CITY OF VENICE, FLORIDA
FDEP & U.S. EPA CONSTRUCTION NOTICES OF INTENT (NOI)

The undersigned bidder acknowledges the requirement of the U.S. Environmental Protection Agency (EPA) and the Florida Department of Environmental Protection (FDEP) which have published the rules for NPDES General Permits for stormwater discharges from construction sites and said bidder agrees to assist the owner in the preparation of these permits and associated plans. The bidder acknowledges that he has taken these permits and associated construction costs into account in the preparation of his lump sum bid. These permits are mandated under Section 402(p) of the Clean Water Act for "Stormwater Discharge from Construction Activities (including clearing, grading, and excavation activities) that result in the disturbance of five (5) or more acres total land area, including areas that are part of a larger common plan of development or sale." The EPA has published summary guidance for: "Developing Prevention Plans and Best Management Practices" (EPA 833-R-92-001, October 1992).

The EPA permit format is a *Notice of Intent (NOI) for Stormwater Discharges Associated with Construction Activity to be covered under a NPDES Permit*, and it is to be submitted according to the NOI instructions. The Stormwater Pollution Prevention Plan which must accompany the NOI must be signed by authorized representatives of the contractor and subcontractors as well as the facility Owner. Copies of the EPA NOI must be provided to state and local agencies who have issued stormwater management, grading, or land alteration permits or approvals.

An NOI must also be submitted to the Florida Department of Environmental Protection, NPDES Stormwater Notices Center, MS 2510, 2600 Blair Stone Road, Tallahassee, FL 32399. FDEP forms may be downloaded from the State's web site <http://www.dep.state.fl.us/water/stormwater/npdes/> or phone 850-921-9870 if you have questions.

Acceptance of the bid to which this certification and disclosure applies in no way represents the Owner or its Representative has evaluated and thereby determined that the information is adequate to comply with the applicable U.S. EPA or FDEP requirements nor does it in any way relieve the contractor of its sole responsibility to comply with the applicable U.S. EPA and FDEP requirements, including inspection of all control measures at least once each week and following any storm (rainfall) event of 0.5 inches or greater and maintaining reports of each inspection.

Bidder (Company): Slack Construction, Inc.

ORDINANCE 95-12

AN ORDINANCE OF THE CITY OF VENICE, FLORIDA, AMENDING THE CODE OF ORDINANCES BY AMENDING CHAPTER 9, HEALTH AND SANITATION, ARTICLE IV, DISPOSAL OF EXCRETA, SECTION 9-71, DISCHARGE OF RAW SEWAGE INTO STORMWATER; DELETING ARTICLE V, PROHIBITED STORMWATER DISCHARGES; ADDING CHAPTER 19, WATER AND SEWERS, ARTICLE VI, STORMWATER QUALITY; DELETING CHAPTER 15, STREETS AND SIDEWALKS, ARTICLE IV, EXCAVATIONS, SECTION 15-53, STORM DRAINAGE AND POLLUTION; PROVIDING FOR CONFLICT WITH OTHER ORDINANCES; PROVIDING FOR A SEVERABILITY CLAUSE AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, control of stormwater runoff is necessary from individual lots that do not require a permit from the Southwest Florida Water Management District and requiring compliance with the provisions of the Clean Water Act 33 U.S.C.1251 et.seq., as amended by the Water Quality Act of 1987; and

WHEREAS, the City is desirous of complying with its U.S. Environmental Protection Agency National Pollutant Discharge Elimination System Permit and its Stormwater Master Plan, therefore, stormwater runoff and any discharge to the City storm sewer system will be closely monitored and regulated; and

WHEREAS, the control of stormwater runoff is the responsibility of each individual property owner; and

WHEREAS, the City is desirous of controlling stormwater runoff and insuring compliance with the Comprehensive Plan.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF VENICE, FLORIDA:

SECTION 1. Chapter 9, Water and Sewers, Article IV, Disposal of Excreta, Section 9-71, Discharge of Raw Sewage into Storm Sewer, is amended to read as follows:

Sec. 9-71. Discharge of raw sewage into storm sewer.

It shall be unlawful for any person to discharge raw sewage or to discharge the effluent of and from any septic tank into the storm sewer system of the city or to construct or maintain any system of drainage, pipes, conduits or other apparatus whereby raw sewage or the effluent of and from any septic tank shall or may be discharged into or through the storm sewer system of the city.

