---

Good Morning Anna,

During my presentation to the TDC in March, the Council requested to see the percentage of collections geographically spread across our County. I hope the attached is what they wanted.

Please note we list the dollars collected and the percent of overall collections, by zip code, for fiscal year 2014 and 2015 combined. This data should be viewed in association with the zip code map which is also attached. Certain zip codes have been combined to protect the anonymity of those remitting the tax.

Also during the meeting, we touched on the pending agreement with Airbnb. As an update, we are still working with Airbnb and our attorneys to clarify language in the contract to insure the best result for our collections. I will report when the contract is signed.

If there are any questions, please do not hesitate to contact me.

Kind regards,

*Barbara*
