

CITY MANAGER'S REPORT

AGENDA ITEM REQUEST

UTILITIES DEPARTMENT

DATE: December 22, 2017

TO: Ed Lavallee, City Manager

FROM: Javier Vargas, Utilities Director

COUNCIL DATE: January 9, 2018

SUBJECT: Water Main Replacement Program, Phase 6
King Engineering Associates, Inc. WA No. 2016-01

Background:

In 2012, the City commenced with design of Phase 1 of a multi-phase program to replace cast iron water mains located in rear property easements with new water mains located in public rights-of-way in the front of properties. This will allow City staff proper operation and maintenance access for the water mains, associated service lines and meters.

The Utilities Department is now recommending proceeding with the design and related services for Phase 6 which includes the installation of approximately 7,500 lineal feet (lf) of new water main and associated service connections within the project area, and the abandonment of all rear lot water mains. The Phase 6 area, is roughly bounded by Narvaezi Street to the north, Park Boulevard (North and South) to the west, Armada Road to the south and Nassau Street to the east. This work assignment includes performing design services, bidding, permitting, construction phase services and obtaining water service meter agreements from the necessary property owners.

Requested Action:

The Utilities Department requests Council's execution of King Engineering Associates, Inc., Work Assignment No. 2016-01, Water Main Replacement Program, Phase 6, in the amount of \$353,290.00.

City Attorney Review:

The City Attorney has reviewed this document and finds it to be acceptable.
