

ORDINANCE NO. 2026-06

AN ORDINANCE OF THE CITY OF VENICE, FLORIDA, AMENDING THE CITY COMPREHENSIVE PLAN AND ASSOCIATED PAGES PURSUANT TO PETITION NO. 25-73CP SPECIFICALLY TO UPDATE DATA FOR EACH MIXED-USE LAND USE DESIGNATION WITHIN EACH NEIGHBORHOOD AREA OF THE CITY AS A RESULT OF NEW DEVELOPMENT THROUGH NOVEMBER 1, 2025; PROVIDING FOR REPEAL OF ALL ORDINANCES IN CONFLICT HEREWITH; PROVIDING FOR SEVERABILITY; AND PROVIDING AN EFFECTIVE DATE

WHEREAS, the Community Planning Act, Sections 163.3161 through 163.32466, Florida Statutes, ("Act") authorizes and requires the City of Venice to adopt and amend a comprehensive plan in accordance with the Act; and

WHEREAS, the City of Venice has adopted and maintains a Comprehensive Plan in accordance with said Act; and

WHEREAS, the City initiated Petition No. 25-73CP to specifically update data for each mixed-use land use designation within each neighborhood area of the City as a result of new development through October 31, 2025; and

WHEREAS, Chapter 87 of the City Code of Ordinances designates the City of Venice Planning Commission as the local planning agency; and

WHEREAS, the City of Venice Planning Commission held a duly noticed public hearing on January 6, 2026, to review the proposed comprehensive plan amendment, and recommended that City Council approve Petition No. 25-73CP; and

WHEREAS, the City Council has received and considered the report of the Planning Commission concerning Petition No. 25-73CP; and

WHEREAS, on March 10, 2026, the City Council, after due public notice, held a public hearing on Petition No. 25-73CP and approved, on first reading, the transmittal of the comprehensive plan amendments to the Department of Commerce, as the state land planning agency, for review; and

WHEREAS, no reviewing agency has identified any adverse impacts to important state resources and facilities within their authorized scope of review if the comprehensive plan amendments are adopted; and

WHEREAS, on _____, 2026, the Venice City Council, after due public notice, held a second public hearing on Petition No. 25-73CP and determined it complies with the requirements of the Act.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF VENICE, FLORIDA:

SECTION 1. The above whereas clauses are ratified and confirmed as true and correct.

SECTION 2: The City of Venice Comprehensive Plan is hereby amended as shown on the revised pages of the Comprehensive Plan attached hereto as Exhibit "A" and incorporated herein by reference.

SECTION 3. All Ordinances or parts of Ordinances in conflict herewith shall be and the same are hereby repealed to the extent of the conflict.

SECTION 4. If any part, section, subsection, or other portion of this ordinance or any application thereof to any person or circumstance is declared void, unconstitutional, or invalid for any reason, such part, section, subsection, or other portion, or the prescribed application thereof, shall be severable, and the remaining provisions of this ordinance, and all applications thereof not having been declared void, unconstitutional, or invalid, shall remain in full force and effect.

SECTION 5. The effective date of this plan amendment shall be 31 days after the state land planning agency notifies the City that the plan amendment package is complete. If timely challenged, the amendment does not become effective until the state land planning agency or the Administration Commission enters a final order determining the adopted amendment to be in compliance.

**PASSED BY THE CITY COUNCIL OF THE CITY OF VENICE, FLORIDA THIS __ DAY OF _____
2026.**

First Reading: March 10, 2026

Second Reading: _____, 2026

Adoption: _____, 2026

Nick Pachota, Mayor

ATTEST:

Kelly Michaels, MMC, City Clerk

I, Kelly Michaels, MMC, City Clerk of the City of Venice, Florida, a municipal corporation in Sarasota County, Florida, do hereby certify that the foregoing is a full and complete, true and correct copy of an Ordinance duly adopted by the City of Venice Council, a meeting thereof duly convened and held on the __ day of _____ 2026, a quorum being present.

WITNESS my hand and the official seal of said City this __ day of _____ 2026.