SECTION 2. Chapter 9, Water and Sewers, Article V, Prohibited Stormwater Discharges, is deleted in its entirety.

SECTION 3. Chapter 19, Water and Sewers, Article VI, Stormwater Quality is added to read as follows:

ARTICLE VI. STORMWATER QUALITY

Sec. 19-141. Definitions.

As used in this article "industrial stormwater" means stormwater runoff from a site with industrial activities, as defined under 40 CFR Section 122.26(a)(14) U.S. Environmental Protection Agency regulation.

As used in this article "construction sites" refers to all sites.

As used in this article, "illicit discharge" is any discharge of anything other than stormwater to the municipal separate storm sewer system (MS4) or the waters of the State of Florida or the United States.

As used in this article "industrial wastewater" refers to liquids used by an entity in their course of business, that if discharged to the MS4, would degrade the quality of stormwater.

Sec. 19-142. Disposal of industrial stormwater discharges.

The following types of discharges to the municipal separate storm sewer of the city must be controlled as indicated.

(1) **Industrial wastewater/illicit discharge:** Industrial wastewater/illicit discharge may not be discharged to the city's municipal separate storm sewer system.

(2) **Industrial stormwater:** As required to comply with NPDES regulations, the quality of industrial stormwater which is discharged through the city's municipal separate storm sewer system may be subject to regulation or permitting, and any violation of such regulation or permit may be subject to an order to immediately cease such discharge

THIS PAGE MUST BE COMPLETED & SUBMITTED WITH OFFER

Sec. 19-143. Runoff stormwater and Best Management Practice (BMPs) for construction sites.

BMPs shall be implemented as necessary, to insure that all discharges from construction activities are in compliance with the City of Venice EPA/NPDES Stormwater Permit and the Stormwater Master Plan, or the SWFWMD Permit or EPA's NPDES Construction Activity General Permit, whichever is most stringent in its requirements.

Best Management Practices include but are not limited to, the following requirements:

- (a) All site grading shall be conducted in such a manner that all stormwater management facilities located adjacent to the site are not altered in any way which will diminish their designated flow or pollutant removal capacity or the shape of the drainage facility.
- (b) Maintenance of vegetative buffers or use of a silt fence and/or staked hay bales which minimize erosion and retain sediment on site, shall be implemented prior to any construction activities taking place at sites which discharge to surface water or the municipal separate storm sewer system (MS4). These controls, when utilized, shall be secured and properly maintained during construction activities until the site has been stabilized with sod and/or seed and mulch. A double silt fence may be required as an additional measure to insure that discharges from the site are in compliance with water quality standards as established by the EPA/NPDES Stormwater Permit. Undisturbed vegetative buffers shall be maintained intact to the maximum extent possible to reduce erosion and the discharge of sediment from stormwater runoff. All areas of exposed soil shall be stabilized within 72 hours of attaining final grade.
- (c) Storm sewer systems (eg. inlets, pipes and ditches, etc.) adjacent to the site must be protected by a silt fence and/or staked hay bales during construction, to keep solids from entering conveyance systems.
- (d) Vehicles such as concrete or dump trucks and other construction equipment shall not be washed at locations where the runoff will flow directly into a lake, wetland, watercourse or stormwater conveyance system. Special areas must be designated for washing vehicles. In all new subdivisions, a wash area may be established by the owner/developer which can be used by the site contractor and home builders. If established, wash areas shall be located where the wash water will spread out and evaporate or infiltrate directly into the ground, or where the runoff can be collected in a temporary holding or seepage basin. Gravel or rock bases are recommended for temporary holding or seepage basins, to minimize mud generation. Underdrains shall be installed where infiltration basins are provided as required by the owner/developer's engineer or the Southwest Florida Water Management District. Upon completion of the project, the wash areas shall be graded and stabilized and any trash or waste shall be collected and disposed of properly.
- (e) Fuel, chemicals, cements, solvents, paints, topsoil, or other potential water pollutants shall be stored in areas where they will not cause runoff pollution. Toxic chemicals and materials, such as pesticides, paints, and acids, must be stored in accordance with manufacturer's guidelines. Groundwater resources shall be protected from leaching by placing a plastic mat, packed clay, tar paper, or other impervious material on any areas where toxic liquids are to be opened and stored.
- (f) A minimum of one permitted driveway must be established prior to construction and shall be used as the only access for ingress/egress during construction in order to provide minimum disturbance of drainage facilities and vegetative cover on site.

