

# 24-39AM – Annual Update of the City of Venice Capital Improvement Schedule (CIS) Staff Report

## **Overview:**

The proposed petition provides for the annual update of the Comprehensive Plan’s Capital Improvement Schedule (CIS) and maintains compliance with Florida Statutes and consistency with the Comprehensive Plan. All projects in the CIS contribute to the achievement and maintenance of the City’s adopted minimum Level of Service (LOS) for public facilities as set forth in the Comprehensive Plan. The CIS is in the adopted 2017-2027 Comprehensive Plan as part of the Appendix, located in Section 6, Appendix: Capital Improvement Schedule starting on page A91 of the Plan.

A copy of Ordinance No. 2023-42 containing the currently adopted CIS is included in the packet for your review. The proposed schedule depicts the five-year period of FY 2025-2029 and a schedule (Table 9) depicting long term projects for FY 2030-2034. Also included in the background information is a table and maps from the Sarasota County Generalized LOS Analysis Tables for 2022, depicting the last five years of traffic count data and Level of Service status for City roadways.

## **Planning Analysis:**

Pursuant to Florida Statutes F.S. 163.3177(3)(b), the City is required to annually update the Comprehensive Plan Capital Improvement Schedule (CIS). The update to the CIS may be accomplished by ordinance and is not considered to be a Comprehensive Plan amendment.

The purpose of the CIS is to incorporate and coordinate the City’s annual budget process into the Comprehensive Plan. This is accomplished through the identification of necessary projects to achieve and maintain adopted LOS for public facilities and to identify and prioritize capital projects to achieve the overall goals and objectives of the Comprehensive Plan. It is important to note that the CIS is not a funding document. The CIS is only to establish priorities for projects that contribute to the maintenance of the City’s LOS standards. Projects identified include those that are not City facilities, but that provide priority support for potential outside funding opportunities for those agencies responsible.

The following public facilities are subject to level of service standards as identified in Strategy IN 1.3.1 of the Infrastructure Element, Section III of the Comprehensive Plan.

**Table 1** Potable Water/Sanitary Sewer: Water Production

**Table 2** Potable Water/Sanitary Sewer: Water Distribution & Sewer Collection Systems

**Table 3** Potable Water/Sanitary Sewer: Water Reclamation Facility & Lift Stations

**Table 4:** Functional Open Space (Parks)

**Table 5:** Solid Waste

**Table 6:** Stormwater

**Table 7A:** Transportation - Roadway Improvements

**Table 7B:** Transportation - Bicycle/Pedestrian/Transit Improvements

**Table 8:** Other Capital Projects

**Table 9:** Long Range Capital Projects FY 2030 – FY 2034

In compiling the list of projects, input from other departments was provided to derive the draft list of CIS projects and is consistent with the recently adopted Capital Improvement Program (CIP) in the approved FY25 budget.

## **Comprehensive Plan:**

The City's 2017-2027 Comprehensive Plan establishes the adopted level of service (LOS) standards for public facilities within the City of Venice. To facilitate your understanding and review of these standards, Strategy IN 1.3.1 of the Comprehensive Plan is provided as follows:

### **Strategy IN 1.3.1 - Level of Service Standards**

The City shall ensure that the City's utilities and appropriate public infrastructure are properly maintained by meeting the following levels of service concurrently with development:

