Hi Lori,

On our next agenda, October 12, 2021, will you please place the following?

1. An update on the CIS for roads.

What is the current road CIS schedule?

What is the proposed schedule?

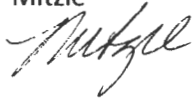

Explain the priority listing and why the roads are listed in that manner.

Considering that the City of Venice Mobility Fees will be used, what is the importance of prioritizing our list?

When will we see this again for our input before it is sent to the state?

Thanks,

Mitzie