Sec. 19-44. Owner responsibility for stormwater runoff.

- (a) The control of stormwater runoff is the responsibility of each individual property owner.
- (b) Any property owner constructing or causing to be constructed any building which requires an elevated slab and the elevation of the building pad is higher than that of adjoining properties, will control stormwater runoff during construction. Likewise, any property that is filled more than twelve inches above the adjacent property must provide additional control measures for stormwater during construction. Upon completion of the work, all stormwater runoff shall flow to its natural preconstruction drainage swale, ditch, etc., or be retained in a retention or detention pond(s) designed and constructed for that purpose.
- (c) For any construction where the elevation of the building pad or site fill will be higher than adjoining properties, construction plans certified by a professional engineer registered with the State of Florida, retained by the property owner, will be provided to the City prior to issuance of a building permit.
- (d) Any single lot not covered under Southwest Florida Water Management District rules, exceeding forty-five percent in impervious coverage (including buildings, drives, sidewalks, patios, etc.) shall require stormwater retention facilities to be designed by a Florida registered engineer. The design is to meet the City of Venice EPA/NPDES Permit requirements for quantity and quality of treatment.
- (e) The property owner's engineer will be required to certify to the City Engineer that construction was completed in accordance with the certified plans, prior to issuance of a Certificate of Occupancy.

THIS PAGE MUST BE COMPLETED & SUBMITTED WITH OFFER

(f) All improvements to property affecting stormwater drainage must be done in compliance with the City's Comprehensive Plan.

Sec. 19-145. Illicit discharges.

It shall be unlawful for any person to discharge anything other than stormwater into the city's municipal separate storm sewer system whether such discharges occur through piping connections, runoff, exfiltration, infiltration, seepage, or leaks. No person may maintain, use, or establish any direct or indirect connection to any storm sewer owned by the city that results in any discharge in violation of any provision of federal, state, city, or other law or regulation. This provision is retroactive to January 1, 1995, and applies to connections made prior to the effective date of this provision, regardless of whether made under a permit, or other authorization, or whether permissible under laws or practices applicable or prevailing at the time the connection was made. No materials other than those composed entirely of stormwater shall be disposed of, dumped, or spilled into the city's municipal separate storm sewer system, whether such materials are in a solid or liquid form.

Sec. 19-146. Inspections.

It shall be the duty of the city engineer or designee to carry out all inspections, surveillance, and monitoring procedures necessary to determine compliance with this article.

SECTION 4. Chapter 15, Streets and Sidewalks, Article IV, Excavations, Section 15-53, Storm Drainage and Pollution, is deleted in its entirety.

SECTION 5. To the extent of any conflict between the provisions of this Ordinance, and any other Ordinance, Resolution, or Agreement of the City of Venice, Florida, the provisions of this Ordinance shall prevail.

SECTION 6. Severability. If for any reason a provision of this Ordinance or the application thereof to any person, group of persons, or circumstances is held invalid, the invalidity shall not effect other provisions or applications of the Ordinance which can be given effect without the invalid provision or application, and to this end the provisions of the Ordinance are severable.

SECTION 7. Effective Date. This Ordinance shall take effect immediately upon its adoption, as required by law.

PASSED BY THE COUNCIL OF THE CITY OF VENICE, FLORIDA, THIS 23RD DAY OF MAY, 1995.

First Reading: May 9, 1995 - Final Reading: May 23, 1995 - ADOPTION: May 23, 1995

ATTEST: /s/LORI STELZER, CMC, CITY CLERK /S/ MERLE L. GRASER, MAYOR

I, LORI STELZER, City Clerk of the City of Venice, Florida, a municipal corporation in Sarasota County, Florida, do hereby certify that the foregoing is a full and complete, true and correct copy of an Ordinance duly adopted by the Venice City Council, at a meeting thereof duly convened and held on the 23rd day of May, 1995, a quorum being present.

WITNESS my hand and the official seal of said City this 24th day of May, 1995.

