Florida Recreation Development Assistance Program Grant Application
Resolution – Service Club Park Boardwalk

Background:

Florida Recreation Development Assistance Program (FRDAP) provides grant funds for acquisition or development of land for public outdoor recreation use. Staff would like to submit an application for FRDAP grant assistance to provide funds to construct the Service Club Boardwalk in the amount of \$50,000. Historically, all grant requests in the amount of \$50,000 and below have been funded in the grant cycle for the past three years. Grants of higher dollar amounts are limited to only a few awards per year. Remaining funds to construct the boardwalk are included in the proposed Fiscal Year 2017 budget. Staff recommends approval of the attached resolution.

Request Action:

Motion to approve and adopt Resolution No. 2016-25 to approve application for \$50,000 in Florida Recreation Development Assistance Program funds to supplement the proposed budget funds to construct the boardwalk at Service Club Park.

Cc: Brendalee Westlake, Grants Coordinator