Kelly Michaels MMC, City Clerk

Approved as to form:

Kelly Fernandez, City Attorney

Total City Boundary	2,817			11,009		

Key Thoroughfares

The Island is developed around a highly connected (“grid-style”) roadway network linking the Neighborhood’s “downtown” and commercial corridors, parks, community services, public facilities, and residential neighborhoods. The primary roadways (thoroughfares) include:

- Tamiami Trail
- W. Venice Avenue
- Harbor Drive
- Park Boulevard
- Nokomis Avenue
- Palermo Place
- Airport Avenue

Unique Neighborhood Strategies

Land Use:

Strategy LU-IS 1.1.1 - Redevelopment

The City recognizes this Neighborhood is primarily developed with minimal opportunities for new development. The City supports the redevelopment of underutilized properties to encourage a diversity of non-residential uses capable of supporting the adjacent residential areas. In support of this Strategy, the City shall utilize the land development regulations to require that redevelopment projects are consistent with the historical character of those portions of the Island Neighborhood specifically regarding:

- A. Historic grid street patterns established by the Nolen Plan
- B. Building massing, form, layout, and setbacks

Strategy LU-IS 1.1.2 - Mixed Use Downtown (MUD)

The MUD within the Island Neighborhood comprises 84 acres generally including the historic downtown and a portion of Business 41 (see mixed-use descriptions in the Future Land Use Element). The following shall apply for the MUD designation:

- A. The minimum residential density is 9.1 dwelling units (DUs) per gross acre; the maximum residential density is 18.0 dwelling units (DUs) per gross acre. The range of dwelling units permitted in the MUD is:

	Number of Acres	DUs per Acre (Max)	Minimum Development %	Maximum Development %	Minimum DUs	Maximum DUs	Existing and Entitled as of 11/1/2-4-5	Remaining as of 11/1/2-4-5
MUD	84	18	20%	50%	302	756	552 <u>559</u>	204 <u>197</u>

- B. The maximum non-residential intensity for the overall area is calculated based on a FAR of 0.65 (designation-wide); 3.0 (for individual sites). The range of square footage permitted in the MUD is:

	Number of Acres	Area Wide FAR	Minimum Development %	Maximum Development %	Minimum Square Feet	Maximum Square Feet	Existing and Entitled as of 11/1/2-4-5	Remaining as of 11/1/2-4-5
MUD	84	0.65	50%	80%	1,189,188	1,902,701	921,854 <u>928,507</u>	980,847 <u>974,194</u>

- C. Development and redevelopment may incorporate a vertical mix of uses within the implementing VA zoning district, typically locating higher activity uses such as retail, restaurant, or similar uses on the ground floor, and lower activity uses such as professional offices, residential, or similar uses above the ground floor.
- D. Development and redevelopment for those properties within the MUD but not zoned VA may be either a vertical or horizontal mix of uses.

Strategy LU-IS 1.1.3 - Mixed Use Corridor (MUC)

The MUC within the Island Neighborhood comprises approximately 179 acres (130 acres excluding the Areas of Unique Consideration) generally including Business 41 and Airport Avenue (see mixed use descriptions in the Future Land Use Element). The following shall apply for the MUC designation within the Island Neighborhood. For the calculations below and based on the previously adopted level of entitlements, the areas of unique consideration within the MUC (see Strategy LU-IS 1.1.6) are not included in the total

square feet and residential units. As a result, the acreage to be utilized for determining buildout potential is 130 acres:

- A. The minimum residential density is 5.1 dwelling units (DUs) per gross acre; the maximum residential density is 13.0 dwelling units (DUs) per gross acre. The range of dwelling units permitted in the MUC is:

	Number of Acres	DUs per Acre (Max)	Minimum Development %	Maximum Development %	Minimum DUs	Maximum DUs	Existing and Entitled as of 11/1/2-4-5	Remaining as of 11/1/2-4-5
MUC	130	13	30%	80%	509	1,357	1,148	209

- B. The maximum non-residential intensity for the overall area is calculated based on a FAR of 0.50 (designation-wide); 1.0 (for individual sites). The range of square footage permitted in the MUC is:

