**Re:** Addendum Memo: Planning Commission Transmittal to City Council: City of Venice 2017-2027 Comprehensive Plan

---

As part of the transmittal package I have been working with our consultant Kimley-Horn & Associates to provide an informational matrix for use by the state planning agency (Department of Economic Opportunity DEO) and other state agencies in their review of our comprehensive plan submittal. The purpose of this supplemental review tool (matrix) is to help the state reviewing agencies understand which specific sections of the City's proposed comprehensive plan satisfy which state law requirement. Unfortunately, the nature of all of the information needed on this table results in a format that is in a very large print size (page sheet sizes of 24x36 inches) making hard copies very difficult to be produced. I am requesting the matrix in the agenda packet be included as part of the overall transmittal package to DEO as a supplemental review tool.
