Dear Council Members,

In the meetings for The Woods, Mr. Jeff Boone told the adjacent neighbors that their wells and septic systems were bad for the environment. I say listen to him and make them hook up to City Water. I have a business in the City Of Venice and I am hooked up to the City. I see some major double standards here.

Vote the right way!!!

Dear Venice City Council members,

I sincerely hope that you are not intimidated by this law firm trying to have its cake and eat it too. The Boone, Boone and Boone law firm deserves no special favors from city council, after the way it treats truly affected parties in the community in similar issues. Stand firm, make an example, and for God sake, no more extensions.

Thank you,  
Kevin Barton