/S/ LORI STELZER, CMC, CITY CLERK Approved as to form: /S/ ROBERT C. ANDERSON, CITY ATTORNEY

ORDINANCE 96-09

AN ORDINANCE OF THE CITY OF VENICE, FLORIDA, AMENDING THE CODE OF ORDINANCES BY AMENDING CHAPTER 19, WATER AND SEWERS, ARTICLE VI, STORMWATER QUALITY, SECTION 19-141, DEFINITION FOR INDUSTRIAL STORMWATER, SECTION 19-146, INSPECTIONS, PROVIDING FOR CONFLICT WITH OTHER ORDINANCES; PROVIDING FOR A SEVERABILITY CLAUSE AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the City of Venice is responsible for the conservation, management, protection, control, use and enhancement of stormwater within its corporate limits, and for the acquisition, management, maintenance, extension, and improvement of the stormwater systems in the City; and

WHEREAS, the Environmental Protection Agency/National Pollutant Discharge Elimination System (EPA/NPDES) permit requires certain amendments to the existing Ordinance and extension of inspection authority on private properties.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF VENICE, FLORIDA:

SECTION 1. Chapter 19, Water and Sewers, Article VI, Stormwater Quality, Section 19-141, Definition, for Industrial Stormwater is amended to read as follows:

Sec. 19-141. Definitions.

As used in this article, "industrial stormwater" means stormwater runoff from a site with industrial activities, as defined under 40 CFR Section 122.26 (a) (b) (14), U.S. Environmental Protection Agency regulation.

SECTION 2. Chapter 19, Water and Sewers, Article VI, Stormwater Quality, Section 19-146, Inspections, is amended to read as follows:

Sec. 19-146. Inspections.

It shall be the duty of the city engineer or designee to carry out all inspections, surveillance, and monitoring procedures necessary to determine compliance with this article. The city engineer or his duly authorized agents may enter at all reasonable times in or upon any private or public property for the purpose of inspecting and investigating conditions and practices which may be a violation of this ordinance, regulation or permit. The city engineer may, whenever necessary, make an inspection of construction sites to enforce any of the provisions of this ordinance, regulation or permit issued hereunder, or whenever an authorized official has reasonable cause to believe there exists any condition constituting a violation of this ordinance, regulation or permit issued hereunder. The city engineer shall inspect the work and shall require the owner to obtain services to provide adequate on-site inspection. If the city engineer finds that eroded soils are leaving the construction site, the city engineer may direct the owner(s) or his agents or his contractor on the site by written order to install any and all erosion controls that are deemed necessary to prevent said soil erosion from migrating off site. Notwithstanding the existence or pursuit of any other remedy, the City may maintain an action in its own name in any court of competent jurisdiction for an injunction or other process against any person to restrain or prevent violations of this ordinance.

SECTION 3. To the extent of any conflict between the provisions of this Ordinance, and any other Ordinance, Resolution, or Agreement of the City of Venice, Florida, the provisions of this Ordinance shall prevail.

SECTION 4. Severability. If for any reason a provision of this Ordinance or the application thereof to any person, group of persons, or circumstances is held invalid, the invalidity shall not effect other provisions or applications of the Ordinance which can be given effect without the invalid provision or application, and to this end the provisions of the Ordinance are severable.

SECTION 5. Effective Date. This Ordinance shall take effect immediately upon its adoption, as required by law.

PASSED BY THE COUNCIL OF THE CITY OF VENICE, FLORIDA, THIS 26TH DAY OF MARCH, 1996.

First Reading: March 12, 1996 - Final Reading: March 26, 1996 - ADOPTION: March 26, 1996

ATTEST: /s/LORI STELZER, CMC, CITY CLERK **/S/ MERLE L. GRASER, MAYOR**

I, LORI STELZER, City Clerk of the City of Venice, Florida, a municipal corporation in Sarasota County, Florida, do hereby certify that the foregoing is a full and complete, true and correct copy of an Ordinance duly adopted by the Venice City Council, at a meeting thereof duly convened and held on the 26th day of March, 1996, a quorum being present.

WITNESS my hand and the official seal of said City this 27th day of March, 1996.

/S/ LORI STELZER, CMC, CITY CLERK Approved as to form: **/S/ ROBERT C. ANDERSON, CITY ATTORNEY.**

DRUG FREE WORKPLACE CERTIFICATION

If identical tie bids exist, preference will be given to the vendor who submits a certification with their bid/proposal certifying they have a drug-free workplace in accordance with Section 287.087, Florida Statutes. The drug-free workplace preference is applied as follows:

IDENTICAL TIE BIDS: Preference shall be given to businesses with drug-free workplace programs. Whenever two or more bids, which are equal with respect to price, quality, and service, are received by the State of by any political subdivision for the procurement of commodities or contractual services, a bid received from a business that certifies that it has implemented a drug-free workplace program shall be given preference in the award process. Established procedures for processing tie bids will be followed if none of the tied vendors have a drug-free workplace program.

