. Mandatory overtime shall be paid at the time-and-one-half (1-1/2) rate.

- B. In the event an employee is inadvertently not called in accordance with the posted Overtime Roster and/or not given the proper opportunity to work overtime in violation of this Agreement, that employee shall have their name placed at the top of the Overtime Roster. This shall represent the only exception to paragraph A above, which requires the application of seniority in overtime assignments.
- C. The Union recognizes that work in progress shall be completed by the employee performing the work. In the event that an employee comes to the end of a regularly scheduled shift and at that time the City requires that the employee remain at work to complete the necessary work in progress, hours worked in the extended shift shall be paid at time and one-half (1-1/2) regardless of hours worked that week.
- D. Under emergency conditions, the number of persons called in and the specific individuals called to work overtime shall be at the discretion of the supervisor.

Section 4. Time Worked. Paid rest periods shall be considered the same as time worked for the purpose of determining when overtime starts.

Section 5. Meal Allowance. When an employee works four (4) hours or more after completion of a regular shift, the City shall make every effort to provide a thirty (30) minute duty-free meal period. If such a meal period is not possible or allowed by the City, the employee shall receive an extra thirty (30) minutes for payroll purposes.

Section 6. Stand-By Pay. An employee shall be in an on-call status if their supervisor has instructed the employee, in writing, to remain available to return to work during an off-duty period. An employee who is so instructed is not required to remain at home or in any other fixed location, but must keep the supervisor or designee informed as to where they may be reached by telephone. Electronic signaling devices (e.g., beepers, cell phones) may be issued by the City based on their availability, but management can specify for which shift(s) the on-call status is assigned and stand-by pay will be awarded. Such an on-call assignment means the employee must accept and respond to each and every call made during that period of time. Any employee who is instructed to be in an on-call status will be compensated for such time at the rate of seventy-two dollars (~~\$72~~80.00) for weekends (Saturday and Sunday only), and twenty-four dollars (~~\$24~~35.00) per day for each day they are on-call on weekdays (Monday through Friday). Weekday on-call will normally be considered 24-hours minus any time worked (including regular shifts, overtime, exchanged shifts, etc.) Any employee who is instructed to be in an on-call status on Christmas Day or on Thanksgiving Day will receive an additional \$25 for each day.

Each department which might have occasion to utilize bargaining unit members on stand-by will determine which position titles have sufficient knowledge and skills to be qualified to act in that capacity. All employees in the selected classifications shall then be eligible, and shall be assigned to stand-by status on a rotation basis according to the respective seniority. If a department/facility designates more than one position title as eligible, the rotation shall be based on seniority with the department/division rather than classification seniority. This provision and procedure does not change in any way the City's right to assign stand-by status to management/supervisory personnel whenever it deems necessary.

Employees may be on call on the same day in which they use vacation, sick or compensatory time except where in case of sick time the sick time is for an entire work shift, and is for the employee's personal use and is not for an immediate family member.

Section 7. Emergency Call-Back. An employee who is called to work without advance notice outside of their regularly scheduled shift shall be paid for each call-back the hours worked or a minimum of three (3) hours pay, whichever is greater, at the rate of time and one-half (1-1/2) the employee's regular straight time hourly rate of pay. The employee may elect to receive

compensatory time off in lieu of compensation for the period worked, or a minimum of three (3) hours at the rate of time and one-half (1-1/2), whichever is greater. For pay purposes, call time shall begin when the employee leaves home to report to the emergency call-back assignment based on reasonable commuting time as determined by the City, and ends when the employee leaves to return home. If the call back work assignment and the employee's regular shift overlap, the employee shall either be compensated the appropriate call-back time rate of pay or accumulate the premium compensatory time off until their regular shift begins, and the regular shift shall continue until the employee's normal quitting time.

Employees may be called back on the same day in which they use vacation, sick or compensatory time except where in case of sick time the sick time use is for an entire work shift, and is for the employee's personal use and is not for an immediate family member. In any case, when an employee is not on call, the employee shall have the option of responding to a call-back or not.

ARTICLE 8

JOB SAFETY

Section 1. General. Adequate, clean, safe and sanitary working conditions shall be provided for all employees in conformance with the provisions of all applicable Federal, State and Local laws, rules, regulations and ordinances. The City Safety Committee will work with each department in an effort to ensure that these goals are met.

Section 2. City Safety Committee. The City Safety Committee, which shall include a designated representative of the Union, is the official vehicle for addressing safety concerns of both employees and the Union. The committee is charged with reviewing accident and incident reports, facilitating safety inspections, and making recommendations with regard to preventing recurrence, correcting unsafe conditions, or enhancing safety policies and procedures.

Section 3. Employee Safety & Vehicle Safety.

