### TREE INFORMATION

Property Address 1308 Laurel Avenue, Venice, FL Property Type ☒ Private ☐ City  
Tree Species Live Oak 34285

**Venetian Trees** are defined in Code Sec. 118-4, as: **A tree of a native or non-native species, that has significance, desirability, or utility to the community.**

Provide a brief description of the tree and why you feel it qualifies as a Venetian Tree:

This beautiful tree qualifies as a heritage tree due to its size and age. It was most likely planted when the house was built in 1957. It's canopy is magnificent and provides a home for screech owls, blue jays, woodpeckers, squirrels and more. On a daily basis this tree is full of life throughout its branches and provides an enormous shade canopy.

Signature S. Gentrup This tree is why we purchased our home.

### CONSENT OF PROPERTY OWNERS UNDER THE NOMINATED TREE CANOPY