	Number of Acres	Area Wide FAR	Minimum Development %	Maximum Development %	Minimum Square Feet	Maximum Square Feet	Existing and Entitled as of 11/1/2-4-5	Remaining as of 11/1/2-4-5
MUC	130	0.5	20%	70%	568,451	1,989,580	1,469,375 1,570,434	520,205 419,146

- C. Development and redevelopment may incorporate either a horizontal or vertical mix of uses, typically locating higher activity uses such as retail, restaurant, or similar on the ground floor, and lower intensity uses such as professional office, residential, or similar above the ground floor.
- D. To encourage redevelopment of properties located east of Avenida Del Circo, south and west of Ringling Drive and north of Base Avenue, a conversion from non-residential land uses to residential use may be made on an equivalent dwelling unit basis of one (1) additional dwelling unit per 2,000 non-residential square feet resulting in a density greater than the current maximum of 13 units per acre, but a density that cannot exceed 32 units per acre.

Strategy LU-IS 1.1.4 - Mixed Use Airport (MUA)

The MUA within the Island Neighborhood comprises approximately 127 acres generally defined as including 400 feet along the south side of Airport Avenue, its western boundary aligned with the eastern right-of-way line of Shore Road, proceeding east to Approach Trail Venice Airport, and including approximately 860 feet along the eastern edge of the airport property, and as shown on the Future Land Use Map (see mixed use descriptions in the Future Land Use Element). The MUA recognizes the Venice Municipal Airport, Airport Master Plan and its proposed uses. The following shall apply when within the MUA designation:

- A. The maximum non-residential intensity for the overall area is calculated based on a FAR of 0.35 (designation-wide); 1.0 (for individual sites). The range of square footage permitted in the MUA is:

	Number of Acres	Area Wide FAR	Minimum Development %	Maximum Development %	Minimum Square Feet	Maximum Square Feet	Existing and Entitled as of 11/1/2-4-5	Remaining as of 11/1/2-4-5
MUA	127	0.35	NA	NA	NA	1,936,242	404,887 144,911	1,831,355 1,791,331

- B. Within the MUA designation, development and redevelopment shall be limited to those uses designated and defined within the Airport Master Plan as may be amended, including aeronautical, aeronautical support services, non-retail commercial, office, and limited light industrial; residential uses shall not be permitted.
- C. Uses within the MUA are subject to the adopted Airport Master Plan, Chapter 333, F.S., and the implementing Airport Zoning and Land Use Compatibility Standards.

- 857 residential units (single family detached, single family attached, multifamily/ condominium), and
- 1,718,203 square feet of non-residential uses (commercial, office, civic, professional).

ROW	74			887		
Total City Boundary	440			11,009		

Key Thoroughfares

The Gateway is developed around the historic railroad and waterways. Key roadways link the Neighborhood's commercial corridors, parks, community services, public facilities, and residential neighborhoods. These roadways include:

- Venice Bypass 41
- Business 41/Tamiami Trail
- E Venice Ave
- Albee Farm Road
- Seaboard Avenue

Unique Neighborhood Strategies

Land Use:

Strategy LU-GW 1.1.1 - Redevelopment

The City recognizes this Neighborhood is envisioned to support redevelopment efforts including both traditional and non-traditional (i.e., mixed-use) development. The City shall support redevelopment design in the Gateway Neighborhood to enhance its intrinsic natural, historic, and cultural characteristics. Redevelopment Strategies shall include but not be limited to the following:

- A. Consideration of Coastal High Hazard Area (CHHA)
- B. Strengthen neighborhood connections (multimodal) to the Island Neighborhood
- C. Encourage retail, service, office, limited light industrial, and residential through mixed-use development
- D. Encourage mixed-use development and development designs that support pedestrian-oriented uses; emphasis should be placed on the placement of buildings, construction of pedestrian facilities, placement of parking, and architectural designs that create active, attractive, and functional public spaces
- E. Require the installation of pedestrian realm features including but not limited to: street trees, street furniture/furnishings, and wayfinding signage
- F. Place utilities underground where feasible

Strategy LU-GW 1.1.2 - Mixed Use Seaboard (MUS)

The MUS comprises approximately 67 acres generally including the historically industrial Seaboard area along US Bypass 41 and East Venice Ave (see mixed-use descriptions in the Future Land Use Element). The following shall apply for the MUS designation within the Gateway Neighborhood.

