Hi Mitzie, I think that a round about would work best at our entrance.
Thank you for being our representative.
Jerry

Dear Venetians,

I would like your input on two items, **Laurel Road, and taxes**. Both are issues that are coming up on our agendas in September.

This email is specific to **Laurel Road**. Another email will be sent with information about a tax decrease I am seeking. The council will be voting on the millage rate at a 5:00 meeting on **September 12** and **September 25**. I'll be sending out a detailed email on that topic next week for your input.

I've asked the Neal Group to give a Laurel Road presentation to the council on **September 12**. I asked for specific solutions for the safety concerns at the Vento/Laurel Road interchange that can be incorporated into the design of the road and paid for through the road construction budget.

If you have any solutions, other than a traffic light, please contact me at my council email address or my council phone number listed below. I will pass them on to the Neal Group for their consideration so that they can address them during their presentation.

Thank you,
Mitzie

How about a four way stop?
Jan

Another day in Paradise!!
