

Good morning Mr. Holic,

- > my name is Dema Issa and I am sending this e-mail on behalf of Children
- > First-Head Start program. We spoke on the phone today, and I was asked to
- > submit the request through e-mail. We are requesting a proclamation be read
- > by yourself, the mayor, to support and announce Head Start (primarily
- > Children First) as a success. I still need the proclamation letter to be
- > approved by the Children First head, so I do not have it to paste as of
- > yet. However, we are requesting that we can somehow get the city to pencil
- > us in for the month of October, preferably on the 22nd, but we are surely
- > flexible and are willing for any other dates. We were also hoping to have
- > select children and teachers and families march/parade while it is being
- > read in red, white, and blue.
- > This will benefit both parties, it will draw attention and media to the
- > offices of the commission, as well as bring awareness to the city of the
- > successful activities provided by HeadStart and Children First. We are also
- > hoping we can get a photo of yourself and the commissioner along with the
- > children. [Forgive me if I am wrong and misinformed, but is this office for
- > both, the commissioner and mayor? or do I contact the commissioner
- > separately?)
- > Please reply with a YES to the proclamation meeting! Let us know what day
- > will seem to work and fit us into the agenda.
- > once again, I will send over the proclamation once I get it approved from
- > the Director.
- > Thank you for your time!!