As the person authorized to sign this statement, I certify that this firm complies fully with the following requirements:

- 1) This firm publishes a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.
- 2) This firm informs employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.
- 3) This firm gives each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in subsection (1).
- 4) In the statement specified in subsection (1), this firm notifies the employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) days after such conviction.
- 5) This firm imposes a sanction on or requires the satisfactory participation in a drug abuse assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.
- 6) This firm will continue to make a good faith effort to maintain a drug-free workplace through implementation of this section.

STATEMENT OF LOCAL VENDOR AND DBE PREFERENCE

IN THE PREPARATION OF THIS BID, SLACK CONSTRUCTION, INC. PREPARED EXTENSIVE LISTS OF SUBCONTRACTORS LOCATED IN THE PROJECT COUNTY AND THOSE WHO ARE DBE/WBE CERTIFIED IN THE PROJECT COUNTY OR THE STATE OF FLORIDA AND WOULD BE QUALIFIED TO PERFORM PHASES OF CONSTRUCTION FOR THE PROPOSED CONSTRUCTION OF THIS PROJECT. WE UTILIZED THE ONLINE DIRECTORY MAINTAINED BY THE COUNTY AND/OR THE STATE OF FLORIDA. ALTHOUGH WE MAY NOT LOCATE EVERY LOCAL OR DBE/WBE SUBCONTRACTOR/SUPPLIER QUALIFIED TO PERFORM ON THIS PROJECT, WE BELIEVE WE HAVE PERFORMED OUR BEST EFFORT TO LOCATE THESE COMPANIES AND REQUEST A QUOTE FROM THEM.

UNLESS OTHERWISE INDICATED ON THE FOLLOWING LIST, FOR EACH OF THE CONSTRUCTION TRADES NECESSARY TO COMPLETE THIS PROJECT, WE EITHER RECEIVED NO RESPONSE, A BID THAT WAS TOO HIGH OR RESPONSES OF "NO BID" FROM THE DBE/WBE SUBCONTRACTORS WE WERE ABLE TO LOCATE.

Slack Construction, Inc.
2011 NE 8th Road
Ocala, Florida 34470

HISTORY OF SLACK CONSTRUCTION, INC.

SLACK CONSTRUCTION, INC., a Florida corporation, was incorporated on April 29th, 1997. Its founder, **MICHAEL J. SLACK**, ("**MIKE**"), was born in Los Angeles, California, but was raised for the most part in Leesburg, Florida. Mike graduated from Leesburg High School in 1966. After graduating from Florida State University in 1971 he worked as a Biology and Chemistry teacher at Lake Weir High School in Ocala. However, building construction and renovation had been a part of his life since he was a teenager. Before he graduated from high school he owned two houses he had renovated and he had participated in the development and operation of one of the largest land clearing machines invented at the time. He continued building residential properties while working as a teacher and coaching football, track, tennis and basketball and Lake Weir High School

In 1977, Mike became licensed as a registered general contractor and quit teaching to devote his time fully to construction. His first commercial job was for architect, Edward D'Avi, which involved renovating a gas station into professional offices for Mr. D'Avi.

Mike first incorporated as **MICHAEL SLACK CONSTRUCTOR, INC.** on August 24th, 1979. Its name was changed to **MSC OF OCALA, INC.** in 1986, purely for marketing purposes. His projects included both residential and commercial jobs. In 1980 he won a bid to construct the Dayco plant on Maricamp road, one of the largest manufacturing facilities in Ocala, Florida. The initial project was \$1.8 million dollars and it took Mike two years to construct. From 1982 to 1996 Mike constructed additions and performed modifications for Dayco without the requirement of bids, which provided revenues of approximately \$8 million over the 14 year span. In 1996, when Mike was co-owner of F & S Industries, Inc. d/b/a Fair and Sons, an HVAC company, Dayco contracted with Mike through Fair and Sons to construct an addition to its facilities. The contract price was \$ 1.1 million. Robert Maxwell was the plant manager during a significant part of the time Mike spent building and adding onto Dayco. He has retired and the plant was closed.