- A. The City encourages safe driving of all City vehicles and will endeavor to provide training and support to that end. All vehicles shall be kept in safe operating condition at all times. Employees are required to notify their immediate supervisor in writing of any condition they deem to be unsafe. Upon such report, the supervisor will take whatever measures may be necessary to verify that an unsafe condition exists. If the unsafe condition is verified, action will be taken to correct it. Should the unsafe condition not be corrected within a reasonable time, the situation shall be brought to the attention of a Steward. No employee shall be required to perform work where there is imminent danger to life and/or limb; the Union Steward will be notified by the employee of circumstances involving the unsafe condition. If the condition is unsafe based upon the Steward's evaluation, then the Steward will notify the supervisor. Should the Supervisor disagree with the Steward, then the Steward and the supervisor will confer with the Union President, department director and the City's risk management. If it is decided no unsafe condition exists, the employee will be obligated to perform the work. Corrective action will be taken as soon as possible to correct any unsafe condition that exists. The Union has the right to grieve

if the unsafe condition still exists, but it cannot grieve a management safety policy. An arbitrator shall initially have the power to decide only whether the subject facilities or conditions meet the required standards, but may not affirmatively direct how the City should comply with this Section.

- B. First aid chests, adequately marked and stocked, shall be provided by the City in sufficient quantity for the number of employees likely to need them, and such chests shall be reasonably accessible to the employees. The City may provide for the training of key personnel in the use of first aid techniques without cost to the employees, and such training shall be kept current. Employees shall have the right to adequate training in safe work procedures and recognition of workplace hazards. The City shall provide protective equipment for employees doing hazardous work. The City shall provide, upon request, to employees who are required to work outdoors, caps, and/or sunscreen lotion in reasonable quantities.

Section 4. Reporting of Injuries. When an employee has been injured in the course of employment, he or she shall immediately report the injury to the immediate supervisor. Should the employee be unable to do so, any employee at the scene shall make the report. If medical treatment is necessary, it shall be sought in accordance with the procedures prescribed by Florida Workers Compensation statutes. This information will be posted, and/or otherwise communicated, and updated periodically by the Director of Human Resources as needed. (Although these procedures are designed and intended to facilitate easier processing of forms and access to treatment for injured employees and their supervisors, the offices of Human Resources will provide assistance.) The period of time between the occurrence of the injury and the end of the employee's regular shift shall be considered sick leave, unless the employee returns to work after receiving medical attention. Vacation or compensatory time may be used if the employee has depleted sick leave accruals.

Section 5. Return to Duty. Employees on injury leave with pay shall be returned to duty at the earliest practical date. In the event the employee is unable to report to work, even temporarily, the employee shall provide written notice from the attending Workers Compensation physician within two (2) City Hall working days. The City shall have the right to require periodic examinations by a City authorized health care provider in order to evaluate the progress of an employee. Employees

on injury leave will be assigned to light or limited duty by the City, if such duty exists and the employee is physically capable of performing the duty. No employee will be allowed to return to work without a doctor's statement, either indicating the type of work the employee can perform, or giving complete release of medical care.

Section 6. Definition of Injury or Accident. "Injury" shall mean violence to the physical structure of the body and such disease or infraction as naturally results there from. For the purpose of this provision, injury shall also include certain diseases allowed under the Florida Worker's Compensation Law of the State of Florida. An "accident" shall be construed to mean an unexpected or unforeseen event happening suddenly and violently, with or without human fault, and producing at the time objective symptoms or an injury.

ARTICLE 9

VACANCIES, POSTING AND FILLING POSITIONS

Section 1. Definition. For the purpose of this Agreement, “vacancy” shall be defined as an opening within a classification included in the bargaining unit for which funds have been appropriated and which the City has determined shall be filled.

Section 2. Job Posting. Whenever a permanent vacancy occurs within the bargaining unit, or the City creates a new bargaining unit job classification that is not merely a reclassification of an existing title in which there is a qualified incumbent employee, and the City determines that such vacancy is to be filled, the City shall advertise the position for a minimum period of five (5) City Hall working days, except in cases where a new vacancy arises within the same classification within 50 calendar days of the original posting or by agreement between the Union President and the Director of Human Resources. The Human Resources Department shall distribute copies of job announcements for posting on department bulletin boards.

Section 3. Written Applications. Employees (including those on layoff status) desiring to be considered for said vacancy shall make written application for the position to the Human Resources Department in accordance with the job announcement.

Section 4. Filling Positions.

