Questions? For technical assistance or questions on viewing the meeting contact the IT Help Desk 941-998-7436. For questions concerning the informational session contact BayshoreCorridor@dmkassoc.com.

DMK Associates, Inc., is conducting a study at the request of the City of Venice to assess potential alternatives to improve roadway safety the entire length of Bayshore/Laguna Dr. from Tarpon St. to Tarpon Center Dr. A hybrid in-person/virtual Information Gathering session will be hosted by DMK and the City to solicit input from the public for consideration in the study. After a brief presentation, comments will be heard from all those who sign up to speak.