From 1980 until 1987 Mike performed various residential and commercial jobs in Marion County through his construction company and had bonding capacity of up to \$ 3.5 million. Some of his projects include the following:

1980 - Ellison Realty - Main office on Silver Springs Blvd. \$280,000

Contact: Larry Ellison, (352) 351-2916

1981 - Marion County Sheriff's Repair Center - \$200,000

1982 - City of Ocala - Fire station # 1 at 410 NE 3rd St. - \$160,000

1982 - United State Post Office - Fruitland Park - \$200,000

1982-1983 - Ocala Nissan Dealership construction project - \$1.2 million

Frank Pierce - (352) 622-4111

1983 - Medical Professional Building for Dr. Ronald Caylor - \$550,000.00

Dr. Ronald Caylor (352) 732-4427

1986-1987 - Hernando County Schools roofing project - \$450,000

1986-1987 - Belleview Shopping Center roofing project - \$400,000

1982 - Citizens First Bank of Ocala addition - \$210,000

Daniel Hicks - (352) 351-3353

1984 - Citizens First Bank of Ocala - renovate gas station into branch location \$190,000

Daniel Hicks - (352) 351-3353

Slack Construction, Inc.
2011 NE 8th Road
Ocala, Florida 34470

Other projects, among several small ones, included the construction of a \$1 million dollar custom home on Lake Weir in 1982-83 and the renovation of three historical buildings on 1st Ave. and Ft. King Street in the historical section of Ocala.

In 1984, Mike invested substantial funds in Fair & Sons, Inc. and obtained a 50% ownership interest in the corporation from Robert Fair. Fair & Sons was experiencing financial difficulties at the time and in 1987 Mike closed his construction business to devote his time fully to Fair & Sons. In 1990, Mike and Mr. Fair formed a new corporation, F & S Industries, Inc. d/b/a Fair and Sons. Mike managed the construction projects for the company and was able to help make Fair & Sons profitable once again. He maintained his Florida General Contractors license during this period of time, although he did not operate under his own construction company. In addition to the Dayco renovation performed during this period, Mike supervised a large plant construction project in Mount Pleasant, Iowa for the Nipro Pen Company, the contract price of which was approximately \$850,000.

In 1994, Mike started another company called Grind Masters, Inc. This company manufactured large, semi-truck sized grinding machines that could grind waste material, wood materials cleared from land or entire houses. This company was sold in 1998

In 1997, Mike began to move out of active involvement in Fair & Sons and back into construction. **SLACK CONSTRUCTION, INC.** was incorporated in 1997. In November of 2000, Mike's ownership interest in Fair & Sons was sold. Mike began rebuilding his construction company by building two spec houses, which were owner financed by Mike personally, and a third house that was custom built based on the floor plans of the spec houses. His major projects in those early years include as follows:

1997 - Law offices of Daniel Hicks, renovated ABC liquors building on Pine St.
\$210,000 Daniel Hicks (352) 351-3353

1998 - Southern Coach - erect metal building - \$136,000
Mark Lewis - 351-1180

1999-2002 Residential custom homes and residential renovations from \$ 50,000 to \$1,000,000.

2002-2004 - Palm Chevrolet - Renovation of multiple areas of car dealership - \$856,450 in combined contracts - Craig Bachrodt, owner 629-8011

Since 2002, Slack Construction has completed many projects, too numerous to mention. They have varied in nature and have included the construction of medical buildings; residential addition/renovations for \$50,000 to \$900,000; residential custom homes up to \$1,000,000; the renovation of a manatee recovery pool at Homosassa Springs; building T-Hangars, office/warehouses, a fire station for the City of Ocala, animal shelters, clubhouses, a church family facility, water processing facilities, an Ocala Star-Banner warehouse/office facility; and forest ranger stations; renovations of an RV park; painting water towers for the City of Ocala; renovation of the Ocala's historic train station; the Appleton Museum remodel; renovations of gas stations into banks and professional offices and school renovations and additions. We have successfully completed projects for various federal, state, city and county agencies, as well as private individuals and businesses. We have never failed to complete a project and we have always sought to provide the best customer service possible.