- A. The minimum residential density is 9.1 dwelling units (DUs) per gross acre; the maximum residential density is 18.0 dwelling units (DUs) per gross acre. The range of dwelling units permitted in the MUS is:

	Number of Acres	DUs per Acre (Max)	Minimum Development %	Maximum Development %	Minimum DUs	Maximum DUs	Existing and Entitled as of 11/1/2-4-5	Remaining as of 11/1/2-4-5
MUS	67	18	10%	35%	121	422	0	422

- B. The maximum non-residential intensity for the overall area is calculated based on a FAR of 0.75 (designation-wide); 2.0 (for individual sites). The range of square footage permitted in the MUS is:

	Number of Acres	Area Wide FAR	Minimum Development %	Maximum Development %	Minimum Square Feet	Maximum Square Feet	Existing and Entitled as of 11/1/2-4-5	Remaining as of 11/1/2-4-5
MUS	67	0.75	65%	90%	1,422,779	1,970,001	931,474	1,038,527

- C. Development and redevelopment may incorporate either a horizontal or vertical mix of uses, typically locating higher activity uses such as retail, restaurant, or similar on the ground floor, and lower intensity uses such as professional office, residential, or similar above the ground floor.
- D. The City shall develop and maintain an inventory of all public facilities and properties to ensure that structures are safe, well maintained, and optimally utilized.
- E. The City shall identify, plan, and provide for the specific infrastructure needs of the Gateway Neighborhood such as stormwater and parking and develop a prioritization system based on project costs and benefit.

Strategy LU-GW 1.1.3 - Mixed Use Corridor (MUC)

The MUC within the Gateway Neighborhood comprises approximately 13 acres generally including two properties commonly known as Chung Property and Fisherman’s Wharf (see mixed use descriptions in the Future Land Use Element). The following shall apply for the MUC designation within the Gateway Neighborhood.

- A. The minimum residential density is 5.1 dwelling units (DUs) per gross acre; the maximum residential density is 13.0 dwelling units (DUs) per gross acre. The range of dwelling units permitted in the MUC is:

	Number of Acres	DUs per Acre (Max)	Minimum Development %	Maximum Development %	Minimum DUs	Maximum DUs	Existing and Entitled as of 11/1/2-4-5	Remaining as of 11/1/2-4-5
MUC	13	13	10%	75%	17	127	94	32

- B. The maximum non-residential intensity for the overall area is calculated based on a FAR of 0.50 (designation-wide); 1.0 (for individual sites). The range of square footage permitted in the MUC is:

	Number of Acres	Area Wide FAR	Minimum Development %	Maximum Development %	Minimum Square Feet	Maximum Square Feet	Existing and Entitled as of 11/1/2-4-5	Remaining as of 11/1/2-4-5
MUC	13	0.5	25%	90%	70,785	254,826	12,061	242,765

- C. Development and redevelopment may incorporate either a horizontal or vertical mix of uses, typically locating higher activity uses such as retail, restaurant, or similar on the ground floor, and lower intensity uses such as professional office, residential, or similar above the ground floor.

Strategy LU-GW 1.1.4 - Mixed Use Designations and Form Based Code

The City has identified that all mixed-use areas shall be implemented through Form Based Code. The implementing Code is intended to focus on the form of buildings rather than the land use; the physical character of buildings and the relationship of buildings to each other and to the street. Specific to the Gateway Neighborhood, characteristics shall include:

- A. Historic design (John Nolen Plan)
- B. Building Height
- C. Architecture
- D. Building form, massing, and setbacks
- E. Parking
- F. Mobility

Key Thoroughfares

The East Venice Avenue Neighborhood is generally developed along East Venice Avenue; however, it is also accessed by:

