☐ Yes ☒ No

### Why are you interested in serving on a board, commission or City Council?

---

I am very interested in serving on the Student Advisory Board to the City of Venice government for many reasons. First, I have been a very active member in the community since I have moved here in 2020, as soon as I moved here I knew I wanted to be involved in this great community. I have been involved as a Student Government representative at Venice High School for two years now, as an SGA member I have a commitment to helping the members of my school and the community of Venice. As a SGA representative and science/ Spanish honor society member I have been involved at activities such as volunteering at a special care home for the elderly, beach and forest cleanups, and raising money and campaigning for local charities. I would love to further my commitment to this community by joining the student advisory board and help to improve our community by giving a students option on changes needed. Secondly, I have many ideas of the problems and solutions that should be put in place for the youth in our community and I would generate real change. Some of these ideas include, a town job fair for local, state, and national companies to improve youth knowledge of the job market. Additionally, I would love to have a town fair completely organized and staffed by students who need volunteer hours or want to help out with our community events. These are just some of the great ideas that I would bring forth as a student advisory member. Lastly, I am a very organized and well rounded student, as a student advisory member I would be very organized and able to attend and be preferred for all meetings and events that I am needed to attend as well as additional events where help is needed. I would love to be a student advisory board member and create real change in the community, thank you for considering my application.
