SUBJECT: City Council Review – Lake Venice Golf Club Monument Sign

City ordinance requires City Council approval of signs proposed within the Government Use (GU) zoning district. The Lake Venice Golf Club is located on airport property which is designated as GU zoning. As a part of their recent modifications, the club is proposing a new monument style ground sign for identification of the club. The sign is compliant with the required design standards for ground signs and includes a base, cap and columns. The size of the proposed sign is 12'W x 11'6"H. The attached graphic depicts the proposed sign and the location of the sign within the Venice Golf Association's leased area, approximately 40 feet from South Harbor Drive across from Sharky's parking area. If approved, a sign permit will be submitted for approval by city staff prior to installation. Airport Administrator, Chris Rozansky has reviewed the proposal and has no objections.

Requested Action

Staff respectfully requests City Council approval of the proposed monument identification sign.
