

**City of Venice  
Planning & Zoning Department**

**MEMORANDUM**

**TO: Planning Commission Members**

**FROM: Jeff Shrum, Development Services Director**

**SUBJECT: Comprehensive Plan Update Discussion – Draft Updated Review of Current Comprehensive Plan**

**DATE: September 27, 2016**

---

Included in the packet is a full version of current/existing comprehensive plan that has been **color coded** to indicate recommended action on current Plan language transitioning toward a revised Plan. The following color coding should be used for the purpose of reviewing this document:

Text recommended to be retained (no highlight)

Text recommended to be amended (yellow)

Text recommended to be removed (red)

Text still under consideration for action (may show up as a lighter purple/pink depending on printer)

Also attached is a summary table to show more specifically the goals, objectives, and policies by element and which type of issue has been identified for example, GM Change (changes in state law). I should emphasize that this will continue to be a moving target until a completed draft plan is transmitted to City Council. As a result, I anticipate at least one more version of this document. Nevertheless, the information is helpful in understanding where we are currently at from a standpoint of the current plan transitioning to the new plan and is a helpful tool.
