Greetings,

As a resident of Milano and in light of all the development in Venice I would like your comments on actions planned to maintain potable water availability and water quality for the next 20 years.

Regards,

**Subject:** Fox Lea Subdivision

Yo whom it may concern,

I am emailing you in regards to the meeting for the new Fox Lea subdivision in Venice. I own a home in Waterford and feel that there are too many new subdivision going up in the area. We need to preserve the wildlife areas and undeveloped land. There are far too many people in this small area as it is at this time.

Thank you for your time.

Best regards,  
Tammy Romme

Greetings,

We received the notice about Neal Communities PUD application.

We're in NY now so I can't look at the map on file.

I would like the town and Neal to consider that a portion of the proposed area be zoned commercial for the construction of a retail strip mall across from the existing Milano development.

Best Regards,