- A. The selection to fill positions shall be based on the most qualified candidate. The City shall interview any bargaining unit members that make written application and meet the minimum requirements for the position, acknowledging any advantage(s) they might have in knowledge or skills as a result of their experience with the City.
- B. A bargaining unit employee who has been selected as the most qualified candidate for the vacancy shall serve a position probation period of up to ninety (90) days. Exceptions shall be for positions requiring considerable technical expertise, special training or certification, which shall allow position probation of up to twelve (12) months. Such exceptions shall be determined at the sole discretion of the City, and shall be clearly identified/specified in the job description and job announcements

when applicable. (See Section 5 below if a promotion is involved.) This may be extended for up to 60 days to the extent that the employee was absent during the probationary period (as per Article 5 section 2). If it becomes apparent that the employee will be unable to successfully transition into the new position, the hiring authority may determine, or the employee may choose, to return the employee to his previous position at any time during the probation period. Procedures for bumping, as provided in Article 21, will be applicable if the employee's old position has been filled.

Section 5. Promotions/Lateral Transfers.

- A. The term "promotion", as used in this provision, means the advancement of an employee to a position in a higher grade. Any upward adjustment of a position's pay grade negotiated as part of a collective bargaining agreement shall not constitute a promotion as defined herein. Promotional pay shall be effective upon filling the position and shall begin immediately at that time, without regard to the completion of the probationary period for the promotion. A lateral transfer is a move to a position with the same grade.
- B. Upon appointment to a higher classification, or a lateral transfer, an employee shall be on promotional probation for a period of ninety (90) days. Permanent status is automatically granted at the end of the maximum probation unless specific action is taken to prevent it. Likewise, if it becomes apparent that the employee will be unable to successfully transition into the new position, the appointing authority may determine to return the employee to their previous position at any time during the probation period. Procedures for bumping will be applicable if the employee's old position has been filled.
- C. Any bargaining unit employee who, during a promotional probation period, either chooses or has failed to achieve permanent status, shall be permitted to return to their former position classification, status, salary, benefits and seniority.

- D. Promotional consideration for classifications excluded from the bargaining unit shall not be subject to the provisions of this Agreement.

Section 6. Demotions.

- A. The term “demotion”, as used in this provision, means reassignment (whether voluntary or involuntary) from a position in one job classification/grade to a position in a lower paying job classification/grade for which the employee is qualified.
- B. Demotions shall be made either to avoid laying off employees or where the employee’s performance is not satisfactory. In any case involving demotion to avoid layoff, the employee involved shall have the right to elect which alternative they will take, the demotion or the layoff.

Section 7. Consolidation or Elimination of Jobs. Employees displaced by the elimination of jobs through job consolidation (combining the duties of two or more jobs), the installation of new equipment or machinery, the curtailment or replacement of existing facilities, or for any other reason, shall be permitted to exercise their employment seniority rights procedure defined in Article 21, Layoff and Bumping.

Section 8. Temporary Job Openings. Temporary job openings are defined as vacancies in any job classifications that may periodically develop due to unusual or emergency circumstances but are not intended by the City to be budgeted for an entire fiscal year. Job openings that recur on a regular basis, or that remain open more than ninety (90) days at a time, shall not be considered temporary.

Section 9. Temporary Absences. In situations where an employee is absent from work under FMLA or during a post-FMLA period of absence if allowed at the city’s discretion, or is unable to perform normal duty as a result of a work-related injury and is performing light duty, the city may hire temporary help for up to 180 days to do work normally done by the employee.

Section 10. Seasonal Employees. The City may hire seasonal employees to supplement the city’s workforce. The City will not remove, displace or lay off a full-time employee for the purpose of hiring a seasonal employee. For the purposes of this section, the calendar months of June, July, August and September will be considered ‘Summer Season’. The months of December, January, February and March will be considered ‘Winter Season’. Seasonal employees may be hired for a

period not to exceed 90 consecutive days during each employment term, which must be within Summer season or Winter season.

ARTICLE 10

CLASSIFICATIONS AND JOB DESCRIPTIONS

Section 1. Classifications. The City shall provide the appropriate Union Steward and the Union President with a copy of any revised or new classifications for titles covered by this Agreement at the time such revisions are completed. The Union will then have a period of seven (7) calendar days within which to provide comment. The City will consider any Union comment provided.

Section 2. Individual Appeal of Classification. Individual employees shall have the right to appeal the propriety of the grade level of their position through the grievance procedure herein in the event of a change in the classification.

Section 3. Request Copy of Job Description. Each employee in the bargaining unit may request a copy of their job description. At the time a new employee is hired, they will be provided with a copy of the job description for which they have been employed.

Section 4. New Jobs. The City shall notify the Union of all new jobs created in the bargaining unit. Job descriptions for new positions in the bargaining unit shall be sent to the Union on a timely basis.