- US 41 Bypass
- Pinebrook Road
- Auburn Road

Unique Neighborhood Strategies

Land Use:

Strategy LU-EV 1.1.1 - Redevelopment

The City recognizes this Neighborhood is primarily developed with minimal opportunities for new development. The City supports the redevelopment of underutilized properties to encourage a diversity of non-residential uses capable of supporting the adjacent residential areas. In support of this Strategy, the

City shall utilize the land development regulations to require that redevelopment projects are consistent with the historical character of those portions of the East Venice Neighborhood (i.e., Edgewood, East Gate), specifically regarding:

- A. Historic grid street patterns established by the Nolen Plan,
- B. Building massing, form, layout, and setbacks.

Strategy LU-EV 1.1.2 - Mixed Use Residential

The MUR within the East Venice Avenue Neighborhood comprises approximately 58 acres generally including a mix of non-residential uses and adjacent, supporting residential uses centered on East Venice Avenue (see mixed use descriptions in the Future Land Use Element). The following shall apply for the MUR designation:

- A. The minimum residential density is 1.0; the maximum residential density is 5.0 dwelling units (DUs) per gross acre. The range of dwelling units permitted in the MUR is:

	Number of Acres	DUs per Acre (Max)	Minimum Development %	Maximum Development %	Minimum DUs	Maximum DUs	Existing and Entitled as of 11/1/2-4-5	Remaining as of 11/1/2-4-5
MUR	58	5	95%	100%	274	289 ^{*1}	438	-149

^{*1} = See LU 1.2.16.5 specific to those existing PUDs that exceed current MUR and PUD Code standards

- B. The maximum non-residential intensity for the overall area is calculated based on a FAR of 0.40 (designation-wide); 0.25 (for individual sites). The range of square footage permitted in the MUR is:

	Number of Acres	Area Wide FAR	Minimum Development %	Maximum Development %	Minimum Square Feet	Maximum Square Feet	Existing and Entitled as of 11/1/2-4-5	Remaining as of 11/1/2-4-5
MUR	58	0.40	0%	5%	0	50,328 ^{*1}	60,597	-10,269

^{*1} = See LU 1.2.16.5 specific to those existing PUDs that exceed current MUR and PUD Code standards

- C. Specific to Open Space, see LU 1.2.16.6.c.

Transportation:

Strategy TR-EV 1.1.3 - Complete Street Elements

Multimodal transportation improvements shall be designed in a context sensitive manner and incorporate appropriate complete street principles based upon the location of the improvement within the neighborhood. Specific complete street elements to be included on a particular street segment shall be subject to evaluation and approval on a segment by segment basis. Potential candidates for complete street principles include but are not limited to items identified by “x”.

Key Thoroughfares

The Pinebrook Neighborhood is generally developed along Pinebrook Road running in a north/south direction and includes other major thoroughfares:

- Albee Farm Road
- Auburn Road
- Edmondson Road

Unique Neighborhood Strategies

Land Use:

Strategy LU-PB 1.1.1 - Neighborhood Open Space Protection

The City shall require that functional and conservation open spaces within existing residential developments including those zoned Planned Unit Development (PUD) be protected from redevelopment and infill development which may negatively affect their use. Reduction and or elimination of open spaces developed consistent with the underlying PUD zoning shall not be supported by the City.

Strategy LU-PB 1.1.2 - Mixed Use Residential

The MUR within the Pinebrook Neighborhood comprises approximately 1,271 acres generally including residential areas west of I-75 and along Pinebrook Road (see mixed use descriptions in the Future Land Use Element). The following shall apply for the MUR designation:

- A. The minimum residential density is 1.0 dwelling units (DU's) per gross acre; maximum residential density is 5.0 DU's per gross acre. The range of dwelling units permitted in the MUR is:

	Number of Acres	DUs per Acre (Max)	Minimum Development %	Maximum Development %	Minimum DUs	Maximum DUs	Existing and Entitled as of 11/1/2-4-5	Remaining as of 11/1/2-4-5

- B. The maximum non-residential intensity for the overall area is calculated based on a FAR of 0.40 (designation-wide); 0.25 (for individual sites). The range of square footage permitted in the MUR is:

	Number of Acres	Area Wide FAR	Minimum Development %	Maximum Development %	Minimum Square Feet	Maximum Square Feet	Existing and Entitled as of 11/1/2-4-5	Remaining as of 11/1/2-4-5
MUR	1,271	0.40	0%	5%	0	1,107,656	82,640	1,025,016

- C. Specific to Open Space, see LU 1.2.16.6.c.

