Subject:
Recommendation of Award
City of Venice RO WTP Clearwell Interior Improvements
Bid Number: ITB 3060-17

Dear Mr. Wierzbicki,

In accordance with the provisions in the Instructions to Bidders for the City of Venice RO Water Treatment Plant Clearwell Interior Improvements project, three bids were received, opened and read out loud on April 19, 2017 at the Community Hall in City Hall. The complete list of bidders and total bid prices is included in Attachment A.

We have completed a review of the proposals submitted by all bidders. Our review of the bids was based on responsiveness to bidding procedures and all requested information being provided as required by the Contract Documents. A proposal evaluation checklist for the bidders is included in Attachment B. A more thorough review and evaluation of the bid was completed for the low bidder, TLC Diversified, Inc.

TLC Diversified, Inc.

TLC Diversified Inc. is the low bidder with a total bid price of \$824,600.00. Their bid was above the design construction cost estimate primarily due to Bid Item No. 8 (Clearwell draining, clearing, disinfection) not being included in the original estimate. All other unit price items are in line with expected costs. As such, Arcadis has determined that TLC Diversified, Inc.'s estimate is appropriate for the proposed work.

We also reviewed the required documents, which were attached to TLC Diversified, Inc.'s bid, including the bidder qualification statement, acknowledgment of addenda, bid bond, local Preference form, list of references, and various certification forms (see Attachment B for details). All required documentation was satisfactorily completed and included with their bid.

Arcadis contacted Dalas Lamberson (Vice-President) from TLC Diversified, Inc. to gather additional information on their bid. Mr. Lamberson assured us that they are comfortable with and understand the scope of work, including schedule, phasing and shutdown requirements. He noted that local crews (Sarasota and Charlotte Counties) will be assigned to this project and all are confined space entry certified (as required for work within the clearwells). He noted they have recently completed a concrete tank interior repair and coating project of similar size for St. Petersburg, FL. TLC Diversified, Inc. is confident they can complete all the work within the stipulated contract time. They noted they will be happy to work with and accommodate specific needs the City might have.

TLC Diversified, Inc. provided the list of proposed subcontractors to be used on this project (see Attachment C). They are planning to use Crowther Roofing (roofing repair) and Exceletech Coatings (coatings). TLC Diversified, Inc. indicated they have thoroughly vetted the qualifications of their listed subcontractors and are confident with their selections and ability to perform the work required. Crowther Roofing was the contractor who installed the roofing on the RO WTP clearwell under the Odor Control Improvements project. They are a certified installer for Firestone and are qualified to complete the roofing repair work. This will ensure the existing extended roof warranty from Firestone is maintained, as the Firestone warranty requires that a certified installer be used for any work on the roof. Crowther Roofing also had provided an extended warranty on the roofing, which will be maintained if they complete the roofing repair work required under this project.

After the bid opening, Arcadis contacted references for similar projects that were submitted with the bid package. All contacted references were satisfied with the work performed by TLC Diversified, Inc. and would recommend them for future work. Work was generally completed on time and on budget. Arcadis has worked with TLC Diversified, Inc. on two recent projects with Pinellas County. Work on both projects has been good and the County has been satisfied with the work completed to date. In addition, TLC Diversified, Inc. is working on the High Service Pump Replacement project at the City's RO WTP and had previously worked on installing the disc filters at the City's Eastside Water Reclamation Facility. TLC Diversified, Inc. has generally performed well on both City of Venice projects.

Our investigation determined that TLC Diversified, Inc. is a responsible local Contractor with good experience and is capable of performing the work required for this project. Their proposed subcontractors also have the necessary qualifications and experience to complete this type of specialized work.

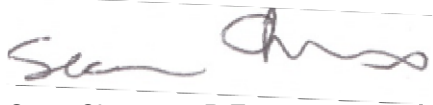

Recommendation

Contingent upon satisfactory review by the City and based on the submitted information, Arcadis recommends that the City award a contract in the amount of eight-hundred twenty-four thousand six hundred dollars (\$824,600.00) to TLC Diversified, Inc. for the City of Venice RO WTP Clearwell Interior Improvements project. The review of the proposal shows them to be the lowest responsive and responsible bidder to complete the work as specified and indicated in the Contract Documents.

If additional information is needed, please feel free to contact us.

Sincerely,

ARCADIS U.S., Inc.
