Subject: City of Venice Adopt a Park.....December 12 agenda Item

Please place on the December 12 Agendanew Business

City of Venice Adopt a Park

Overview:

Some of our city owned county operated parks have been adopted using the county adoption process. The majority of our parks are small pocket parks owned and operated by the city. Many residents have expressed interest in adopting a park to help with the care and maintenance. The problem with this adoption request is that the City does not have its own adoption plan. There are about 30 City owned and operated parks that could use additional help in this type of maintenance. The Master Parks review process suggested this action as another method for saving additional resources and have better maintained parks with less cost to the taxpayers.

Proposed Action;

To direct staff to develop an City adoption plan by 1st quarter 2018.

Regards,
Councilman Bob Daniels
City Of Venice , Florida
