The amount(s) of liquidated damages together with the additional costs for inspection and supervision occasioned by the Contractor's delay will be deducted and retained out of the monies payable to the Contractor. If not so deducted, the Contractor and sureties for the Contractor shall be liable

therefore. The amount of liquidated damages to be assessed for each calendar day that Substantial Completion for each individual Work Assignment is delayed beyond the required date of Substantial Completion shall be **negotiated at the time of the Work Assignment between the Administrative Agent and the Contractor**. The amount of liquidated damages to be assessed for each calendar day that Final Acceptance for each individual Work Assignment is delayed beyond the required date of Final Acceptance shall be **25% of the Substantial Completion amount**.

The amount(s) of liquidated damages together with the additional costs for inspection and supervision occasioned by the Contractor's delay will be deducted and retained out of the monies payable to the Contractor. If not so deducted, the Contractor and sureties for the Contractor shall be liable

therefore. The amount of liquidated damages to be assessed for each calendar day that Substantial Completion for each individual Work Assignment is delayed beyond the required date of Substantial Completion shall be **negotiated at the time of the Work Assignment between the Administrative Agent and the Contractor.** The amount of liquidated damages to be assessed for each calendar day that Final Acceptance for each individual Work Assignment is delayed beyond the required date of Final Acceptance shall be **25% of the Substantial Completion amount.**