Section 5. Performance of Duties. Employees shall generally be required to perform only duties appropriate to their position. However, it shall be understood that employees may, from time to time, be required to perform some work outside their job description, but such occasions shall not be frequent nor continually reoccurring.

Section 6. Reclassifications. The AFSCME President will be notified in writing of any proposed reclassification and will be given thirty (30) calendar days to provide written input, which the City Manager will take into account before reaching a final determination.

ARTICLE 11

HOLIDAYS

Section 1. Holidays. Employees in the bargaining unit will observe the following days as paid holidays:

1. New Year's Day
2. Martin Luther King, Jr. Day
3. President's Day
4. National Memorial Day
5. Independence Day
6. Labor Day
7. Veteran's Day
8. Thanksgiving Day
9. Day after Thanksgiving
10. Christmas Eve
11. Christmas Day

Section 2. Holiday Pay. All employees shall receive one day's pay for each of the holidays listed above on which they perform no work. Whenever any of the holidays listed above falls on Saturday, the preceding Friday shall be observed as the holiday. Whenever any of the holidays listed above falls on Sunday, the succeeding Monday shall be observed as the holiday. If a holiday is observed on an employee's scheduled day off or the employee is on sick leave or vacation, he shall be paid for the unworked holiday.

Section 3. Required Holiday Work. For employees in the 24-hour operations of Police and Utilities, and/or those shifts where only one (1) person is assigned, or for emergency situations, work required by the City on holidays will be mandatory.

Section 4. Holiday Work. If an employee works on any of the holidays listed above, they shall be paid one and one-half (1-1/2) times their regular hourly rate of pay for all hours worked in addition to the holiday pay. Although such actual time worked shall count as hours worked for the

purpose of calculating overtime, holiday hours paid but not worked shall not count toward overtime.

Section 5. Qualifications for Holiday Pay. An employee shall be qualified for holiday pay provided the employee either works, or is on paid status as a result of approved time off (i.e., vacation, sick leave, compensatory time off, etc.), or is on a scheduled pass day on both the entire day before and the entire day after the holiday.

ARTICLE 12

VACATIONS

Section 1. Vacations.

- A. The City agrees to provide employees with vacation leave as set forth below.
- B. Employees shall begin earning vacation credits on their first day of employment. Credits shall be accrued by the employee at the end of each month, as long as the employee has been on City paid status (issued a City paycheck) for at least eighty (80) working hours in the month. Holiday pay hours not worked, vacation, sick leave, workers' compensation supplemental pay, and other leave with pay shall be included in calculating the eighty hours. Employees shall be granted vacation according to the following schedule:

<u>Years of Continuous Service</u>	<u>Vacation</u>
One through seven years	8 hours per month
Eight through twelve years	12 hours per month
Thirteen years or more	16 hours per month

- C. Each employee shall be encouraged to take a total of at least two weeks vacation each calendar year, and shall be allowed to take at least two consecutive weeks of vacation during each year. Each supervisor may develop and post a vacation schedule as early as possible in the leave year. If City operations would suffer by scheduling all requests during a given period of time, a schedule will be worked out with all conflicts to be resolved by the application of employment seniority as defined in Article 5, Section 1. After vacations are posted, no changes shall be made unless mutually agreeable or an emergency arises. Employees shall be encouraged to take at least one-half of the number of hours they earn each year in actual time off. As an incentive to that end, they will be allowed to carry over/bank from one year to the next only a number of hours equal to the number they take in time off, but no greater than one-half of what was earned. Alternatively, at the election of the employee, the value of the hours carried over may be paid to a deferred compensation account belonging to the employee. The City will assist

upon request with opening said account. -Any time not taken or banked in this manner by December 31 of each year ~~the end of the pay check date in December which generates the last pay check date of each calendar year~~ (subject to the provisions of paragraph F below), will be deleted without compensation. Any employee at risk of losing accrued time shall be given specific written notice of that status in this regard at least thirty (30) calendar days in advance of the last pay check date. One exception to the “use or lose” provision will be if an employee is hired after October 1st in any given year, then that employee is not required to take one half of the vacation accruals earned for the rest of that year. An employee in this situation will be allowed to carry over any accrued time into the next year, but will be required by the end of the last full pay check date of that year to take one-half of anything accrued, including the time carried over. A second exception to the “use or lose” provision will be that in extenuating circumstances, approved by the Director of Human Resources, employees will be allowed to use vacation time that would otherwise be lost before the end of February of the following calendar year.

