Areas of Significance: Architecture, Community	y Planning	
Significance:		
This structure was built as part of the 1926	5-27 Brotherhood of	
Locomotive Engineers development of the City	of Venice according to	
the Venice Comprehensive Plan drafted in 192	25 by City Planner John	
Nolen. This and other contemporary residence	es in the Edgewood section	
were built for lower and moderate income res	sidents of Venice. This	
structure represents frame vernacular construction. This structure is		
significant architecturally as well as the embodiment of that aspect		
of the Nolen Plan providing for affordable housing.
