Venice Service District Park Impact Fee Request

Legacy Park Playground and Demonstration Garden Construction

---

### **Background:**

As part of the approved Management Plan for Legacy Park, a shaded train-themed playground and demonstration garden are planned for construction. The City recently received notice that the FRDAP Grant request for \$50,000 to construction a portion of the playground has been approved. In order to complete these outstanding items and complete the Management Plan requirements, staff recommends requesting \$85,000 in Venice Service District Park Impact Fees from Sarasota County to complete the total required funding of \$135,000. As shown in the attached documentation, additional funding from Sarasota County outside Venice Service District Park Impact Fees is not anticipated.

### **Request Action:**

Approval to Request \$85,000 in City of Venice Park Facility District Fund to Supplement FRDAP Grant approved Funds to Construct Playground and Demonstration Garden at Legacy Park in Fiscal Year 2017.