- D. Every reasonable effort shall be made by the City to schedule employees’ vacations at a time agreeable to the employee, insofar as adequate scheduling of the work unit permits. If it is necessary to limit the number of employees within a classification on vacation at the same time, the vacation schedule shall be established on the basis of classification seniority within the employee’s bargaining unit and the work unit in the event of any conflicts over vacation periods. Employees shall submit written requests for vacation to their supervisor at least five (5) calendar days in advance of the date desired, on forms furnished by the City. Emergency vacation leave requests may be considered only if the employee states to their supervisor the nature of the emergency in full detail. The use of emergency vacation shall not, in and of itself, become a reason for counseling, poor performance rating, or disciplinary action. However, it may be considered pertinent where excessive absenteeism becomes an issue for a particular employee. In order to minimize the chances of abuse, the City and Union agree that emergency vacation shall not be deemed excessive if it is limited to three (3) days per year.

- E. Should an employee become ill or disabled while on vacation, vacation leave shall be changed to sick leave, effective the date of the illness or disability upon notice to the employee's supervisor. The employee must notify their supervisor upon the onset of the illness or disability.
- F. Employees shall be permitted to carry from one year to another not more than 280-hours of vacation time. In the event that an employee has accumulated more than this maximum at the end of any calendar year, and has been precluded by the City from the use of the excess, that employee shall be compensated for all the time in excess of the maximum at the specific rate of pay which is in effect at that time. These payments shall be made on the last pay check date in November each year Alternatively, at the election of the employee, the payout may be made to a deferred compensation account belonging to the employee. The City will assist upon request with opening said account.
- G. Any employee separated from their job shall be compensated for all credited vacation leave at the time of separation. All accumulated vacation credits shall be paid to the estate of an employee in the event of death. Such compensation shall be based on the rate(s) of pay which was in effect at the time of separation, as calculated by the City.
- H. Absence on account of sickness in excess of that accumulated for such purpose will be charged against vacation leave allowance. Absence on account of injury or disability in excess of that authorized for such purposes will be charged against vacation leave allowance. Except as otherwise provided in Article 7, employees on vacation leave shall not be subject to call-back.

ARTICLE 13

SICK LEAVE

Section 1. Allowance. Any employee contracting or incurring a non-employment related sickness or disability which renders such employee unable to perform the duties of their employment, may utilize sick leave with pay. Employees shall be eligible to accrue sick leave from the initial date of employment for as long as they are in service to the City. Employees shall be allowed eight (8) hours of sick leave for each month of service. Sick leave shall be given to an employee by the City at the end of each month for any month in which the employee is on City paid status (issued a City paycheck) for at least eighty (80) working hours in the month. Holiday pay hours not worked, vacation, sick leave, workers' compensation supplemental pay, and other leave with pay shall be included in calculating the eighty hours.

Section 2. Utilization. Sick leave is a privilege to be granted for the employee's personal illness or medical examinations, or to cover absences made necessary by illness in an employee's immediate family. Excessive or pattern use of sick leave without extenuating circumstances will be considered abuse of the privilege, and be subject to oral counseling or disciplinary action. An employee shall be granted sick leave with pay to the extent of the employee's accumulation for absences necessitated by illness, disability, pregnancy or pregnancy related problems; by necessity for medical, chiropractor, or dental care; or by exposure to contagious disease which endangers the health of other employees, clients, or the public. The City reserves the right to determine what diseases qualify as contagious, based on consultation with the City's designated health care provider, while maintaining the confidentiality required by law with regard to individual medical information.

Section 3. Sick Leave Charges. An employee utilizing sick leave shall be charged for only the number of hours scheduled to work during the period of their sick leave. In no instance shall sick leave be granted for periods of less than one-fourth (1/4) hour, except to permit utilization of lesser fractions that have been accrued. At the discretion of the employee, holidays that occur during sick leave periods shall be paid as a holiday and not charged as a sick leave day.

Section 4. Sick Leave Value. The City will document in each employee's personnel file the number of hours of each employee's sick leave accrual as of October 1, 2013. Only these

documented hours may be used for the purposes of cash outs detailed in Sections 5 and 6 below. Hours accumulated from October 1, 2013 onward under Section 1 above may be used in accordance with Sections 2 and 3 above but will have no cash out value. Hours used will be drawn from the bank of hours accumulated before October 1, 2013 first.

Section 5. Unused Sick Leave. Subject to the cap in Section 4, employees shall be compensated in cash for any accumulated unused sick leave when they are permanently separated from employment as a result of voluntary resignation, retirement, or death. In the event of death, payment is to be made to the estate of the employee. The amount of payment for all unused sick leave is to be based on the rate of pay in effect at the time of separation, as follows:

- A. For employees hired before 10/1/93, one-half (½) of the employee's regular straight-time hourly rate of pay; or
- B. For employees hired on or after 10/1/93, one-quarter (1/4) of the employee's regular straight-time hourly rate of pay.