CURRENT OFFICERS OF THE COMPANY:

Michael J. Slack - President

Background - See above

Cynthia C. Slack – Vice President/Secretary/ Treasurer:

Cynthia is the wife of Michael Slack and Co-Owner of Slack Construction, Inc. They have been married since October of 1986. Cynthia was born and raised in Hollywood, Florida. Her family history in Florida dates back to the founding of St. Augustine. She graduated from Emory University, Atlanta, Georgia in December of 1975 with a Bachelor in Business Administration. She worked in the accounting department of a large law firm in Atlanta and obtained a Masters in Professional Accountancy from Georgia State University in 1978. She became a Certified Public Accountant in 1979. From 1978 to 1981 Cynthia worked as a staff accountant for Peat, Marwick & Mitchell CPA firm (now KPMG Peat Marwick) in Jacksonville, Florida. She was the assistant controller for Wilson Financial Corporation, a small conglomerate in Jacksonville, Florida, from 1981-1983, when she went to law school at the University of Florida. She received her law degree from the University of Florida in May, 1985, the same year she passed the bar exam and became a member of the Florida Bar Association. Cynthia keeps her CPA and law licenses current and is a member of the Florida Institute of CPA's, American Institute of CPAs, Marion County Bar Association, and past president of the American Inn of Court in Ocala, Florida. She manages all of the financial and legal matters of the company.

Mike and Cindy Slack – personally:

Mike has a son, Chris Slack, who holds an air conditioning certification with the State of Florida. Mike and Cindy have a daughter and three sons. Cindy has served as chairperson of the School Advisory Committee for the Osceola Middle School; the treasurer for the St. John Lutheran athletic booster club; vice president and president for three years for the Vanguard cross country team booster club; attends parent teacher organization meetings for the schools that her children have attended and participated and supported athletic booster clubs at Forest High School, both football and volleyball. During the College football season she accompanies Mike to Florida State football games.

Mike is a member of the Lions Club and the Elks Club in Ocala. He has helped coach various youth football teams in Ocala. During the high school football season he might be found on Fridays cooking an early dinner for the Forest High School varsity football team; and he helps with the cooking duties for various fund raisers that have included pancakes for the Valentine 5K for the Vanguard High School cross country team; hamburgers and hot dogs for the Forest High School Future Farmers of America, the Air Force Junior ROTC regional competition, softball tournaments and golf fundraisers for the football team. During the College football season he accompanies Cindy to University of Florida football games.

requester. Do not
send to the IRS.**Print or type
See Specific Instructions on page 2.

Name (as shown on your income tax return)

Slack Construction, Inc.

Business name/disregarded entity name, if different from above

Check appropriate box for federal tax classification:

☐ Individual/sole proprietor ☐ C Corporation ☐ S Corporation ☐ Partnership ☐ Trust/estate☐ Limited liability company. Enter the tax classification (C=C corporation, S=S corporation, P=partnership) ▶☐ Other (see instructions) ▶☐ Exempt payee

Address (number, street, and apt. or suite no.)

Post Office Box 53

City, state, and ZIP code

Ocala, FL 34470

Requester's name and address (optional)

List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on the "Name" line to avoid backup withholding. For individuals, this is your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the Part I instructions on page 3. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN* on page 3.

Note. If the account is in more than one name, see the chart on page 4 for guidelines on whose number to enter.

Social security number

Employer identification number

59-3444220

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, and
3. I am a U.S. citizen or other U.S. person (defined below).

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions on page 4.

BOND NO. 1015811, EXECUTED IN 5 COUNTERPARTS

PUBLIC WORKS PERFORMANCE BOND

KNOW ALL MEN BY THESE PRESENTS:

THAT, Slack Construction, Inc., a Florida Corporation as Principal, hereinafter called Contractor; and The Hanover Insurance Company, a corporation of the State of New Hampshire as surety, hereinafter called Surety, are held and firmly bound unto the City of Venice as Oblige, hereinafter called the City, in the amount of Two Hundred Fourteen Thousand, Thirty Three and 00/100-----Dollars (\$ 214,033.00-----) for the payment whereof Contractor and Surety bind themselves, their heirs, executors, administrators, successors and assigns, jointly and severally, firmly by these presents.

WHEREAS, Contractor has by written agreement dated the _____ day of _____, 2014, entered into a Contract with the City for the following described project:

ITB# 2982-14: Shade Hangar Replacement at Venice Municipal Airport

which contract is by reference incorporated herein and made a part hereof, and is hereinafter referred to as the Contract.

NOW, THEREFORE, THE CONDITION OF THIS OBLIGATION is such that if Contractor shall promptly and faithfully perform Contract during the original term thereof and any extensions thereof which may be granted by the City with or without notice to the Surety and during any guarantee or warranty period, including the obligation to correct any latent defects not discovered until after acceptance of the project by the City, and if he shall satisfy all claims and demands incurred under said Contract and shall fully indemnify and save harmless the City, its agents, Engineer and employees from all losses, damages, expenses, costs and Attorney's Fees, including appellate proceedings which it may suffer by reason of failure to do so, and shall reimburse and repay the City all outlay and expense which the City may incur in making good any default, then this obligation shall be null and void; otherwise it shall remain in full force and effect.

