**RE: Independent Cost Estimate,
Focused Environmental Assessment,
Runway 13/31 Safety Enhancement Project
Venice Municipal Airport**

Dear Mr. Rozansky;

As requested, Hanson Professional Services Inc. has completed the independent estimate of costs associated with the above referenced project. The scope of work for this project is outlined in the attached Final Draft Scope of Work, Venice Airport, Focused Environmental Assessment, Runway 13/31 Safety Enhancement Project.

Hanson's estimates of costs associated with the project are:

Focused Environmental Assessment	Labor	\$134,980.00
	Reimbursables	<u>\$ 5,650.00</u>
Total Project Costs		\$140,630.00

This cost estimate assumes all sub-consultant work hours and expenses are included in the basic individual Task Description items listed in the provided spread sheet. No separate breakouts for the sub-consultants were made as the scope of work did not indicate the level of delegation of specific tasks to the listed sub-consultants. The attached spreadsheet provides additional detail.

Thank you for allowing Hanson Professional Services Inc. to assist you on this project. Should you have any questions about this estimate, or need additional information, please give me a call.

Sincerely,

Hanson Professional Services Inc.

Timothy J. Parker, P.E.
Sr. Aviation Engineer