Transportation:

Strategy TR-PB 1.1.3 - Complete Street Elements

Multimodal transportation improvements shall be designed in a context sensitive manner and incorporate appropriate complete street principles based upon the location of the improvement within the neighborhood. Specific complete street elements to be included on a particular street segment shall be subject to evaluation and approval on a segment by segment basis. Potential candidates for complete street principles include but are not limited to items identified by “x”.

ROW	31			887		
Total City Boundary	496			11,009		

Key Thoroughfares

The roadway network is generally limited due to the I-75 interchange and overall lack of development at this time. The primary roadways (thoroughfares) include:

- Pinebrook Road
- Honore Avenue
- Laurel Road
- I-75
- Knights Trail Road

Unique Neighborhood Strategies

Land Use:

Strategy LU-LR 1.1.1 - Mixed Use Corridor (MUC)

The MUC within the Laurel Road Neighborhood comprises approximately 317 acres generally including property along Laurel Road at the I-75 interchange (see mixed-use descriptions in the Future Land Use Element). The following shall apply for the MUC designation:

- A. The minimum residential density is 5.1; the maximum residential density is 13.0 dwelling units (DUs) per gross acre. The range of dwelling units permitted in the MUC is:

	Number of Acres	DUs per Acre (Max)	Minimum Development %	Maximum Development %	Minimum DUs	Maximum DUs	Existing and Entitled as of 11/1/2-4-5	Remaining as of 11/1/2-4-5
MUC	317 <u>252</u>	13	10%	50%	442 <u>328</u>	2,061 1,638	<u>1,208</u> <u>943</u>	<u>853</u> <u>695</u>

- B. The maximum non-residential intensity for the overall area is calculated based on a FAR of 0.50 (designation-wide); 1.0 (for individual sites), except for properties zoned Planned Public Hospital (PPH) which shall be 3.0. The range of square footage permitted in the MUC is:

	Number of Acres	Area Wide FAR	Minimum Development %	Maximum Development %	Minimum Square Feet	Maximum Square Feet	Existing and Entitled as of 11/1/2-4-5	Remaining as of 11/1/2-4-5
MUC	252	0.50	50%	90%	2,739,455 2,744,280	4,931,018 4,939,704	<u>706,492</u> <u>893,716</u>	<u>4,224,526</u> <u>4,045,988</u>
PPH	65	3.0*	50%	90%	4,276,052	7,696,894 8,494,200	2,850,566	<u>4,846,328</u> <u>5,643,634</u>

- C. For properties zoned ILW or PID with existing industrial uses prior to the adoption of the new Land Development Regulations through Ordinance No. 2022-15, such uses may be maintained and expanded. No new industrial uses may occur on these properties.

Strategy LU-LR 1.1.2 - Horizontal Mixed-Use

Horizontal and vertical mixed-use developments shall be encouraged in the Laurel Road Neighborhood. Due to the nature of the Neighborhood, the City supports primarily horizontal mixed-use as an alternative form of development; conventional, suburban-style development with increased building setbacks.

Strategy LU-LR 1.1.3 - Multifamily Focus

The City shall promote mixed-use to provide a variety of housing within this Neighborhood based on existing and proposed employment opportunities, existing and proposed transportation resources including transit and the availability of public infrastructure.

ROW	101			887		
Total City Boundary	2,922			11,009		

Key Thoroughfares

The Northeast Neighborhood is generally developed along three main thoroughfares as follows:

- Laurel Road
- Border Road
- Jacaranda Boulevard

Both Laurel Road and Jacaranda Boulevard provide access to I-75.

