We are opposed to the Barsuk Hotel.

It will add to the congestion, bring safety concerns, lower our home values and the lot is too small to adequately handle all the parking and road issues. It will look crammed in as well as cause extensive neighborhood problems!

I'm a homeowner on Golf Drive which runs parallel to the proposed site of this hotel.

I'm vehemently opposed to having more traffic racing down Golf Drive ,which happens on a daily basis because of the high school using our street as their personal speedway. A hotel will only add to the danger of speeding cars.

We are a quiet , respectful, blue collar neighborhood of families and retirees.

We do NOT need to have a hotel destroy our little community with more congestion, more people, more traffic , more litter , more noise, more lights from an imposing building which will ruin our night skies, more pollution etc. etc.

Please city council. Please pay attention to the people that live here. The ones that voted for you. The ones that would like to see controlled growth in a commercial setting, not our residential backyard.

Sincerely,

Claire MacFayden

Please, please, please reconsider zoning changes regarding this property! We in the neighborhood are concerned with increased traffic & noise. Also it's across the street from one story residential homes.