Section 6. Accumulated Sick Leave. In case of serious personnel emergency, which must be verified and approved through the use of the **Buy Back/Cash In Form** procedure provided by the City, the employee may exchange accumulated sick leave. For each hour of accumulated sick leave converted, the formulas in Section 5 A and B shall be used.

Section 7. Doctor's Explanation/Release. When the duration of sick leave exceeds three (3) days, an employee may be required to furnish the Director of Human Resources with a written doctor's explanation of the employee's illness or disability. Similarly, the City has the right to require a "return to work" authorization signed by a doctor before permitting an employee to return to work after any serious injury or illness.

Section 8. **Unscheduled Sick. Due to unforeseen circumstances, employees who incur sudden illness, or the illness of an immediate family member as defined in this Agreement (City definition recognized), or who are providing caregiving necessities to these family members, an employee utilizing "Unscheduled Sick" leave will not be subject to disciplinary review unless sick leave abuse can be identified.**

ARTICLE 14

LEAVES OF ABSENCE

Section 1. Application for Leave. All requests for leave of absence shall be submitted in writing by the employee to the employee's immediate supervisor. All requests for leave shall be submitted as soon as the need for such a leave is known. The request shall state the reason for and the anticipated duration of the leave of absence.

Section 2. Authorization or Denial of Leave. Authorization for or denial of a leave of absence shall be furnished to the employee in writing by the supervisor. All requests for leave of absence shall be considered by the supervisor within three (3) City Hall working days. No leave of absence request shall be unreasonably denied.

Section 3. Paid Leaves of Absence.

- A. Bereavement Leave. Employees shall be granted time off with pay to arrange the funeral of and/or pay final respects to an immediate family member. Such time off will not exceed three (3) consecutive working days. In the case of multiple deaths or if out of state travel is required, such leave shall not exceed six (6) consecutive working days. Bereavement leave shall not be charged to vacation, compensatory time, or sick leave.

Similarly, this increment shall not apply in cross-training situations, but only when the employee is fully qualified, specifically assigned. It shall not be the intent of the City to assign such duty on a frequent or continually reoccurring basis except under emergency or extenuating circumstances.

ARTICLE 19

GRIEVANCE PROCEDURE AND ARBITRATION

Section 1. Definition. A grievance is defined as a dispute involving the interpretation or application of the specific provisions of this Agreement. A filed grievance shall contain: the date of the alleged violation of this Agreement; the article and section of this Agreement alleged to have been violated; a statement of how the article or section is alleged to have been violated, including the facts in support of the grievance; the adverse impact of the alleged violation on the employee or the Union; the remedy requested to resolve the grievance; and the signature of the employee or Union representative directly affected by the alleged violation of the agreement. A grievance or a grievance response may be amended at any time prior to a request for arbitration. Employee counseling shall not be subject to the grievance process. An employee who has received a counseling shall have the right to comment in an addendum, which will be attached to the counseling form if submitted to the Human Resources department within five (5) City Hall working days of the counseling.

Section 2. Informal Step - Pre-Grievance Discussion. Prior to initiating Step 1 of the grievance procedure, or Step 2 in the case of a Policy Grievance, informal discussions must be held for the purpose of settling differences in the simplest and most direct manner. This informal pre-grievance discussion shall be held with a representative determined by the City, usually the department director or a person designated by the department director, or the Director of Human Resources. Both the City and the Union hold that it is most advantageous to all concerned to resolve matters at this level if at all possible. If an attempt to settle the matter is unsatisfactory at this informal step, then the employee may follow the formal grievance procedure outlined in this article.

Section 3. Choice of Representation. Nothing in this Article shall be construed to prevent any employee from presenting their own grievance with whomever may be desired as a representative. However, it is understood that the grievant may choose either the Union or some other representative, but not both. If the Union is chosen, representation shall be in compliance with Section 2 above. If the Union is not chosen, the City will notify the Union and they will be permitted to observe and monitor such grievance presentations and discussions to assure compliance with the Agreement. Union rights to notification and observation pertain to grievance

presentations and discussions only. Such designation must be made at the first step of the grievance. Nothing in this Article shall prevent the City from involving any representative(s) of their choice in the grievance investigation and response process.

Section 4. Formal Grievance Steps.

Step I. If the dispute remains unsettled after the pre-grievance discussion, the Union Steward, with or without the employee, shall present to the employee's immediate supervisor a written statement of the grievance within twenty (20) City Hall working days of the date the incident occurred or reasonably should have come to the knowledge of the employee. The immediate supervisor shall confer with the department director and attempt to adjust the matter, and the immediate supervisor or the department director shall respond to the Steward within twenty (20) City Hall working days after receiving the grievance.