1. **Potable Water** - 90 gallons per capita per day based on average annual flow and a Peak maximum day flow of 135 per capita per day.
2. **Wastewater** - 162 gallons per day based on the average annual flow and a Peak of 324 gallons per day based on the maximum day flow.
  - a. This LOS standard was adopted as part of the City's Wastewater Master Plan. Converting this standard to per capita per day utilizing 1.78 persons per household results in 91 gallons per capita per day based on the average annual flow and a Peak of 182 gallons per capita per day based on the maximum day flow.
3. **Stormwater** - Post-development runoff may not exceed pre-development runoff for a 24-hour, 25-year storm event, unless an exception is granted by the City Engineer for unrestricted tidal discharge, or the project meets SWFWMD (Southwest Florida Water Management District) exemption criteria. Stormwater treatment shall be provided which meets all applicable SWFWMD Rules and Regulations or demonstrates the project meets SWFWMD exemption criteria.
4. **Solid Waste** - Collection and capacity of 6.8 pounds per capita per day; and collection of residential solid waste shall occur at least weekly.
5. **Transportation / Mobility**
  - a. **Roadways** – Consistent with Strategy TR 1.2.2, the City shall adopt and seek to maintain a LOS standard of “D” for peak hour conditions for all roadways within the City (arterial and collector); LOS standard of “C” for peak hour conditions for all public local roadways within the City. The City, through the Land Development Code and review process, will establish analysis and review criteria. Roadways unable to obtain the adopted LOS due to environmental constraints, or those not financially feasible, will be identified as constrained or backlogged roadways.
  - b. **Pedestrian/Sidewalks** – Consistent with Strategy TR 1.2.3, the City shall adopt and seek to maintain a pedestrian LOS standard of “D”.
  - c. **Bicycle** – Consistent with Strategy TR 1.2.4, the City shall adopt and seek to maintain a LOS standard of “D”.
  - d. **Transit** – Consistent with Strategy TR 1.2.5, the City shall adopt and seek to maintain a transit LOS of “D”.
6. **Functional Open Space** – Consistent with Strategy OS 1.1.2, the City's adopted LOS standard is 7 acres of functional open space for each 1,000 functional population. Strategy OS 1.1.2 provides additional criteria on the application of this LOS standard.
7. **Hurricane Shelter Space** – Consistent with Strategy OS 1.9.10, the LOS standard for shelter space shall be 20 square feet per person seeking shelter. Strategy OS 1.9.10 provides criteria on the application and calculation of this LOS standard.
8. **Public Schools** – Public School LOS shall be provided by the Intent and Strategies contained within Intent PS 6.1

**Hurricane Shelter Space:** It should be noted that Hurricane Shelter Space LOS is a facility type controlled by Sarasota County (public shelters are designated and operated by Sarasota County). As a result, the CIS update and

analysis does not address this facility type.

**Public Schools:** Public School LOS is covered by the Sarasota County School Board through their Five-Year Capital Improvement Program (CIP). This document is incorporated by reference into the City's CIS to ensure consideration of School capacity related projects and coordinated planning efforts to achieve and maintain adopted LOS standards.

**Transportation:** Transportation capacity projects are identified and funded through the Sarasota/Manatee MPO and FDOT through the MPO's Five-year Transportation Improvement Program. The Sarasota/Manatee MPO Five-year TIP is incorporated by reference into the City's CIS to ensure coordination of planned transportation capacity projects for the Venice area. The MPO's Long Range Transportation Plan (LRTP) is also incorporated by reference in the proposed CIS.

**Current LOS Conditions:**

**Water and Sanitary Sewer:** LOS information was provided by the Utilities Department and depicts conditions of the facilities for FY23 as follows:

**City of Venice Treatment Facilities Flow Data**

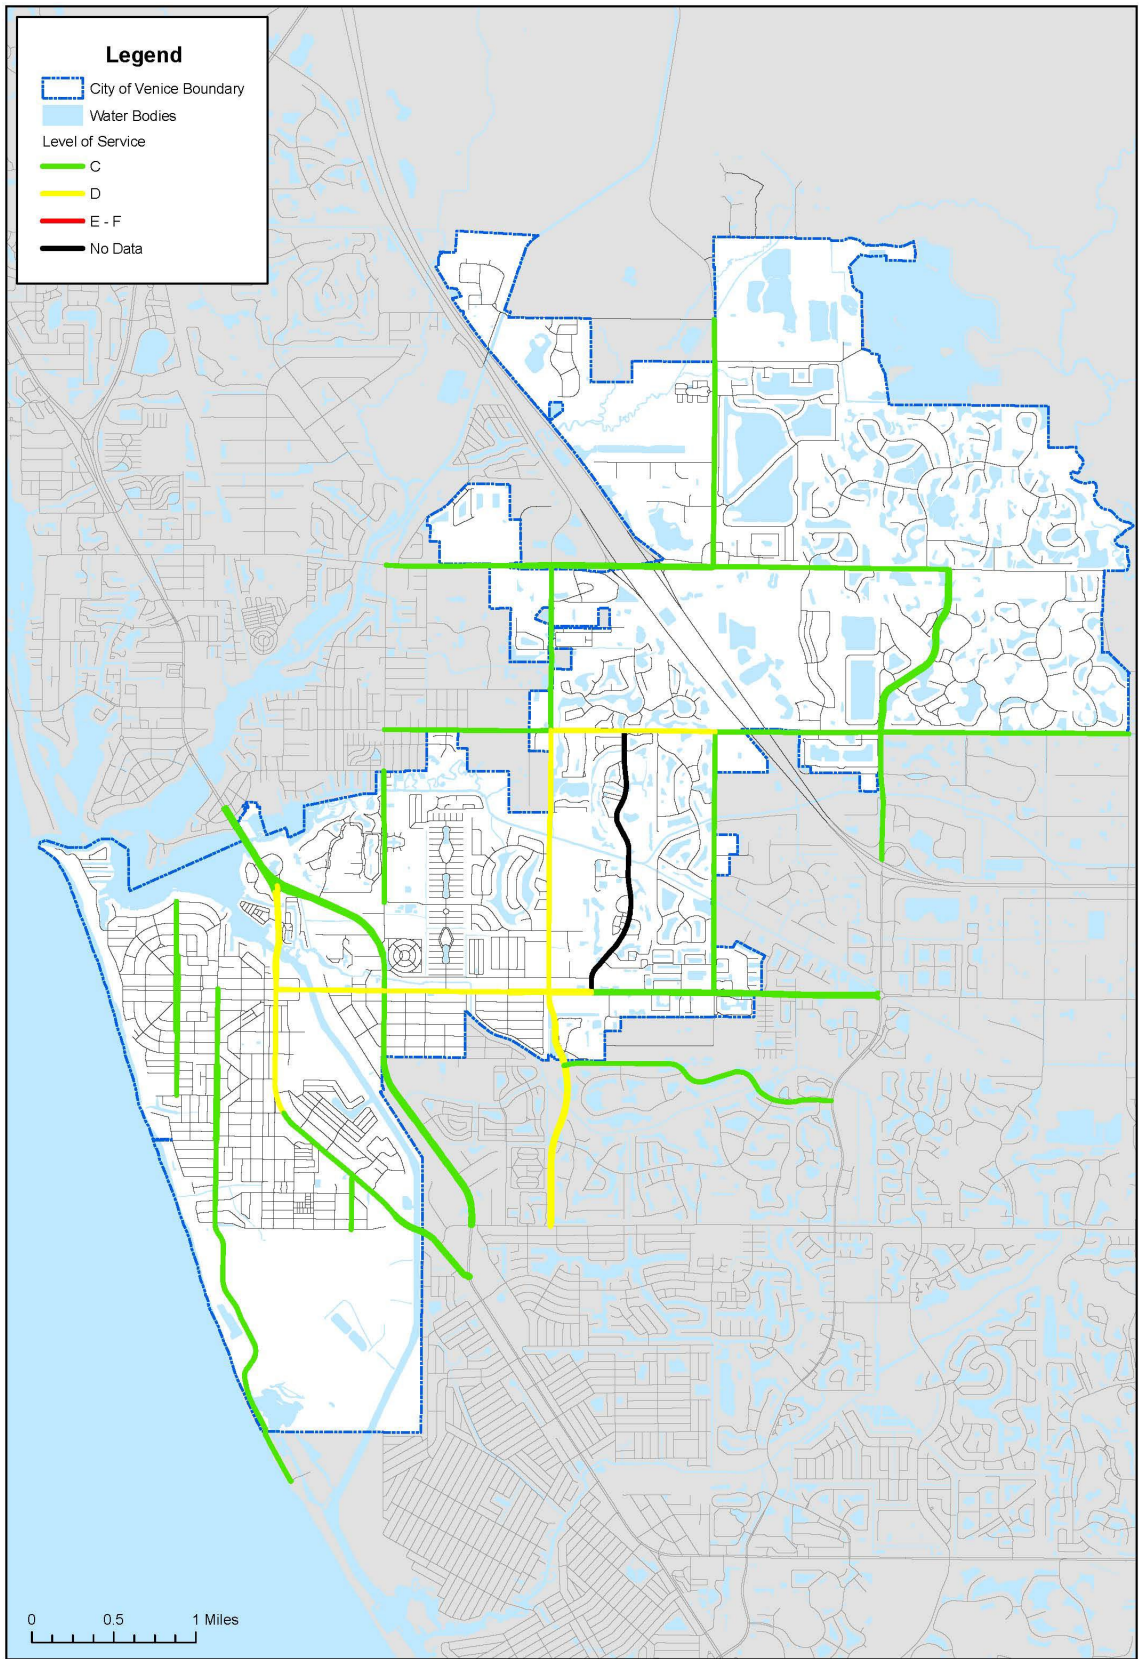

|                                       | FY23 Average Daily Flow | FY23 Maximum Daily Flow | Plant Capacity |
|---------------------------------------|-------------------------|-------------------------|----------------|
|                                       | [MGD]                   | [MGD]                   | [MGD]          |
| Reverse Osmosis Water Treatment Plant | 2.512                   | 3.303                   | 4.49           |
| Water Reclamation Facility            | 3.468                   | 4.716                   | 8.0            |

**Solid Waste:** Based on information from Sarasota County, the available waste capacity of the Central County Solid Waste Disposal Complex (CCSWDC) is expected to last through 2071.

**Functional Open Space (Parks):** The adopted LOS standard for Functional Open Space is 7 acres per 1,000 population. Based upon the Bureau of Economic and Business Research (BEBR) population estimate as of April 1, 2024, the current City of Venice Population is 28,967. Based on this population, a total of approximately 202± acres (28,967/1000\*7) of parks are required to meet the adopted LOS. According to information from the City Public Works Department, the current allocation of functional open space within the City totals approximately 563.3± acres. This indicates that the City currently has enough functional open space to serve a population of 80,471 people. As this figure indicates, there is a substantial surplus of functional open space acreage.