PROVIDED FURTHER, whenever Contractor shall be, and declared by the City to be in default under the Contract, the City having performed its obligations thereunder, the Surety may promptly remedy the default, or shall promptly:

(1) Complete the Contract in accordance with its terms and conditions; or

(2) Obtain a bid or bids for submission to the City for completing the Contract in accordance with its terms and conditions and upon determination by the City and Surety of the lowest responsible bidder, arrange for a contract between such bidder and City and make available as work progresses (even though there should be a default or a succession of defaults under the Contract or Contracts of completion arranged under this paragraph) sufficient funds to pay the cost of completion less the balance of the contract price; but not exceeding, including other costs and damages for which the Surety may be liable hereunder, the amount set forth in the first paragraph hereof. The term "balance of the contract price", as used in this paragraph, shall mean the total amount payable by the City to Contractor under the Contract and any amendments thereto, less the amount properly paid by the City to the Contractor.

PROVIDED FURTHER, the Surety, for value received, hereby stipulates and agrees that no change, extension of time, alteration or addition to the terms of the Contract or to the

work to be performed thereunder or the contract documents accompanying the same shall in any way affect its obligations on this bond, and it does hereby waive notice of any such change, extension of time, alteration or addition to the terms of the Contract or to the work or to the Contract documents.

PROVIDED FURTHER, any suit under this bond must be instituted before the expiration of two (2) years from the date on which final payment under the Contract falls due; except that, when the action involves a latent defect, suit must be instituted within four (4) years from the time the defect is discovered or should have been discovered with the exercise of due diligence.

PROVIDED FURTHER, no right of action shall accrue on this bond to or for the use of any person or corporation other than the City, its successors or assigns.

Signed and sealed this _____ day of _____, A.D., 2014.

BOND NO. 1015811, EXECUTED IN 5 COUNTERPARTS

PUBLIC WORKS PAYMENT BOND

KNOW ALL MEN BY THESE PRESENTS:

THAT Slack Construction, Inc., a Florida Corporation, as Principal, hereinafter called Contractor; and The Hanover Insurance Company, a corporation of the State of New Hampshire, a surety, hereinafter called Surety, are held and firmly bound unto the City of Venice as Obligee, hereinafter called the City in the amount of: Two Hundred Fourteen Thousand, Thirty Three and 00/100 Dollars (\$ 214,033.00-----) for the payment whereof Contractor and Surety bind themselves, their heirs, executors, administrators, successors and assigns, jointly and severally, firmly by these presents.

WHEREAS, Contractor has by written agreement dated the _____ day of _____, 2014, entered into a Contract with the City for the following described project:

ITB# 2982-14: Shade Hangar Replacement at Venice Municipal Airport

which contract is incorporated by reference herein and made a part hereof, and is hereinafter referred to as the Contract.

NOW, THEREFORE, THE CONDITION OF THIS OBLIGATION is such that, if Contractor shall promptly make payments to all persons supplying Contractor labor, materials and supplies, used directly or indirectly by the Said Contractor or Subcontractors in the prosecution of the work provided for in said Contract, then this obligation shall be null and void; otherwise it shall remain in full force and effect.

PROVIDED FURTHER, that the said Surety for value received hereby stipulates and agrees that no change, extension of time, alteration or addition to the terms of the Contract or to the work to be performed thereunder or the Specifications accompanying the same shall in anyway affect its obligation on this Bond, and it does hereby waive notice of any such change, extension of time, alteration or addition to the terms of the Contract or to the work or to the Specifications.

PROVIDED FURTHER, that this bond is issued pursuant to Section 255.05, Florida Statutes, and reference is hereby made to the notice and time limitations in said statute for making claims against this bond.

PROVIDED FURTHER, that any suit under this bond must be instituted before the expiration of one (1) year from the performance of the labor or completion of delivery of the materials or supplies.

PROVIDED FURTHER, no right of action shall accrue on this bond to or for the use of any person or corporation other than the City named herein and those persons or corporations provided for the Section 255.05, Florida Statutes, their heirs, executors, administrators, successors or assigns.

Signed and sealed this _____ day of _____, A.D., 2014.