Unique Neighborhood Strategies

Land Use

Strategy LU-NE 1.1.1 - Mixed Use Residential

The MUR within the Northeast Neighborhood comprises approximately 2,648 acres generally including residential areas east of I-75 and along Laurel Rd (see mixed use descriptions in the Future Land Use Element). The following shall apply for the MUR designation:

- A. The minimum residential density is 1.0; the maximum residential density is 5.0 dwelling units (DUs) per gross acre. The range of dwelling units permitted in the MUR is:

	Number of Acres	DUs per Acre (Max)	Minimum Development %	Maximum Development %	Minimum DUs	Maximum DUs	Existing and Entitled as of 11/1/2-4-5	Remaining as of 11/1/2-4-5
MUR	2,648	5	95%	100%	12,577	13,239	6,968	6,271

- B. The maximum non-residential intensity for the overall area is calculated based on a FAR of 0.40 (designation-wide); 0.5 (for individual sites). The range of square footage permitted in the MUR is:

	Number of Acres	Area Wide FAR	Minimum Development %	Maximum Development %	Minimum Square Feet	Maximum Square Feet	Existing and Entitled as of 11/1/2-4-5	Remaining as of 11/1/2-4-5
MUR	2,648	0.40	0%	5%	0	2,306,763	999,920	1,306,844

- C. Specific to Open Space, see LU 1.2.16.6.c.

Strategy LU-NE 1.1.2 - Co-Location of Uses

The City shall promote the co-location of parks and community facilities within this Neighborhood to support community interaction, enhance neighborhood identity, and leverage limited resources.

Transportation

Strategy TR-NE 1.1.3 - Complete Street Elements

Multimodal transportation improvements shall be designed in a context sensitive manner and incorporate appropriate complete street principles based upon the location of the improvement within the neighborhood. Specific complete street elements to be included on a particular street segment shall be subject to evaluation and approval on a segment by segment basis. Potential candidates for complete streets principles include but are not limited to items identified by "x":

ROW	31			887		
Total City Boundary	1,350			11,009		

Key thoroughfares

The Knights Trail is generally developed along these thoroughfares:

- Knights Trail Road
- Laurel Road East of I-75

Note: Laurel Road provides access to Interstate 75 for this Neighborhood. Sarasota County has identified an extension of Knights Trail Road to the north providing a future, additional access to this area.

Unique Neighborhood Strategies

Land Use

Strategy LU-KT 1.1.1 - Mixed Use Corridor

The MUC within the Knights Trail Neighborhood comprises approximately 169 acres generally including property along Knights Trail Road (see mixed use descriptions in the Future Land Use Element). The following shall apply for the MUC designation within the Knights Trail Neighborhood:

- A. The minimum residential density is 5.1; the maximum residential density is 13.0 dwelling units (DUs) per gross acre. The range of dwelling units permitted in the MUC is:

	Number of Acres	DUs per Acre (Max)	Minimum Development %	Maximum Development %	Minimum DUs	Maximum DUs	Existing and Entitled as of 11/1/24-5	Remaining as of 11/1/24-5
MUC	169	13	20%	80%	439	1,758	1,718	40

- B. The maximum non-residential intensity for the overall area is calculated based on a FAR of 0.50 (designation-wide); 1.0 (for individual sites). The range of square footage permitted in the MUC is:

	Number of Acres	Area Wide FAR	Minimum Development %	Maximum Development %	Minimum Square Feet	Maximum Square Feet	Existing and Entitled as of 11/1/24-5	Remaining as of 11/1/24-5
MUC	169	0.50	20%	80%	736,164	2,944,656	456,685	2,487,971 <u>2,944,656</u>

- C. Industrial uses are not permitted within the MUC.

Strategy LU-KT 1.1.2 - Industrial Lands - Existing

- A. The City shall protect the existing industrial land uses and properties within this Neighborhood to provide the City and region with a diverse economic base.
- B. The City, through the Land Development Code and development review processes shall provide standards to mitigate the potential adverse impacts created by industrial uses through a variety of measures, including buffering, site planning and design, environmental controls, and performance standards.