Step II. If the grievance still remains unsettled, it shall be presented by the Union Steward or Union representative to the Human Resources Director in writing within twenty (20) City Hall working days after the response of the immediate supervisor or department director is received. The City Manager or Human Resources Director shall respond in writing to the Union Steward or representative (with a copy of the response to the Local Union President) within twenty (20) City Hall working days. Policy Grievances which are designed to determine or clarify the general interpretation of contract provisions involving two or more departments, rather than to resolve individual employee grievances, may be filed by the Union directly at Step II with the Human Resources Director.

Step III. If the grievance is still unsettled, either party may, within twenty (20) City Hall working days after the reply of the City Manager or Human Resources Director is received, by written notice to the other, request arbitration. The party requesting arbitration will be responsible for requesting and paying for the panel of arbitrators. During any arbitration proceeding conducted hereunder, either party may pursue discovery in accordance with the Florida Rules of Civil Procedure. The Federal Mediation and Conciliation Service (FMCS) shall be requested by either or both parties to provide a panel of seven (7) arbitrators. This action shall be taken within thirty (30) City Hall working days by the Director of Human Resources on behalf of both parties, in accordance with FMCS procedures, including payment of the initial fee for such a panel listing. Both the City and the Union shall have the right to strike two (2) names from the panel. The party

requesting arbitration shall strike the first name; the other party shall then strike one name. The process will be repeated and the remaining person shall be the arbitrator. The decision of the arbitrator shall be final and binding on the parties, and the arbitrator shall be requested to issue a decision within thirty (30) days after the conclusion of the testimony and argument. The cost and expense incurred for both the FMCS and the impartial arbitrator shall be paid by the losing party, unless the arbitrator renders a split decision, in which case the expense shall be shared equally by the parties involved in the arbitration procedure. The cost for clerical duties and a transcript, if requested, shall be shared equally. If an employee is acting independently of and in disregard of the position of the Union in matters relating to arbitration, the losing party will pay the cost of the arbitration. The City, the grievant, and the Union shall work together to conduct the arbitration hearing within six (6) months from the date arbitration is requested.

Section 5. Mediation. Following a request for arbitration by either party, the City and the Union may mutually agree to submit the grievance to mediation.

Section 6. Grievance Committee. The Union Grievance Committee shall be made up of the Chief Steward, President, Secretary, and Grievant, if they desire to attend. The City shall meet upon the request of either the City or the Union, at a mutually convenient time, with the Union Grievance Committee. All Grievance Committee meetings with the City shall be held during normal City Hall business hours on the City's premises, and without loss of pay for those attending during on-duty time. (No one attending on off-duty time will be paid.) The City shall be responsible for notifying supervisors in advance of the time and location of such meetings for all employees involved. The purpose of the Grievance Committee meetings will be to adjust pending grievances or to discuss procedures for avoiding future grievances.

Section 7. Rules for Processing Grievances.

- A. It shall be understood that references to the Union President, Chief Steward, the immediate supervisor, department director, Human Resources Director or City Manager shall include their respective designees as related to presentation of and response to grievances at the various steps. Also, in calculating deadlines, the day of receipt does not count as one of the days involved. In the event a grievance arises, the employee must submit the grievance to their immediate supervisor

within twenty (20) City Hall working days after the employee could reasonably have knowledge of the grievance event.

- B. A grievance not appealed by the employee from one step to the next within the specified time limits shall be considered settled on the basis of the last answer, unless such time limits are extended by mutual agreement. Such mutual agreement may only be reached in writing between the Union President/designee and the City Manager/Director of Human Resources/designee. E-mail will be an acceptable format to serve as written confirmation. Failure on the part of management to answer within the time limit set forth in any step shall result in the grievance being settled on the basis of the grievance request as spelled out in the grievance. To avoid any misunderstanding or conjecture about delivery, a Union Steward or Officer shall initial and date each grievance response, and a copy shall be made and provided to both the Union President and the Human Resources Director.
- C. No matter shall be entertained as a grievance hereunder unless it is raised as such within twenty (20) City Hall working days after the occurrence of the event or after the employee would reasonably become aware of the event giving rise to the grievance.
- D. An exception to the above shall be made in the instance of an employee's suspension or dismissal which shall be entered as a written grievance in Step 2 of the grievance procedure within twenty (20) City Hall working days of the employee receiving written notification of their suspension or dismissal. Refer to Article 20, Discipline and Discharge.
- E. All time limits set forth in this Article may be extended by mutual consent in writing; but if not so extended, they must be strictly observed. Such extensions must be requested prior to the applicable deadline.
- F. The Union, with or without the employee, with due notice to the employee, may take up a dispute, or grievance on behalf of and for the protection of the employees they represent. This will be designated as a Policy Grievance. (See Section G & I).

- G. Policy grievances filed on behalf of the Union, in accordance with this Article, will be signed by the designated Steward or appropriate officer and shall follow the procedure as set forth in this Article, except where the problem occurs at a specific level of supervision. In such case, the grievance will be submitted at the appropriate Step.
- H. The grievant, the Steward representing the grievant, or other Union representative, and any material witnesses giving testimony at a grievance hearing, shall appear without loss of pay for the amount of time required to participate if during on-duty time.
- I. The City is not obligated to process an individual employee's grievance to arbitration if the Union declined to do so.

ARTICLE 20

DISCIPLINE AND DISCHARGE

Section 1. Discipline. It is the intention of the City that disciplinary action will be initiated in a timely manner. The purpose of the disciplinary process is to assist an employee in altering potentially disruptive or job-threatening behavior. For that reason discipline is normally progressive in nature, based on the type, frequency and severity of the offense. Progressive discipline may not be appropriate; however, if a particular violation is so severe as to warrant discipline which is more severe, based on an evaluation of its individual merits. Disciplinary action may be imposed upon an employee only for just cause. Any disciplinary action imposed upon an employee may be processed as a grievance through the regular grievance procedure, except as provided in Article 1, Section 2, for probationary employees. If the appointing authority has reason to reprimand an employee, it shall be done in a manner that will not embarrass the employee before other employees or the public.

Section 2. Responsibilities of the City. It shall be the responsibility of the City to verbally offer union representation to employees in the following situations:

- (1) Questioning that may lead to discipline
- (2) Meetings during which an employee is to be counseled
- (3) Meetings during which an employee is to be disciplined (oral or written reprimand)
- (4) Pre-determination hearings (suspension or termination) and meetings concluding pre-determination hearings.

Section 3. Rights of Employees. It shall be the right of employees to either accept or reject offers of Union representation. If an employee rejects an offer of Union representation, the employee shall acknowledge rejection by signing the ***Rejection of Offer of Union Representation*** form. If an employee accepts an offer of Union representation the employee or the City will contact the appropriate Steward.

Section 4. Disciplinary Process. Initial minor infractions, irregularities or deficiencies and patterns suggesting potential for problems shall first be privately brought to the attention of the employee in the form of oral counseling. Although a record of such counseling may be entered into the employee's disciplinary action file, it shall not be considered part of the formal disciplinary

process; and if corrected, such counseling shall not be considered detrimental to the employee's personnel record. (A copy of any record/document which is placed in an employee's personnel file shall be forwarded to the employee by the individual generating it or requesting it be filed.) Formal disciplinary action or measures shall include only one of the following:

1. Oral reprimand
2. Written reprimand
3. Suspension without pay
4. Demotion
5. Discharge

When any disciplinary action more severe than an oral reprimand is intended, the City shall, before or at the time such action is taken, notify the employee in writing of the specific reasons for such actions.

Section 5. Informal Pre-Hearing for Demotion, Dismissal or Suspension. Prior to effecting a demotion, dismissal or suspension of any employee as provided in these rules, the employee is to be given a pre-hearing by the department director or designee in which the employee shall be allowed to respond to the charges.

Procedure: The pre-hearing is to be informal and conducted by the department director or designee at the employee's work location without extensive witnesses, court reporters or lawyers. Notes on the pre-hearing are to be made and witnessed whenever possible. These notes will be submitted to the Human Resources Director and will become part of the employee's disciplinary action file. Prior to the pre-hearing, the department director or designee shall give a statement of the specifications of charges to the employee indicating the proposed pre-hearing schedule and location by completing in its entirety the *Notice of Pre-Hearing and Statement of Charges* form. The employee shall be given a reasonable time prior to the hearing to study the charges and prepare for the pre-hearing, at which time the employee shall have the right to representation of his choice.

The department director or designee shall conduct the pre-hearing and shall give due consideration to the comments of the employee before initiating whatever paperwork might be generated as a result. The department shall inform the employee of their right of appeal or grievance. The pre-

hearing procedure applies only to permanent employees. There shall be no pre-hearing required for the demotion, discharge or suspension of probationary employees.

Section 6. Discharge of Permanent Employees. The City shall not discharge a permanent employee without just cause.

Section 7. Right to Grieve. The Union or the employee shall have the right to take up a suspension, demotion or discharge as a grievance at the second step of the grievance procedure and the matter shall be handled in accordance with this procedure through the arbitration step if deemed necessary.

Section 8. Right to Respond. An employee has the right to respond/comment in writing to anything relating to disciplinary action with which they either agree or disagree.

Section 9. Performance Improvement Plan. The Union recognizes the value of the Performance Improvement Plan (PIP) and recognizes the City's ability to use them.
