Subject: agenda

Lori,

Please place on agenda for council action:

Request the BCC to change their ordinance for impact fees on work force housing to:

1. The schedule for impact fees for housing of 750 square feet or less shall remain the same, however, the definition of housing size shall change to no unit shall be less than 300 square feet and the overall average of all rooms within the building, complex or development (whichever is larger) shall not exceed 750 square feet.

Also, please attach this article:

Combating A Nationwide Shortage of Affordable, Healthy Housing - citiesspeak.org

citiesspeak.org

Communities nationwide experience a critical shortfall of healthy, affordable housing. As the share of people experiencing the burden of severe housing costs increases, there are more children in poverty, more people who don't know where their next meal will come from, and more people in poor health.

Thanks,
John