Strategy LU-KT 1.1.3 - Industrial Lands - Future

The City shall identify additional lands (which may include Joint Planning Areas), suitable for the development of light industrial and similar uses allowing for the expansion of the City’s economic and employment base strengthening Venice’s employment opportunities.

Strategy LU-KT 1.1.4 - Non-Industrial Uses

The City shall discourage retail uses in Industrial land use designations and zoning districts as a principal use to maintain and protect viable industrial areas. This Strategy does not preclude providing supporting retail, office, open space and other non-industrial uses which are determined to be accessory and necessary to support the industrial use (i.e., child care).

Strategy LU-KT 1.1.5 - Housing

Due to the nature of the Neighborhood and the adjacent residential opportunities in both the Laurel Road and Northeast Venice Neighborhoods, the City does not support the conversion of non-residential lands for residential uses.

Strategy LU-KT 1.1.6 – Mixed Use Residential

The MUR within the Knights Trail Neighborhood comprises approximately 318 acres generally including residential areas east of I-75 and along Rustic Rd and Ranch Rd (see mixed use descriptions in the Future Land Use Element). The following shall apply for the MUR designation:

- A. The minimum residential density is 1.0; the maximum residential density is 3.85 dwelling units (DUs) per gross acre. The range of dwelling units permitted in the MUR is:

	Number of Acres	DUs per Acre (Max)	Minimum Development %	Maximum Development %	Minimum DUs	Maximum DUs	Existing and Entitled as of 11/1/2-4-5	Remaining as of 11/1/2-4-5
MUR	318	3.85	95%	100%	1,163	1,224	1,003	221

- B. The maximum non-residential intensity for the overall area is calculated based on a FAR of 0.10 (designation-wide); 0.5 (for individual sites). The range of square footage permitted in the MUR is:

	Number of Acres	Area Wide FAR	Minimum Development %	Maximum Development %	Minimum Square Feet	Maximum Square Feet	Existing and Entitled as of 11/1/2-4-5	Remaining as of 11/1/2-4-5
MUR	318	0.10	0%	5%	0	69,260	13,014	56,246

- C. Specific to Open Space, see LU 1.2.16.6.c.

- D. The maximum number of PM Peak Hour trips for the Mixed Use Residential within the Knights Trail Area shall not exceed 785 PM Peak Hour trips.

Strategy LU-KT 1.1.7 – Mixed Use Transitional

The MUT within the Knights Trail Neighborhood comprises approximately 214 acres generally located west of Knights Trail Road and south of Rustic Road (see mixed use descriptions in the Future Land Use Element). The following shall apply for the MUT designation:

- A. The minimum residential density is 5.1; the maximum residential density is 9.0 dwelling units (DUs) per gross acre. The range of dwelling units permitted in the MUT is:

	Number of Acres	DUs per Acre (Max)	Minimum Development %	Maximum Development %	Minimum DUs	Maximum DUs	Existing and Entitled as of 11/1/2-4-5	Remaining as of 11/1/2-4-5
MUT	214	9.0	10%	70%	193	1,348	1	1,347

- B. The maximum non-residential intensity for the overall area is calculated based on a FAR of 0.10 (designation-wide); 0.5 (for individual sites). The range of square footage permitted in the MUR is:

	Number of Acres	Area Wide FAR	Minimum Development %	Maximum Development %	Minimum Square Feet	Maximum Square Feet	Existing and Entitled as of 11/1/2-4-5	Remaining as of 11/1/2-4-5
MUT	214	0.50	30%	90%	1,398,276	4,194,828	0	4,194,828

Transportation

Strategy TR-KT 1.1.6 - Complete Street Elements

Multimodal transportation improvements shall be designed in a context sensitive manner and incorporate appropriate complete street principles based upon the location of the improvement within the neighborhood. Specific complete streets elements to be included on a particular street segment shall be subject to evaluation and approval on a segment by segment basis. Potential candidates for complete streets principles include but are not limited to Items identified by “x”:
