Having grown up in Venice since I was 10, attending both Venice Elementary School and Venice High School, I have a profound connection and commitment to our community. After completing my education at Auburn University, I returned home with a fresh perspective and a renewed appreciation for the unique character and needs of Venice. I am interested in serving on the Citizen Advisory Board because I believe my deep local roots, combined with my experiences and insights gained while away, position me uniquely to contribute positively to our community's development and preservation. I am eager to engage more actively in shaping the future of Venice, ensuring it remains a wonderful place to live, work, and visit. Dafoulas_Resume.pdf Upload a Resume

Parks and Recreation Advisory Board
Why are you interested in serving on a board or commission?
I am interested in serving on the Citizen Advisory Board because I want to give back to the City and the people. My time on the Parks and Recreation Advisory board was productive as we heard updates from the County and City and also concerns from citizens on issues regarding parks. This provided me with ample experience and knowledge on how the city operates, and I wish to continue learning by serving on this committee. This committee would allow me to better explore other topics that affect the city such as environmental issues that need to be addressed. Although I was saddened to see the Parks and Recreation Advisory board no longer exist, I believe I can still carry on my duties in the Citizen Advisory Board with it also allowing me to work on newer things that I had overlooked in our city such as the arts. I want to maintain a good connection with the city and its history, and I also want to help the public and the best way to do that would be if I was a member of this advisory board.
