Subject: Re: Deadline Changes for January/February Council Meeting Agenda Items

Lori I do not agree with this change. Many residents have discussed with me these topics submitted by me . All of them must stay on our agenda. Sending memos to us does not inform the public on these topics .

In addition if they want a copy they have to request and pay. Your last rejection of my request asking to charge \$10 per copy for our parks plan made it very difficult for my meeting with the two board members.

This request is my standing request for all my agenda requests in 2017.

Any questions call my cell and we can meet to discuss.

On a summary note these requests are coming from the public.

PS Attorney David, please call my cell when you return from holiday break about this lack of transparency appearance.