**Transportation (Roadways):** City staff extracted portions of the Sarasota County 2022 Generalized Level of Service Analysis information relative to the City of Venice. This information is provided below along with maps that indicate the LOS of various roadways. In addition to this data, staff relies on data provided through traffic studies related to proposed development that are prepared by transportation engineers. These traffic studies indicate where traffic improvements are necessary.

| Road Segments |                         |                  |                   | Segment Attributes |            |             | Existing Traffic Conditions |                       |                       |                       |                       |                       |                       |              |              |             | Minimum Adopted Standards |              | Analysis     |          |          |            |  |

**SARASOTA COUNTY 2022 GENERALIZED  
LEVEL OF SERVICE ANALYSIS**

**Staff Review and Findings of Fact:**

Based upon staff review of the proposed petition staff finds:

1. The proposed petition is compliant with F.S. 163.3177(3)(b) which requires the annual review of the Capital Improvement Schedule and allows the update to be completed by ordinance and not be considered a Comprehensive Plan amendment.
2. The proposed petition is compliant with F.S. 163.3177(3)(a) which requires the Capital Improvement Schedule to identify projects from other jurisdictions which impact city public facilities level of service, and provides for a listing of funded or unfunded, long-range projects.
3. The proposed petition implements and is consistent with the City's adopted Comprehensive Plan for adopted LOS standards as depicted in Strategy IN 1.3.1.
