**Permit # 0124807-202**

Dear Mr. Peshkin:

This acknowledges receipt of a certified request for the approval of the Toscana Isles Unit II, Phase 7 service area based on review of supporting documentation and certified record drawings received on March 26, 2021. The requested final certification and approval is for the installed 3,720-LF of 8-inch PVC water main; 36-LF of 6-inch PVC water main; 4-LF of 12-inch PVC water main, 4-hydrants, 4-valves, and associated appurtenances. This project was approved for construction under the county permit tracking system number described above, issued on March 26, 2018.

Your engineer of record has certified that the subject facilities have been completed to the full extent of the approved plans and specifications. These facilities were cleared bacteriologically in accordance with Rule 62-555.345 Florida Administrative Code with submission of satisfactory bacteriological samples. Bacts and pressure testing results meet DOH and DEP requirements.

Based on this information, we are issuing this letter of release to place into service the water for the subject facility. Changes in applicable laws and regulations with affect operating procedures and/or quality standards must be complied with. In addition, we wish to call your attention to the requirements that no sanitary hazards, regardless of how slight, shall be placed within 100 feet of public water supply well and under certain circumstances, this distance can be increased.

Should you have any questions, please contact me at 228-7344.

Sincerely,  
OFFICE OF ENVIRONMENTAL HEALTH

Paul B. Penumudi, P.E.
