Hi Lori, the presenters are Marc Marois owner of 3 thrifty stores named Giving Hope and myself. I am an associate with Marc in the development of a homeless community at his location in South Venice on Tamiami Trail. We will be presenting a video showing what we are going to do, what it will look like and answer questions if required. We are not looking for any financial assistance at this time. We just want to show the Council and hope they will support our mission. I will provide you with a copy of the presentation and its contents as soon as it is completed and prior to Jan. 19th. If you require anything else let me know.

Respectfully

Bud Lefebvre

Bud, I need to know what the topic is (specific – or is it just homeless?), who the presenters are (names, titles, organization) and how many minutes you are requesting. If you have any materials for the agenda packet, I will need them by Jan. 19. Thank you.

Subj: homeless presentation

Hi Lori,Happy New Year.

I am requesting for an opportunity to present our proposal for the homeless at your January 26th Council meeting.We want to make the Council aware of what we are doing with the hope that it may spark some interest and direction.We are not asking for any financial investment at this time.We will be doing that thru grant applications at a later date.If you require more info please contact me

Thank You

Bud Lefebvre
